

# JENNET AND EDITH ORR SCHOLARSHIPS 2026 APPLICATION

Jennet and Edith Orr were sisters who were ardent supporters of education as Edith was teacher in Kalispell for many years. They believed a good education couldn't be handed to anyone but depended on the interest and effort put into it by the student. They had no children, so they combined their assets into a trust which awards scholarships to students based on academic achievement, character and financial need.

**This is a one-time, one-year award for a student who has not received a different individual scholarship of MORE than \$2,000.00 this year. Loans, grants or other awards, which are not given for academic achievement or character and are not described as "scholarship" will NOT disqualify you.**
