Rising 10th Grade: Course Selection Progress Instructions

As a sophomore, you will have a full schedule of 8 credits.

Required Courses:

Math	1 credit
English	1 credit
Civics or AP Government	1 credit
Biology	1 credit
PE (.25) & Drivers Education (.25)	0.5 credit

Total Required Credits = 4.5 (out of 8 total credits)

Course Recommendations for CORE classes:
Your current-year core (English, Social Studies, Math, and Science) teacher will recommend you for the level (AP, Honors, CP, or Applied) of instruction for HS core classes. In addition, we provide supplemental learning support classes for students receiving Special Education services to ensure that individual needs are met, students receive the appropriate supports, and they are educated in the most suitable learning environment in accordance with their Individualized Education Program (IEP)

*Students should conference with their current subject area teacher/ team regarding their level.
*If you disagree with your core course recommendations, you can participate in the Parent Review process

Elective Courses:
An additional 3.5 elective credits must be selected to create a full schedule. This could be a combination of 1 and .5 credits of electives.

Rising 10th Grade: Frequently Asked Questions (FAQ)

How do I double up in science and math?
If you are interested in doubling up in math and science. It is essential to provide your teacher with your first choice for your course recommendation. You can schedule your additional science or math classes as electives during your scheduling session. We advise you to check with your teacher before scheduling to ensure you have all the required prerequisites for the course. It is also important to remember that the goal of "doubling up" is to surpass the graduation requirements for post-secondary purposes.

How do I schedule MCTI?

- If you have been accepted into the program, your school counselor will schedule your program for you.
- If you would like to be in MCTI next year, you will make a building schedule and apply for the MCTI program of your choice. If you get into the program, guidance will help you update your schedule.
- Driver Education (10th Health) will not fit into your building schedule. Please conference with your counselor if you would like to take this course through our cyber academy.

How do I sign up for Behind the Wheel training?
Upon completion of the 10th grade Drivers' Education class (Health 10) and having acquired a valid PA permit, you will have the opportunity to complete Behind the Wheel training. You do not have to sign up during the course selection process. Information on enrolling in the program will be discussed during your Driver's Education.

What should I know if I plan to play a sport in college (Div I and Div II)?
Please visit eligibilitycenter.org to see NCAA requirements to be eligible to participate in college sports. Also, please reference the NCAA section in the PoS
* If you plan to play a sport in a Div I or Div II college program, it is imperative that you schedule a meeting with a school counselor.

How do I begin to earn college credits while in high school?
Our district partners with Lackawanna College to offer college credits while in high school. Check out our dual enrollment section in the PoS for additional information.
