

CHLOE KNESTRICK

SELF-DIRECTED LEARNER

About Me

My name is Chloe. I am a Junior at Norwalk High school, and I was born and raised in Norwalk, Connecticut. I have 2 older brothers, and I love animals and plants. I have two dogs, three snails, and a cat. A goal I have as of this year is to continue to get good grades and to get my drivers license. I'm not sure exactly what I want to do; however, I hope to go to college after high school. I enjoy working out, hanging out with my friends, and trying new things.

I am a Self-Directed Learner when I...

A time that I reflected being a self directed learner was last year in my geometry math class. I was struggling a lot with understanding the topics we were learning. Instead of giving up or waiting to ask my teacher for help, I went home and used my resources like Khan Academy and You Tube videos to help me understand my homework. This showed how I solved my problem on my own and didn't wait for someone else to help me.

"It always seems impossible until it's done." - Nelson Mandela
