

APRIL
13th - 17th

1,2,3,4...

I declare a

COIN WAR!

Each classroom will have a jar where students can donate cash and coins to help raise money toward Cold Treat Day in June for the students. Remember every penny counts.

When we weigh the jars on April 17th, coins will count for their actual weight - but here is the twist: each dollar bill will add 1 full pound to your jar's total weight! That means a \$5 dollar bill adds 5 extra pounds!

The classroom with the heaviest jar will be declared the winner. Start saving that change and let the competition begin.
