IXL is Replacing the RLA Homework Packets

We're using IXL to replace the RLA homework, and your child has access to this online program at home. IXL is a learning platform that lets students practice skills that they're learning and guides them to material that will help them grow the most.

With thousands of skills that match what we're covering in class, as well as insights into student progress, IXL is a great resource to help your child excel.

TOP WAYS TO USE IXL AT HOME

1

Explore personalized skill suggestions

Encourage your child to visit their Recommendations wall for helpful review or new challenges—it's full of skills picked just for them!

2

Stay in the loop

Sign in to your child's account and click on Analytics to see what they've been working on and take a peek at their progress.

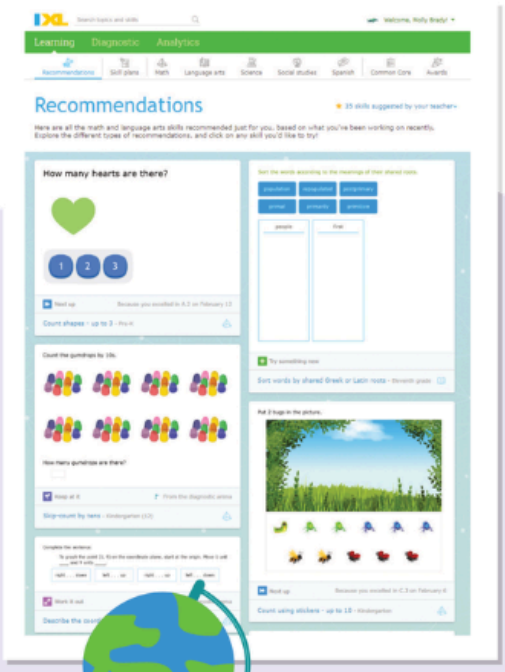

3

Celebrate your child's accomplishments

Want to receive certificates whenever your child reaches a milestone? Sign in, click on their profile icon, and enter your e-mail address under "Profile & settings".

Let IXL recommend skills for you

For even more learning opportunities, encourage your child to choose skills from their Recommendations Wall, filled with skills selected just for them based on what they've been working on!

Family guide for getting started

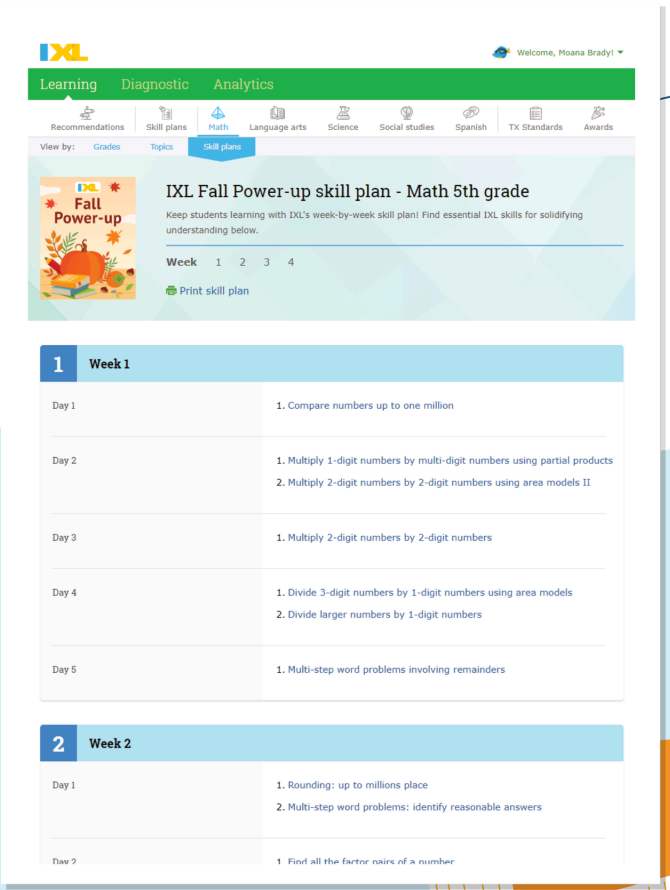

Welcome to IXL! This step-by-step guide provides a quick tour of IXL and shows you easy, effective ways to get your child engaged and learning.

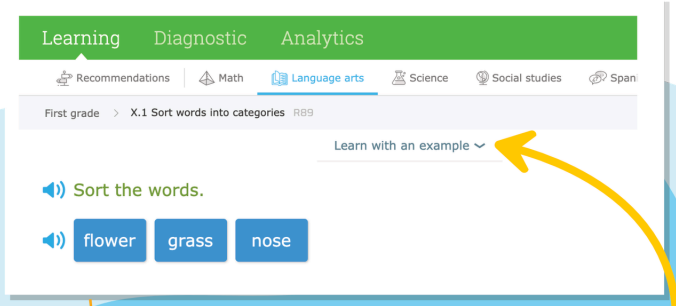

IXL learning plans

Have your child brush up on key concepts for their grade level! Our ready-made learning plans guide them to 2 essential skills per day that will help them build the knowledge and confidence to move ahead.

Each day:

1. Practice the IXL skills listed for that day

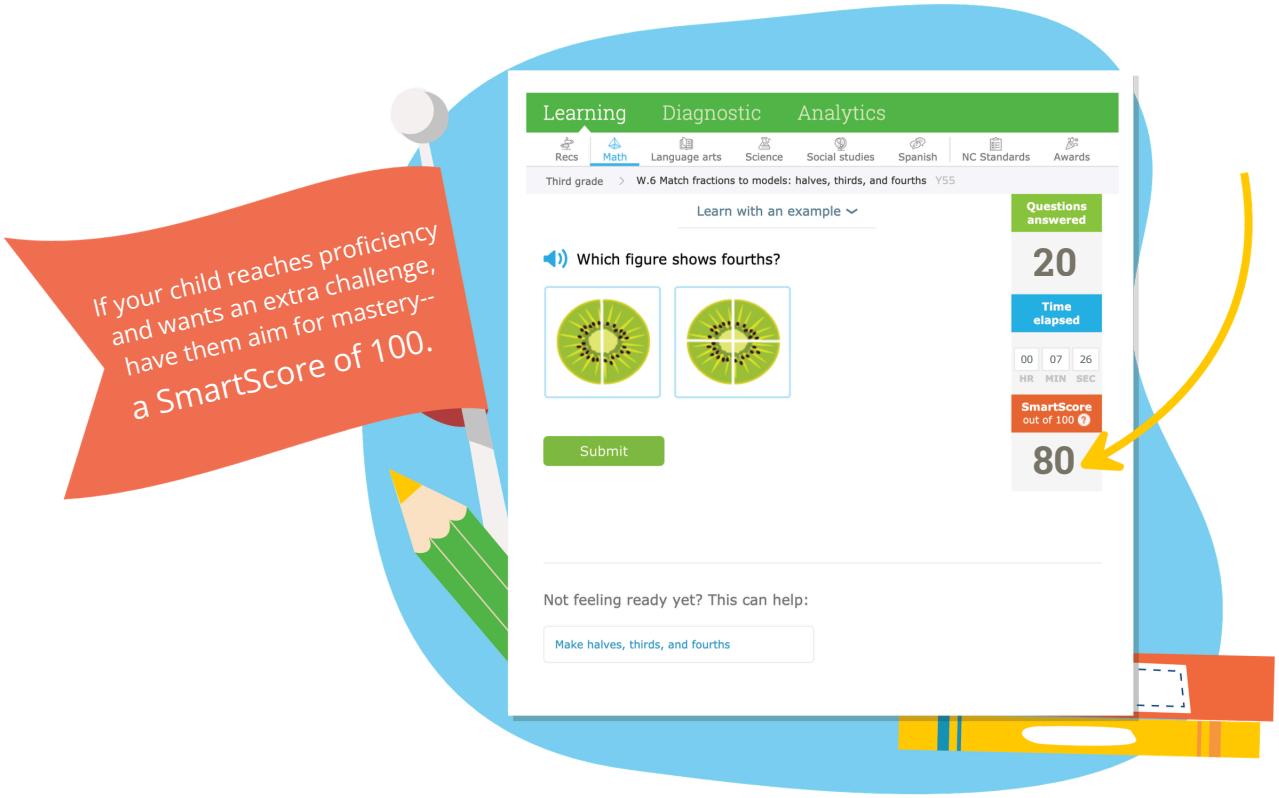

IXL TIP

If your child needs a refresher on the concept before they start a skill, click on "Learn with an example" at the top of the page!

2 For each skill, aim to reach a SmartScore of 80 (which indicates proficiency)

E v e r y IXL skill adapts to your child, guiding them from simpler tasks to more complex problems, so they can learn at their own pace!

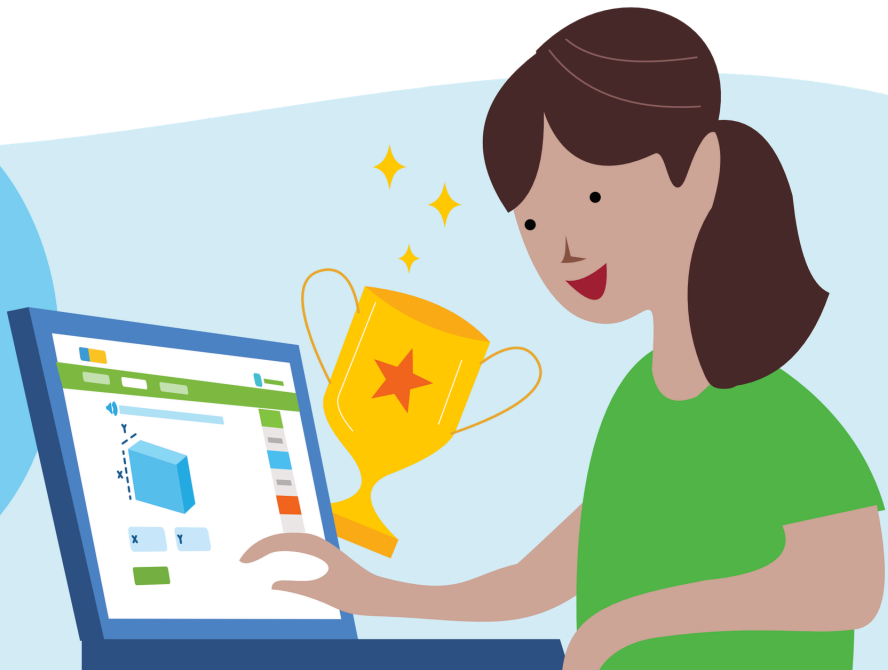

3 If you'd like your child to continue learning, check out the other strategies outlined below!

Visit the Family Learning Hub to browse and download the skill plans!

IXL TIP

If your child gets stuck while working on a skill, make sure they read the step-by-step explanations provided after each missed question.

Get a personalized action plan for growth

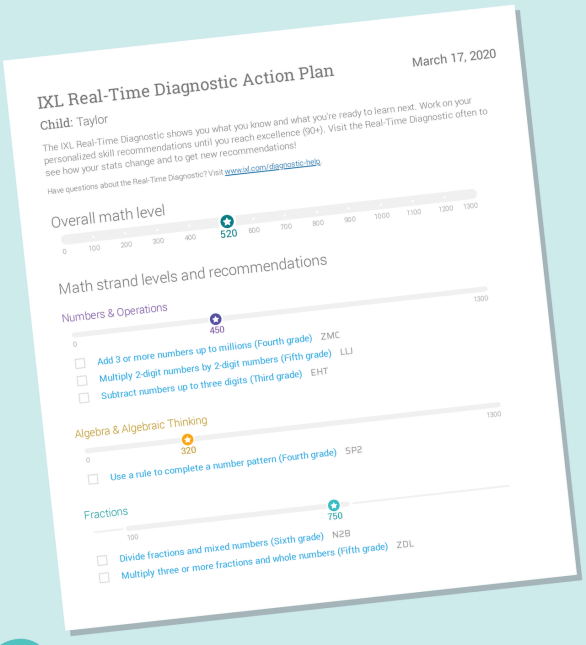

Super-charge learning with the Real-Time Diagnostic! It shows you what your child knows, and exactly what they can do next to make even more strides.

1 Pinpoint diagnostic levels

Have your child answer questions in the Diagnostic to show what they know! We recommend they do so until they've pinpointed all of their levels, which usually takes less than an hour per subject, and can even be done over the course of a few sessions.

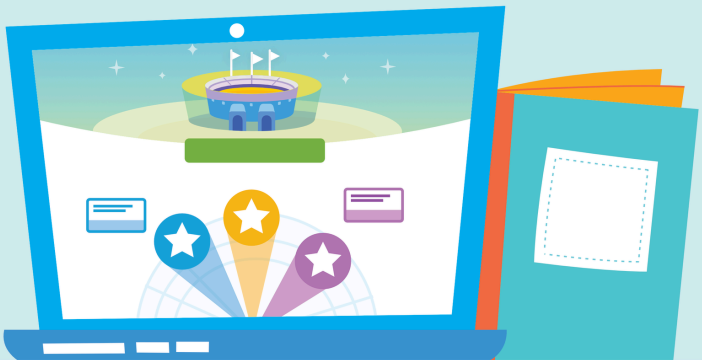

2 Use the personalized action plan

Based on their work in the Diagnostic, IXL creates a personalized action plan with skills that will help your child grow. This plan is your perfect path for making progress at home.

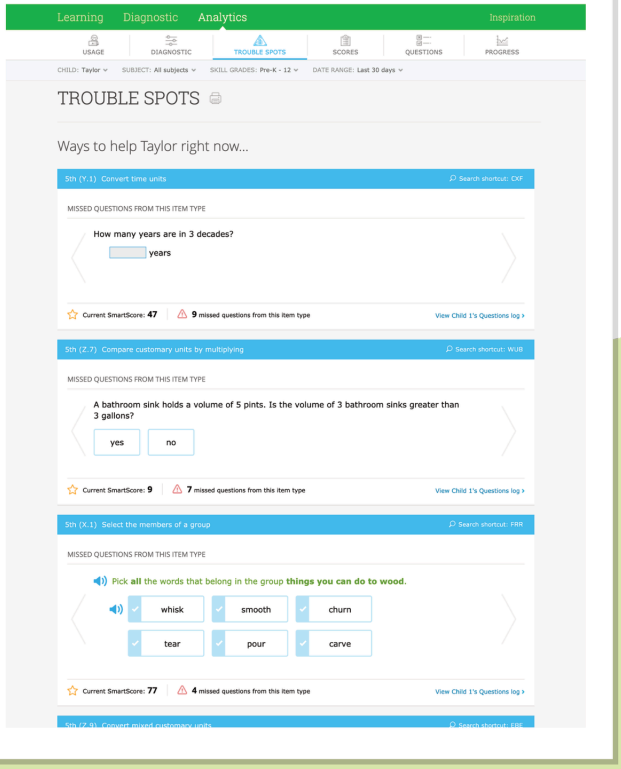

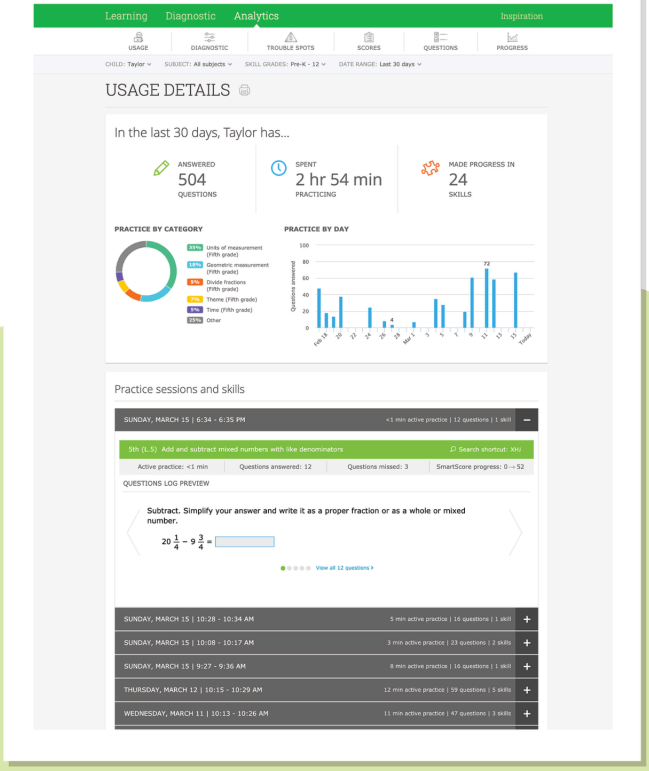

Monitor your child's progress

As a parent, you can stay up to date on what your child has been doing on IXL! Visit the Analytics tab and try visiting a couple of our favorite reports:

Trouble Spots: See where your child is getting stuck so that you can step in and provide support.

Usage: Get a highlight reel of what your child has been doing on IXL, and review the progress they've made.

If you have any questions, please reach out to us though our support form or at (855) 255-8800 and we'd be happy to assist!
