

Emmett Middle School
Board Report
March 2026

EMS had a lot of activities in February and a busy March with Spring Break looming. Construction has officially moved into the main building, and there are a lot of puzzle pieces to move around as we continue to protect the learning environment to the greatest extent possible.

Another successful outing for our Academic Team last month. Kim Hyde, our Academic Team advisor, is doing a fantastic job with these dedicated students this year.

Whitney Eggers, along with the Emmett Rotary, took a ski trip to Bogus Basin with 56 of our students. The trip was a great success!

EMS will host the IICACC on March 26th for a presentation on digital safety. There are a lot of ways kids can unknowingly be targeted. The presentation is open to all district schools and the community. We hope to get a solid turnout.

Idaho Internet Crimes Against Children Coalition

Idaho Internet Safety Presentation

Protecting Kids in a Digital World

Thursday, March 26, 2026
6:00 PM • Emmett Middle School

 Online Predators |  Apps & CSAM |  Device Security

Protecting kids from online dangers such as predators, bullying, sextortion, risky apps, child abuse material, & more.

 **Food & Games** will be available in the gym for students who come with their parents!
