Annual Open Enrollment with American Fidelity

All eligible employees will complete a self-enrollment or an in-person enrollment with an American Fidelity (AF) representative.

Health reform regulations have made it essential that every eligible employee enroll or waive coverage. AF is helping us achieve this 100% goal.

SELF-ENROLLMENT for school based and District Office employees will be April 20th through May 1, 2026.

If you are uncomfortable self-enrolling yourself with 2026-27 benefits, AF representatives will be in person the week of May 4, 2026 - May 8, 2026 for IN-PERSON appointments.

Benefits chosen during these enrollment periods will become effective September 1, 2026. When completing your self-enrollment or in-person enrollment you will need the following:

- Social Security numbers and birth dates of all family members you will enroll
- If applicable, a completed Spousal Affidavit Form (located on page 6 of this booklet). Once completed, the Spousal Affidavit Form will need to be submitted to Gina Eddleman at gina.eddleman@gmsdk12.org on or before June 2, 2026
- Birth dates, addresses, and telephone numbers on all primary and contingent beneficiaries for your Group Life Insurance policy

If you fail to enroll in your 2026-27 benefits, your 2025-26 benefits will end on August 31, 2026 and the benefit system will default your case to ONLY employer paid benefits.

Deductibles and Out of Pocket Expenses Accumulate on a year basis (Jan. 1 - Dec. 31)

**The HRA Fund pays at the front end of the deductible and can be used beginning Sept. 1 through Aug. 31. Any funds remaining at the end of the Plan Year do not rollover to the new Plan Year.

Spouses age 65 and over are not eligible on the plan.

The fund cannot exceed 100% of the total deductible

The plan document is the governing document; therefore discrepancies which may be found are not binding. The Plan Document may be found by going to your district's Human Resources website.

Frequently Asked Questions

How can I contact Member Services?

Call 1.800.999.5431 for automated help 24/7.
(TTY services: 1.800.523.2847.)

What frames are in Davis Vision's Collection?

Our Collection offers a great selection of fashionable and designer frames, most of which are covered in full. No wonder 8 out of 10 members select a Collection frame. Log on to our member Web site at davisvision.com and take a look!

When will I receive my eyewear?

Your eyewear will be delivered to your network provider generally within five business days of order receipt. Special prescriptions, lens coatings, provider frames or out-of-stock frames may delay the standard turnaround time.

Do I need a claim form?

Claim forms are only required if you visit an out-of-network provider. Claim forms are available on our member Web site.

Can I split my benefits?

You may split your benefits by receiving your eye examination and eyeglasses or contact lenses on different dates or through different provider locations. Complete eyeglasses must be obtained at one time, from one provider. You may not split between a network and out-of-network provider. To maximize your benefit value we recommend that all services be obtained from a network provider.

Can I use an out-of-network provider?

Yes; however, you receive the greatest value by staying in-network. If you go out-of-network, pay the provider at the time of service, then submit a claim to Davis Vision for reimbursement, up to the following amounts: eye exam - \$30 | single vision lenses - \$25 | bifocal - \$35 | trifocal - \$45 | lenticular - \$60 | frame - \$30 | elective contacts - \$75 | visually required contacts - \$225.

Are there any exclusions to the vision benefits?

Your vision plan does not cover medical treatment of eye disease or injury; vision therapy; special lens designs or coatings, other than those described herein; replacement of lost eyewear; non-prescription (plano) lenses; contact lenses and eyeglasses in the same benefit cycle; services not performed by licensed personnel; two pair of eyeglasses in lieu of bifocals.

Health Screening Benefit

Pays \$50 when a covered employee or covered spouse receives a covered Health Screening Test. This benefit covers several qualified tests, including, but not limited to: blood test for triglycerides, doppler ultrasound, echocardiogram, electrocardiogram (EKG), fasting blood glucose test, serum cholesterol test to determine HDL and LDL levels, exercise or pharmacologic stress test, and neuroimaging studies. This policy pays for one test per covered employee and one test per covered spouse per calendar year, regardless of the number of tests received during the calendar year. This benefit is available without a diagnosis of a critical illness. This benefit does not reduce the critical illness lump sum benefit amount.

Critical Illness Benefit

Pays once per covered person for each critical illness. Each critical illness must be separated by at least 30 days following the first critical illness occurrence date.

Heart Attack Benefit

Pays following a Heart Attack due to coronary artery disease. Any previous amounts paid for a coronary artery bypass surgery will be deducted from the amount payable under this benefit.

Heart Attack means an acute myocardial infarction due to coronary artery disease resulting in the death of a portion of the heart muscle. Diagnosis must be supported by the onset of new symptoms and any of the following: EKG changes, the elevation of biochemical markers, or imaging studies consistent with acute myocardial infarction. In the event of death, an autopsy, medical examiner's confirmation, or death certificate identifying Heart Attack will be acceptable. Heart Attack does not include congestive heart failure, atherosclerotic heart disease, angina, cardiac arrest, or any other disease or injury involving the cardiovascular system.

Coronary Artery Bypass Surgery Benefit

Pays following open heart surgery performed by a physician to correct coronary artery disease with bypass grafts. Coronary artery bypass surgery does not include balloon angioplasty, laser angioplasty, stenting, valve replacement surgery, or procedures other than coronary artery bypass surgery.

Stroke Benefit (Permanent Damage Due To A Stroke)

Pays following permanent neurological damage to the brain due to a stroke that results from an acute or sub-acute interruption of blood flow to brain tissue as defined in the policy. Permanent damage due to a stroke does not include transient ischemic attacks (TIA).

Paralysis Benefit (Permanent Due To A Covered Accident)

Injuries to the spinal cord due to a covered accident, which result in the loss of use of two or more limbs. Paralysis must be diagnosed as permanent, total, and irreversible.

Major Organ Failure Benefit

Pays following the date the covered person is placed on the United Network for Organ Sharing (UNOS) list for a transplant of the heart, liver, lung, or entire pancreas.

End Stage Renal Failure Benefit

Pays following the occurrence date of end stage renal failure resulting in irreversible failure of both kidneys to function and which requires regular dialysis or renal transplantation to sustain life.

Recurrent Diagnosis Benefit

Upon a second occurrence of certain specified critical illnesses, this benefit pays 50% of the amount previously paid under the policy. Covered critical illness events include Heart Attack, permanent damage due to a stroke, and major organ failure. The second occurrence date must be separated by at least 180 days following the first occurrence date of that same critical illness. Once a Recurrent Diagnosis Benefit has been paid for a critical illness, no further benefits for that same critical illness will be payable.

Limitations and Exclusions

Pre-Existing Condition Limitation

No Critical Illness Benefit will be payable for a critical illness caused by or resulting from a Pre-Existing Condition when the critical illness occurrence date occurs before a covered person has been continuously covered under the policy for 12 consecutive months.

Pre-Existing Condition means a disease, accident, sickness, physical condition or mental illness for which a covered person has experienced any of the following: (a) treatment; (b) incurred expense; (c) took medication; (d) received care or services including diagnostic testing or related measures; or (e) received a diagnosis or advice from a physician, during the 12-month period immediately before the covered person's effective date of coverage. The term Pre-Existing Condition will also include conditions which are related to such disease, accident, sickness, physical condition or mental illness.

Exclusions

We will not pay benefits for any critical illness resulting from or caused, directly or indirectly, by: (a) an intentionally self-inflicted accident or sickness; (b) suicide or attempted suicide while sane or insane; (c) participating in riots, insurrection, rebellion, civil commotion, civil disobedience, or unlawful assembly. This does not include a loss while acting lawfully within the scope of authority; (d) being intoxicated or under the influence of any narcotic unless administered by a physician or taken according to the physician's instructions. Intoxication is determined and defined by the laws and jurisdiction of the geographical area where the event that caused the critical illness occurred; (e) committing or attempting to commit a felony; (f) being incarcerated in any type of penal institution; (g) alcoholism or drug addiction; (h) a diagnosis received outside the United States, or its territories, that cannot be confirmed by a physician licensed and practicing in the United States.

Portability

Upon becoming no longer eligible for coverage, you will have 30 days to request continuation of coverage. Providing you pay premiums when due, you may be provided coverage under your certificate upon leaving employment until the earliest of these dates: (a) your 75th birthday; (b) 10 years from the portability effective date; (c) the date the policy is terminated; or (d) the date you fail to pay the required premium. You must have been continuously covered for 12 consecutive months before the date your coverage under the policy ends. Portability is not applicable to dependents.

Leave of Absence

Your coverage may be continued for up to one year during a leave of absence approved in writing by your employer.

Termination of Coverage

Coverage will continue as long as the group policy remains in force, the premiums are paid, and you remain eligible for coverage under the policy. Your coverage will end when you no longer qualify as an insured, you retire, you are not on active employment, or your employment terminates. Coverage for any dependent children will end when your coverage terminates or they no longer meet the definition of a dependent child. Coverage for your covered spouse will end on the earliest of: the date your coverage terminates, the end of the premium term in which they no longer meet the definition of a covered spouse, or the date you or your spouse turn 75. Your coverage can be terminated, or premiums may be increased on any premium due date with 31 days advance notice.

Plan Today for Tomorrow's Costs

With medical costs continuing to rise, you may be looking for options to help manage out-of-pocket medical expenses.

One option is a Healthcare Flexible Spending Account (HCFSAs). HCFSAs allow you set aside money, tax free, for eligible medical costs like doctor visits, prescription drugs, prescription contact lenses, and dental procedures. Additionally, the entire amount you choose to contribute will be available to you at the beginning of your plan year.

Savings Example

In the example to the right, Jane makes \$4,000 per month. By participating in an HCFSAs, she would save \$82.96 a month.

That's a savings of \$995.52 a year.

Internal Revenue Code (IRC) Requirements: What You Need to Know

IRC guidelines are strict when tax breaks are provided. As your plan provider, we are required to follow IRC rules.

! First, the money you set aside operates under a “use or lose” system.

That means you'll want to use all of your funds prior to the next plan year or you will lose whatever amount is left.

Ask if your employer's plan includes a Runoff Period and Carryover Provision or Grace Period.

- **Runoff Period**
A period typically up to 90 days after the plan year ends when you can submit claims incurred during the previous plan year that have not already been submitted for reimbursement.
- **Carryover Provision**
For 2023, this provision allows you to carry over up to \$610 of unused contributions from one plan year to the next.
- **Grace Period**
An additional two and a half months following the end of the plan year in which you can incur and submit claims to receive reimbursement.

! Second, the IRC requires proof for eligible expenses.

An itemized document or EOB must be submitted to prove eligibility for medical expenses when they aren't verified when filing a claim or at the time of debit card swipe. Submitting documentation through AFmobile is the easiest way to validate a claim.

PLANNING YOUR RETIREMENT

The State of Tennessee 401(k)
and 457(b) Plan through
Empower at Retire Ready TN

The 403(b) Plan through
Corebridge Financial

RETIREMENT OPTIONS THROUGH TCRS

What is the difference between a 401(k), Roth 401(k), 403(b) and 457(b)

401(k), 457(b) and 403(b) refer to the Tax Code which governs defined contribution retirement plans. Employees participating in a 401(k), 457(b), or 403(b) supplemental retirement option may defer a portion of their salary pre-tax. The 401(k) plan for the most part the rules are the same, but we usually associate a 401(k) with private sector plans and a 403(b) and 457(b) Plans with education or governmental plans. The contribution limits for all are the same.

Roth 403(b) or 401(k) also refers to the associated Tax Code which governs defined contribution retirement plans. A Roth is an after-tax supplemental retirement plan.

457(b) refers to the Tax Code which governs defined contribution retirement plans. Employees participating in a 457(b) supplemental retirement option may defer a portion of their salary pre-tax or after-tax.

What are the contribution limits? In 2026 the maximum contribution amount is \$24,500. If you turn age 50 or older in 2026, you may contribute an additional \$8,000.

Can employees make 401(k) and/or 403(b) contributions? In 2026, the maximum limit for elective deferrals, for all traditional pre-tax and Roth 401(k) and 403(b) contributions combined, is \$24,500. Roth contributions are made with after-tax dollars, instead of the pre-tax dollars you contribute to a traditional 401(k) or 403(b). In other words, with the Roth option, you've already paid taxes on the money you contribute.

Can employees contribute to multiple plans? Yes, however, if an employee contributes to more than one plan, such as a 403(b) Plan and a 401(k) Plan, the combined total of all contributions cannot exceed the maximum limit of \$24,500 in 2026, or \$32,500 if age 50 or older. Governmental 457(b) plans have separate deferral limits, so employees who contribute to a 457(b) plan may be able to contribute an additional \$24,500 to that plan in 2026 (plus any applicable catch-up contributions). For more information about contribution limits for multiple plans, visit www.irs.gov.

Who may participate? GMSD full time employees are eligible to participate.

Please contact TCRS directly if you are interested in participating in a 401(k) or 457(b) Plan. Please contact Corebridge Financial if you are interested in participating in a 403(b) Plan.

Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved
OMB No. 1210-0149
(expires 12-31-2026)

PART A: General Information

Even if you are offered health coverage through your employment, you may have other coverage options through the Health Insurance Marketplace ("Marketplace"). To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options in your geographic area.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn't meet certain minimum value standards (discussed below). The savings that you're eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

Does Employment-Based Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than 9.12%¹ of your annual household income, or if the coverage through your employment does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee's cost of premiums for the lowest-cost plan that would cover all family members does not exceed 9.12% of the employee's household income.^{1,2}

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based coverage. Also, this employer contribution -as well as your employee contribution to employment-based coverage- is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

¹ Indexed annually; see <https://www.irs.gov/pub/irs-drop/rp-22-34.pdf> for 2023.

² An employer-sponsored or other employment-based health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. For purposes of eligibility for the premium tax credit, to meet the "minimum value standard," the health plan must also provide substantial coverage of both inpatient hospital services and physician services.

When Can I Enroll in Health Insurance Coverage through the Marketplace?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you've had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

There is also a Marketplace Special Enrollment Period for individuals and their families who lose eligibility for Medicaid or Children's Health Insurance Program (CHIP) coverage on or after March 31, 2023, through July 31, 2024. Since the onset of the nationwide COVID-19 public health emergency, state Medicaid and CHIP agencies generally have not terminated the enrollment of any Medicaid or CHIP beneficiary who was enrolled on or after March 18, 2020, through March 31, 2023. As state Medicaid and CHIP agencies resume regular eligibility and enrollment practices, many individuals may no longer be eligible for Medicaid or CHIP coverage starting as early as March 31, 2023. The U.S. Department of Health and Human Services is offering a temporary Marketplace Special Enrollment period to allow these individuals to enroll in Marketplace coverage.

Marketplace-eligible individuals who live in states served by HealthCare.gov and either- submit a new application or update an existing application on HealthCare.gov between March 31, 2023 and July 31, 2024, and attest to a termination date of Medicaid or CHIP coverage within the same time period, are eligible for a 60-day Special Enrollment Period. **That means that if you lose Medicaid or CHIP coverage between March 31, 2023, and July 31, 2024, you may be able to enroll in Marketplace coverage within 60 days of when you lost Medicaid or CHIP coverage.** In addition, if you or your family members are enrolled in Medicaid or CHIP coverage, it is important to make sure that your contact information is up to date to make sure you get any information about changes to your eligibility. To learn more, visit HealthCare.gov or call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

What about Alternatives to Marketplace Health Insurance Coverage?

If you or your family are eligible for coverage in an employment-based health plan (such as an employer-sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan, but if you and your family lost eligibility for Medicaid or CHIP coverage between March 31, 2023 and July 10, 2023, you can request this special enrollment in the employment-based health plan through September 8, 2023. Confirm the deadline with your employer or your employment-based health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit <https://www.healthcare.gov/medicaid-chip/getting-medicaid-chip/> for more details.

How Can I Get More Information?
