Wednesday, June 17, 2026

Greenwood Dad's and Donuts Day

Families Will Receive a Copy of the Book

Damian Lewis

About the author

Damian Lewis is a leadership author, coach, and founder of the Call Me First movement, a message built for men who want to lead their homes with clarity, discipline, and responsibility.

Raised between Jamaica and Newark, New Jersey, Damian learned early that strength without direction leads nowhere, and that real leadership starts with accountability. His work speaks directly to men who feel the pressure of providing, protecting, and guiding their families, yet were never given a blueprint for how to do it well.

Through his books, courses, and coaching, Damian focuses on practical leadership for everyday men, husbands, and fathers. His writing addresses trust, emotional control, decision making, communication, marriage preparation, and breaking generational cycles. Rather than offering motivation alone, his work provides structure, clear standards, and real world application.

Damian is the author of *Call Me First A Man's Blueprint for True Leadership at Home*, *25 Things Every Man Should Do Before Marriage*, and guided workbooks designed to help men move from intention to execution. His approach is direct, honest, and rooted in lived experience, speaking to men who are ready to stop drifting and start leading.

When he is not writing or coaching, Damian works with men through personal development sessions, leadership challenges, and community based accountability programs. His mission is simple, help men become dependable leaders their families can trust and rely on.

This book is not about perfection. It is about responsibility, accountability, and growth. It will challenge you to confront your flaws, sharpen your discipline, and lead your home with strength and clarity. Whether you are a young man learning to stand on your own or a husband and father carrying the weight of your family, the message is the same: leadership starts with you.

Call Me First will give you the tools to:

- Build respect in your home without controlling or dominating.
- Break generational patterns that hold families back.
- Lead with emotional strength and maturity.
- Create a legacy your children will be proud to carry on.
