

2026 High School Summer School (Initial Credit, Credit Recovery, and LEAP Remediation)

Program Location: Destrehan High School (DHS)

Tuition: The tuition fee is the same for initial credit and credit recovery courses. Tuition is based on the number of courses a student attempts regardless of the number of semesters completed. Tuition for each one credit course will be \$225. The charge for the ½ credit Health course will be \$115.

All summative assessments must be completed in the summer school classroom during regular summer program hours.

Daily In-Person Schedule:

7:50 Students may enter the parking lot or be dropped off

8:00 Sessions begin

12:00 Dismissal

Before the end of the school year, students who have failed a course, are in jeopardy of failing a course, or want to take an initial credit course, must meet with their school counselor to determine if the credit can be recovered/earned at summer school.

All summer school students must attend Summer School registration at DHS on Monday, June 1, 2026, between 9:00 AM and 3:00 PM to confirm courses and complete the payment process.

Each student is also REQUIRED to attend in-person orientation at Destrehan High School on Friday, June 5, 2026. DHS students attend from 8:30-10:00 and HHS students attend from 10:30-12:00. Students must attend the entire 1.5 hour session. Chromebooks will be distributed during these orientation sessions.

Late Registration closes at 11:00 AM on Wednesday, June 10, 2026.

Late registering students who did not participate in the scheduled orientation are REQUIRED to begin working on coursework during an in-person summer program session for a minimum of 3 consecutive hours before working at home to ensure full understanding of program expectations and to help the student make up for missed time.

Program Dates:

- **Credit Recovery: Friday, June 5 - Thursday, July 9, 2026** (no class on June 19th or July 3rd).
- **LEAP Remediation: Friday, June 5 - Thursday, June 18, 2026** with LEAP Retesting June 22-26, 2026.
- **Initial Credit: Thursday, June 5 - Thursday, July 9, 2026** (no class on June 19th or July 3rd)

All courses must be completed no later than 11:00 PM on Thursday, July 9, 2026.

Program Overview:

Students may enroll in one (1) initial credit course per summer. Students may earn a maximum of two (2) credits through credit recovery per academic year. **Regardless of the course type, students may earn/recover a maximum of two (2) credits during a single summer.** When requesting to enroll in more than one course, the student must complete the first course prior to beginning a second course. Courses can NOT be completed concurrently. If a student requests a credit recovery course and an initial credit course, the credit recovery course must be completed before the student begins the initial credit course.

All courses must be completed no later than 11:00 PM on Thursday, July 9, 2026.

St. Charles Parish Public Schools offers summer school to ensure students gain the necessary knowledge to be successful during LEAP retesting, to ensure students stay on track to graduate, and to allow greater scheduling flexibility. Participation in the high school summer program is limited to students enrolled in St. Charles Parish Public Schools.

Instruction is provided through Imagine Edgenuity. Imagine Edgenuity courses utilize rigorous, standards-based instruction and powerful interactive tools that support learning. Engaging multimedia and real-world applications help ensure students build content knowledge and essential skills. Parents are able to sign-up to receive weekly emails from Imagine Edgenuity.

The summer program utilizes a hybrid instructional model with St. Charles Parish Public Schools certified teachers serving as facilitators as students complete courses. Students meeting daily and weekly goals will be able to work on formative assignments and assessments at home. Teachers will be available to provide academic support via Google Meet, phone, or email for students working at home. **The student must complete all summative assessments in-person during regular summer program hours.**

Credit can only be earned in $\frac{1}{2}$ credit and full credit increments for credit recovery courses. Health is a $\frac{1}{2}$ credit course, therefore, students will have the opportunity to earn $\frac{1}{4}$ credit in this course. Partial credit can NOT be earned for initial credit courses.

A \$225 fee will be charged for each credit recovery or initial credit course a student attempts. (\$115 for the initial credit Health course as it is a $\frac{1}{2}$ credit course.)

Our summer LEAP remediation and retesting program is free for high school students who attended St. Charles Parish Public Schools this year.

Attendance Recovery: Summer School does NOT have an attendance recovery component for courses previously attempted as the Louisiana Department of Education requires attendance to be earned before the end of the semester. If a student needs to earn credit because of attendance issues during the regular school year, the student must complete credit recovery for both semesters regardless of the semester grades.

Refunds: There will be no refunds to students who drop out after Summer School has begun or to students who are expelled from the program due to failure to conform to rules. Exception: Those presenting a physician's statement stating that the student will not be able to complete the summer session are eligible for a refund.

All courses must be completed no later than 11:00 PM on Thursday, July 9, 2026.

Monitoring: Summer program students will be required to participate in a weekly conference with summer program staff so that progress can be reviewed and goals can be established. Summer program staff will conduct conferences in-person, via Google Meet, and/or by phone.

- Failure to participate in a weekly conference will result in the student's course being locked and the student not being able to continue working until the conference is completed.

Students who do NOT meet weekly progress goals will have their course locked and the student will not be able to continue to work from home until he/she meets with their teachers to formulate a plan to get back on track. If the student remains off track, he/she will be **REQUIRED** to attend in-person sessions (minimum of 3 consecutive hours) until he/she is back on track.

All summative assessments must be completed in-person. If a passing score is not earned on the summative assessment, the student is REQUIRED to participate in at-least 1 hour of remediation in the summer program classroom before the summative assessment is unlocked for the student to retest.

Credit Recovery: Students that earned a D or F for a course are eligible to participate in credit recovery. All students earning a LEAP score of Unsatisfactory are encouraged to retest during the summer. Students choosing to bank an Unsatisfactory LEAP score in lieu of retesting understand the failing LEAP exam score will be used to calculate their final credit recovery grade. If the student retests, the higher of the LEAP scores will be used to calculate the student's final credit recovery grade.

80% (or 95% for LEAP Connect students) of the student's final grade will be determined using assignments, quizzes and tests in Imagine Edgenuity. Grades will be based on the relative grade (i.e., the relative grade is the student's grade if he/she stops working in the course and receives 0% for all unfinished activities).

20% (or 5% for LEAP Connect students) of the student's final grade will be determined using the LEAP exam conversion scale provided by the Louisiana Department of Education. The highest LEAP score earned will be used to calculate the final course grade.

To earn credit the final relative course grade must be 60% or higher. **All required work must be completed by 11:00 on the last day of the summer school program.** The credit recovery course and the grade earned will be recorded on the student's transcript.

The student is responsible for communicating with his/her counselor to ensure that the credit has NOT been previously earned and to ensure that an appropriate schedule is created for next year.

Advanced Placement (AP) and Dual Enrollment (DE) courses: The course codes assigned to Imagine Edgenuity courses do NOT match AP or DE course codes. As a result, credit recovery is NOT an option for AP or DE courses. Students failing an AP or DE course must enroll in an initial credit course.

Honors and Gifted Courses: Honors and Gifted supplements are not available in the Imagine Edgenuity course, therefore, Honors/Gifted points will not be added to recovered nine-weeks or semester grades. This practice only applies to the nine-weeks or semester being recovered.

In exceptional circumstances, a student who previously earned a "C" or higher in a course may be permitted to retake that course during summer school provided the course is offered during summer school. Such requests require the counselor and principal to secure approval from the Executive Director of Secondary Schools. If approval is granted, the student shall be enrolled in the initial credit course. The final course grade will be determined exclusively by the work completed during the

summer term. The student's transcript will show the final grade earned for each course attempt.

Credit Recovery Courses: (Courses with a LEAP test are typed in bold.)

Business English	Environmental Science	U.S. History	Algebra I	Business Math
English I	Biology I	Civics	Geometry	Financial Math
English II	Physical Science	World Geography	Algebra II	Quest for Success
English III	Chemistry	World History	Math Essentials (9th Grade)	Health (½ credit)
English IV	Advanced Math: Functions and Statistics		Math Essentials (11th Grade)	

Transportation: Transportation is NOT provided. Parents are responsible for providing transportation to and from the summer program. Student drivers must drive safely at all times and park in the spaces identified by school administration.

Student Check-Out: Students, regardless of age, can only be checked-out by individuals that are listed in PowerSchool. Parents/guardians must contact their child's home-based school to update the file if necessary. If a student driver needs to leave prior to dismissal at 12:00, a note must be submitted by a parent/guardian. The note must contain the student's name, the date, the time the student will leave, and the parent's signature. Summer program staff will verbally confirm the note by calling the phone number we have on file for that parent/guardian. If summer program staff is not able to confirm the note, the student will NOT be allowed to leave prior to dismissal at 12:00. The summer program administrator will make the final decision on all transportation matters.

Dress Code and Discipline: The summer program is an additional effort on the part of the school district to provide students the opportunity to make-up deficiencies or accelerate course work for graduation. The rights of all students to avail themselves of this opportunity, free of disruption and/or distraction, will be ensured through a school setting conducive to learning. Students who fail to conform in an appropriate manner will be immediately removed from the program and will be subject to loss of credit and fees.

Students attending the summer program are expected to conform to the same rules of conduct and dress code that are in effect during the regular school session. Those rules are outlined in the Student-Parent Discipline and Attendance Handbook. **Students must wear their school ID appropriately at all times. Students without an ID will be required to wear orange stickers on their chest.**

Students must wear their school uniform pants/shorts/skirts, a school appropriate HHS/DHS shirt, school appropriate footwear, and school appropriate outerwear at all times. The summer school administrator will make the final decision on all dress code matters. Violation of school rules or dress code will result in disciplinary action. Repeated or serious violations may result in immediate dismissal from the program and will result in a loss of credit and fees.

Violations of some school rules are also violations of criminal and civil laws. Students are reminded that school is not a sanctuary from prosecution in the courts. Program administrators shall have both the authority and duty to take disciplinary action whenever the behavior of any student materially interferes with, or substantially disrupts, the proper atmosphere for learning within the classroom or other parts of the school and/or when such behavior jeopardizes his/her own safety or the safety of others.

HiSET Students: HiSET students wanting to continue working on Essential Education during the summer, must register for the summer program. HiSET students may attend in-person summer school program sessions at no charge, if space permits. Summer program staff will help HiSET students complete Essential Education lessons assigned by the HiSET Teacher. Summer Program teachers are not able to assign lessons in Essential Education and can NOT register students for HiSET testing. HiSET students must contact the Landry Educational Program Administrator if they need additional lessons in Essential Education or if they need to register for a HiSET test.

Students attending classes at Landry Alternative Center:

1. Students who will return to their home based school on the first day of the upcoming school year may register for summer school using the same process as students who were not assigned to Landry.
2. Students attending class at Landry under expulsion mandated by Child Welfare and Attendance may be admitted into summer school under the following condition:
 - The student and his/her parents must request a conference with an administrator from Landry Education Programs Center, the Director of Child Welfare and Attendance, and the high school (DHS/HHS) principal to determine if admission is in order. This conference must take place before the student can register for the summer program.
3. Students attending class at Landry who are NOT under expulsion (i.e. 45 day suspension) may be admitted under the following condition:
 - The student and his/her parents must request a conference with an administrator from Landry Education Programs Center and the high school (DHS/HHS) principal to determine if admission is in order. This conference must take place before the student can register for the summer program.

Students attending Landry Alternative Center who are admitted to summer school do so under indefinite probation. The student may be immediately dismissed from the program, at the discretion of the administrator, as a result of behavior concerns.

Spanish Supports: Identified ELL students may use the Spanish language features built into Imagine Edgenuity as needed. The summer program is also staffed with an English Language Learner Teacher or World Language Teacher who will work directly with the student and his/her parents/guardians.

Medication: Medication can be administered to students using the same processes as the regular school year. Parents/Guardians must bring the medication to the summer school site on the first day for the nurse to check-in during the student's orientation session.

**ST. CHARLES PARISH PUBLIC SCHOOLS
INITIAL CREDIT Registration Form**

Students may enroll in one (1) initial credit course per summer. Students may earn a maximum of two (2) credits through credit recovery per academic year. **Regardless of the course type, students may earn/recover a maximum of two (2) credits during a single summer.**

Students interested in registering for an initial credit course must meet with his/her counselor and a school administrator before the end of the school year to complete this form.

Students completing grades 9-12 are eligible to participate in an initial credit course if they are disciplined and have a strong work ethic. Initial credit requires students spend at least 125 hours actively working to complete the required coursework. 100% of the student's final grade will be determined using assignments, quizzes, exams and tests in Imagine Edgenuity. A teacher will be available to provide assistance as necessary.

In order to earn initial credit, the course must be 100% complete with a minimum grade of 67%. **All required work must be completed by 11:00 am on the last day of the summer school program.** The initial credit course and the grade earned will be recorded on the student's transcript.

The student is responsible for communicating with his/her counselor to ensure that the credit has NOT been previously earned and to ensure that an appropriate schedule is created for next year.

Student's Name: _____

ID Number: 1000_____

School: DHS HHS

Grade: 9 10 11 12

Tuition: \$225 per initial credit course. (\$115 for the initial credit Health course -1/2 credit course.)

Course Requested: Students may enroll in a maximum of one (1) initial credit course per summer.

World History

Chemistry

Environmental Science

Business Math

World Geography

Health (1/2 credit course)

Business English or Technical Writing - a student can only earn one of these credits via Imagine Edgenuity.

Algebra II -Criteria: To enroll in initial credit Algebra II, the student must

- have demonstrated college readiness by previously earning a 22 on the ACT Mathematics Test,
- or, have extenuating circumstances requiring this course to meet his/her cohort graduation timeline or other scheduling goals/needs.

STUDENT'S SIGNATURE

PARENT/GUARDIAN'S SIGNATURE

Student: Give this completed form to your school counselor prior to the last day of school. Students must attend Summer School Registration on Monday, June 1st 2026 between 9:00 am and 3:00 pm to complete registration and pay the tuition fee.

For school use only: I have reviewed the student's academic history and have confirmed the student meets all pre-requisite requirements for the course requested. I am confident the student possesses the knowledge and work ethic necessary to successfully complete the initial credit course. The student and his/her parents understand that this course and the grade earned will be recorded on the student's transcript and will be used to calculate the student's GPA.

Students Counselor's Signature: _____ Date: _____

School Principal's Signature: _____

Counselor: Bring this form to In-Person Registration on Monday, June 1, 2026.
