Seymour Staff Login Information

Below you will find your new username and password to log onto the Seymour School Computer Domain. Any important information to save, I highly recommend using Google Drive as your storage resource. There should be a G: drive once you setup Google Drive for desktop. This username and password is for your local computer login, This password changes yearly. Upon logging in for the first time, it will ask you to reset your password. It will need to be at least 15 characters long and include a capital, number and special character. *****It is extremely important that this information never be given to another teacher or student. It is important to never leave this information/paper in or on your desk. *****

Password is case sensitive while the username is not. If your password has an "A" in it then it must be entered as "A" and not "a". Also note in the passwords a zero is 0 and not a letter o or O (up and down oval)

Seymour Staff Email Information

Below is your username and password to log onto the school email system. This is a "GMAIL" account, so if you decide to set it up on your phone, just setup a new Gmail account using the Gmail App on your phone. Use the email address below as the username. ThIS will be your account you use to log into your school Chromebook as well.

Upon logging in for the first time, it will ask you to reset your password. It will need to be at least 15 characters long and include a capital, number and special character. Each teacher is asked to access their email online with Google Apps for EDU and not setting up outlook or Windows Mail on their computers. You can go to the Seymour School website, go to the faculty/staff section, Or you can go to https://mail.google.com . It can be accessed anywhere you have an internet connection. Username is the full email address.

****IMPORTANT**** We now require **2-step authentication!** When you log in the first time you must turn this feature on. Once logged in, go to https://account.google.com, (If you are using your phone, use chrome or equivalent browser on the phone to go to this webpage) then go to security, then turn on 2 step verification. Recommended procedure is to use a text to your phone for verification. You can use backup codes or Google Authenticator app as well. This is a requirement and if you don't set it up within a few days, your account will get locked out.

ANY TIME YOUR EMAIL PASSWORD WILL HAVE TO BE RESET, YOU WILL NEED TO CONTACT IT

Other Important Notes:

Remember to backup your data to Google Drive(G: on your pc). NO students on teacher computers for any reason! DO NOT open attachments in email or click on links in email (If in doubt, contact the tech department). Check out your Google Drive, there is a Teacher Tech drive with instructions for District Tech.

If you need any tech help, remember to submit a ticket by sending an email to: help@seymourschool.net
