2026 MULTILINGUAL LEARNERS:

A COLLABORATIVE APPROACH TO SUCCESS

Join us this summer in Westminster for a **FREE** two-day conference to learn resources and strategies to support Multilingual Learners (MLs) in the special education process. Participants will explore best practices for conducting thorough and appropriate evaluations and delivering targeted instruction that meets each student's unique needs.

This is is a great opportunity for educators working with MLs, including Speech-Language Pathologists, School-Based Mental Health Professionals, English Language Development Teachers, Special Education Generalists, reading teachers, interventionists,, school and district administrators, and other related professionals.

Participants who attend both days and complete an action plan will receive a certificate for 6.0 CDE Special Education and Behavioral Health hours and 6.0 EL PD recertification hours. **Register here.**
