Curriculum & Instruction Update

April 8, 2026

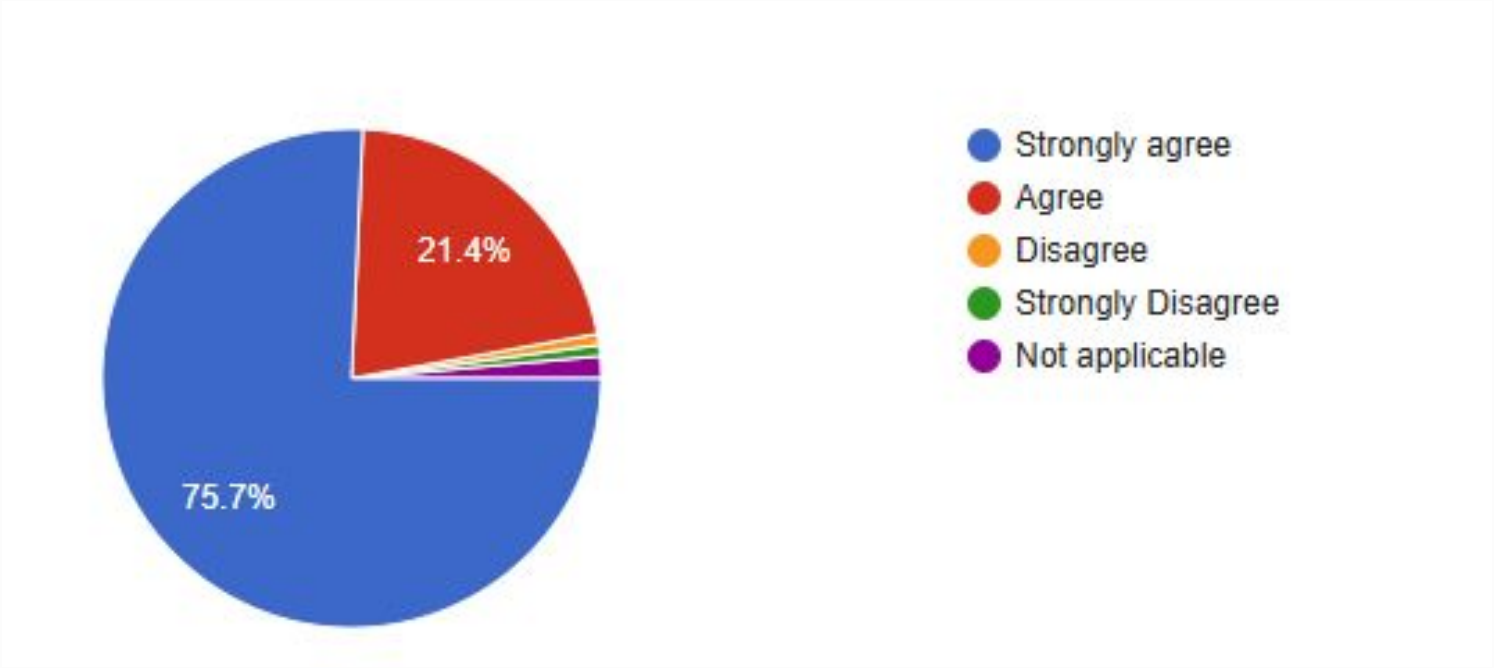

I Day

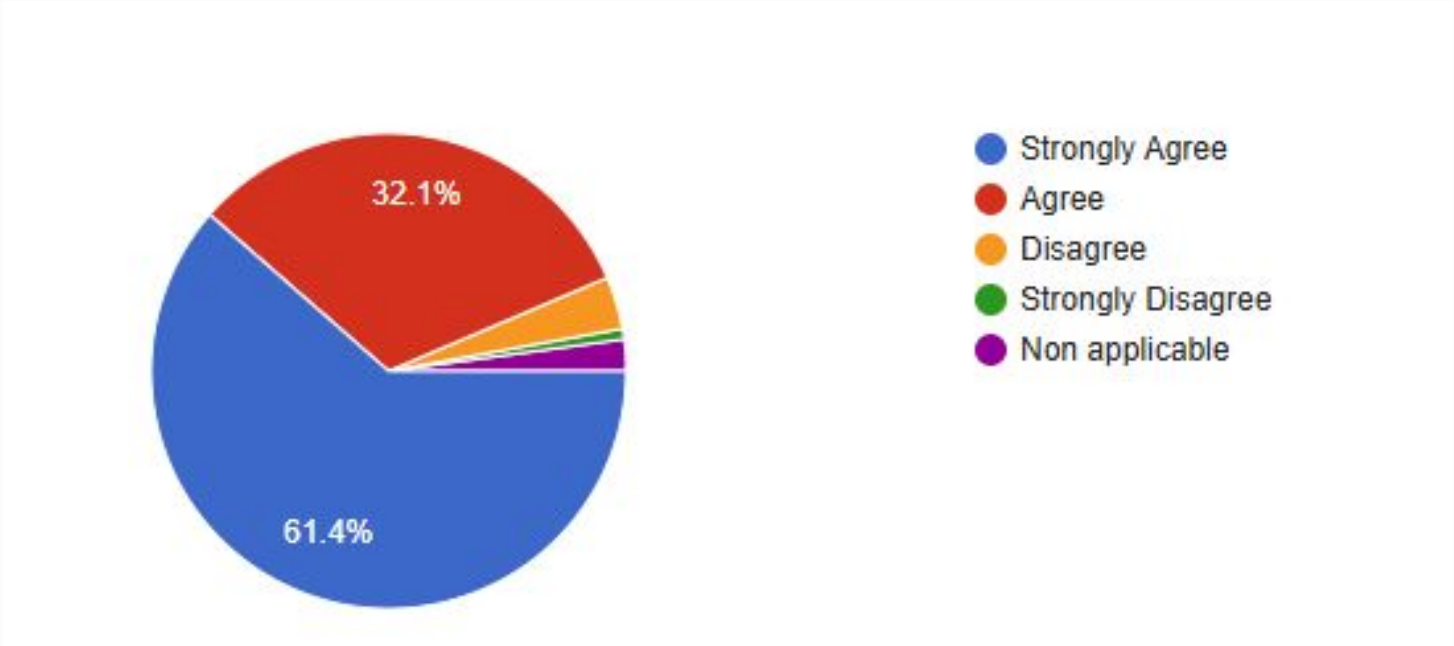

March 16, 2026

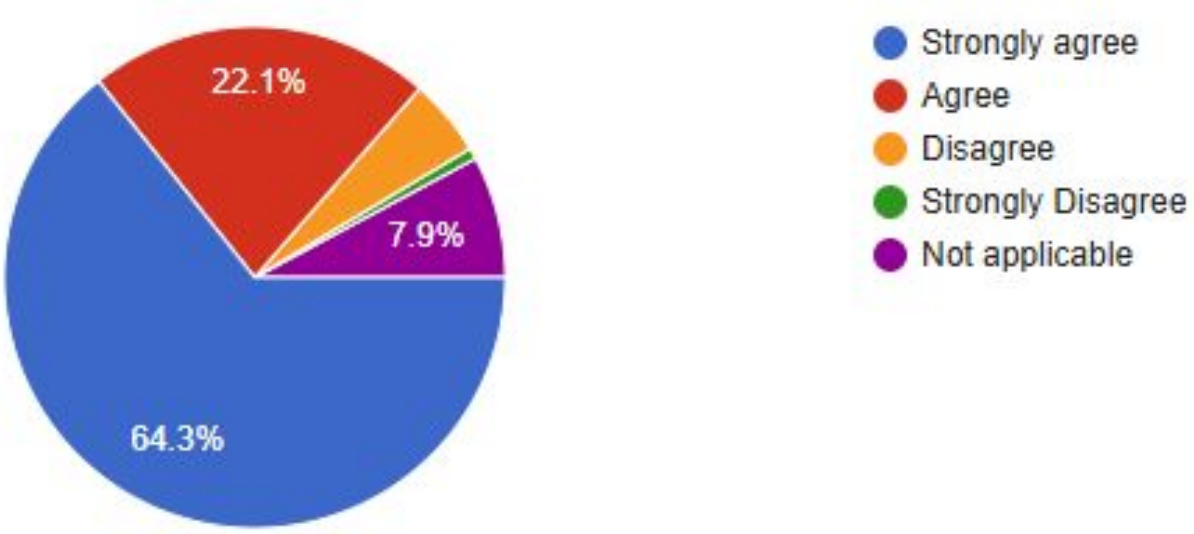

Was the morning session well prepared?

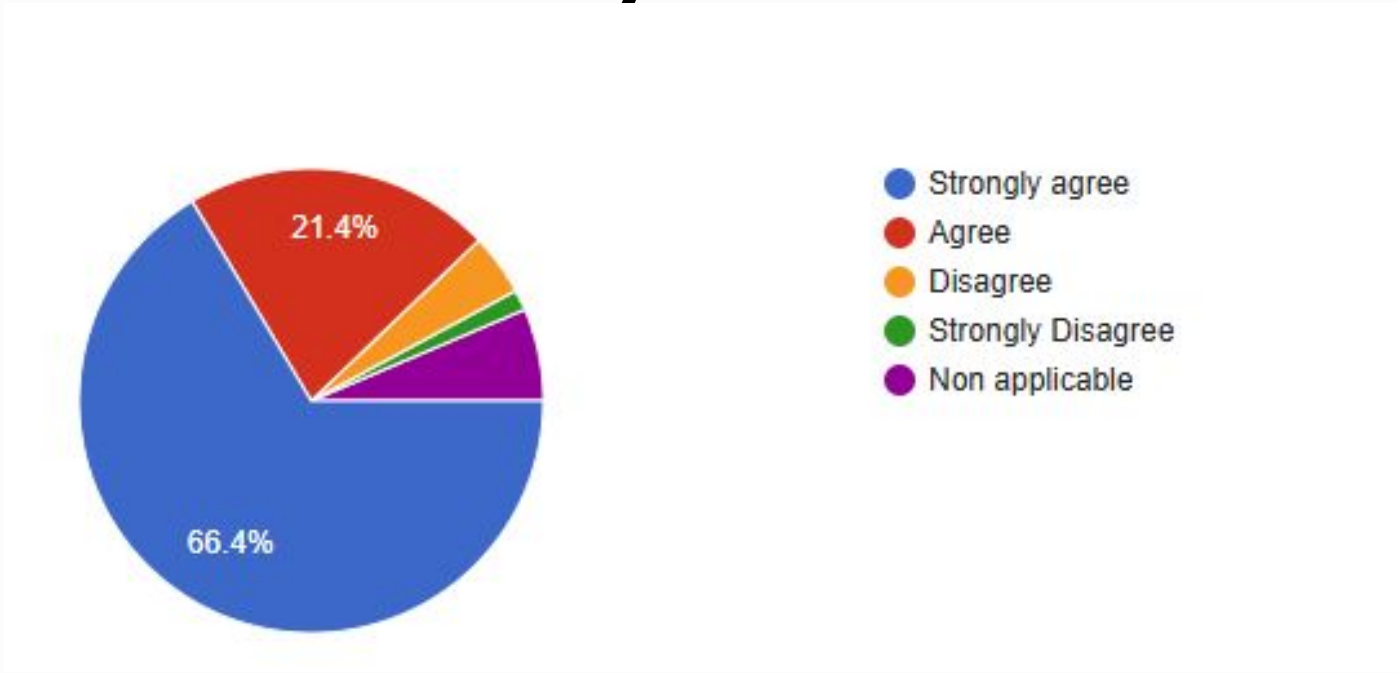

Was the morning session valuable to you?

Was the afternoon session well prepared/thought out?

Was the afternoon session valuable to you?

What do staff want more of?

- TIME!
- District wide collaboration
- Behavior strategies
- AI
- Continued support with writing instruction

Pilot Update

Middle School ELA

My Perspectives

High student engagement
Collaboration opportunities
Some navigation issues
Assessment accommodation concerns

Common Lit 360

High student engagement
Collaboration opportunities
Assessments are well aligned
Still learning parts of the platform

Elementary ELA Update

Magnetic Foundations & Magnetic Reading have a new, updated version called Magnetic Literacy

- Fully integrated literacy program
- Routines are supportive of building knowledge and critical thinking
- Highly engaging texts
- A few platform concerns

What next?

- Complete pilot and collect teacher feedback
- Meet with pilot teams to debrief
- Come together with IMAC to share data and make recommendation
- Present recommendation to the board on May 6
- Materials continue on display for review
- Final recommendation to the board on May 20

What questions do you have?
