The mission of the Manchester Essex Regional School District (MERSD) is to provide a high-quality, comprehensive, student-centered educational experience that prepares them for a post-secondary educational or service experience, a career, and life as an engaged member of society.

Dear MERSD Community,

The Manchester Essex Regional School District's FY27 Budget reflects a continued commitment to maintaining a high-quality educational program while advancing the priorities outlined in our [Strategic Plan and District Improvement Plan](#).

The FY27 operating budget of \$33,737,241 represents a 3.50% increase over FY26 and reflects a level-services approach that preserves current programming, staffing, and student supports while continuing to move the District forward. This includes maintaining current class sizes, staffing levels, and core programming across all schools. This increase is consistent with the District's long-term approach to budgeting, with a ten-year average annual growth rate of approximately 3.5%.

Each year, the development of the budget follows a structured process designed to align resources with student needs while maintaining long-term financial stability. The process begins with a focus on students and the educational program. Decisions are grounded in what is required to support high-quality teaching and learning, student well-being, and access to meaningful educational experiences. This includes consideration of curriculum, instructional materials, staffing, professional learning, and co-curricular opportunities.

From there, required obligations are addressed first. These include contractual and mandated costs such as salaries, employee benefits, transportation, and special education services. These expenses make up the majority of the budget and are largely driven by factors outside of the District's direct control. In MERSD, approximately 80% of the budget is dedicated to salaries and benefits, reflecting the people-centered nature of our work.

Once these core obligations are accounted for, the District looks at areas where targeted, preventative investments can help maintain stability over time. This includes investments in facilities, professional learning, and long-term liabilities such as Other Post-Employment Benefits (OPEB).

For FY27, the MERSD has set the OPEB contribution at \$425,000, a reduction of \$337,000 from prior planning levels. This adjustment reflects a balanced approach to managing annual budget growth while maintaining current programs. Importantly, even with this reduced contribution, the combination of annual funding and investment returns is projected to increase the OPEB trust by approximately \$1.2 million this year, allowing the District to continue making meaningful progress toward its long-term obligations.

MERSD is also using \$600,000 in excess and deficiency (E&D) reserves as part of a broader, multi-year financial strategy. The use of reserves is planned and measured, allowing the District to smooth annual increases and absorb short-term cost pressures without making reductions that would directly impact students. This approach is intended to be temporary. Over the next several years, the District's strategy is to gradually reduce reliance on reserves while aligning recurring revenues and expenditures.

Within this framework, the FY27 Budget maintains current service levels while incorporating cost containment strategies to manage known financial pressures. The most significant of these pressures continue to be in employee benefits and special education, as well as rising costs associated with transportation, utilities, and facilities operations.

This work reflects the District's long-standing approach to budgeting and financial management. MERSD has maintained steady and predictable budget growth while using available financial tools to stabilize the budget and avoid reductions to programs and staffing whenever possible. Together, these decisions reflect a balanced approach—maintaining the strength of the current program while continuing to make progress on long-term financial obligations.

The District continues to make progress on key priorities identified in the Strategic Plan and District Improvement Plan. As reflected in our [Annual Report](#), this includes strengthening curriculum alignment, expanding student supports, and investing in professional learning. The FY27 Budget is designed to sustain that progress while remaining fiscally responsible. The result is a balanced plan that reflects both the current needs of the District and a strategic approach to multi-year planning for long-term sustainability.

For additional information on the FY27 budget development process, including assumptions, timelines, and supporting materials, please visit [MERSD's budget webpage](#).

Looking Ahead

The FY27 Budget positions the District to maintain program quality while remaining responsive to future needs. As we move forward, we remain focused on sustaining the strength of our current program, managing ongoing cost pressures and aligning resources with our long-term priorities.

In addition, MERSD continues to advance the Essex Elementary School Building Project through the Massachusetts School Building Authority feasibility study process. The project is currently evaluating renovation, renovation and addition, and new construction options on the existing site. The goal is to identify a Preferred Schematic Design in Spring 2026, with a community vote on project funding anticipated in November 2026, pending MSBA approval. For more information, including meeting materials and project updates, please visit the [Essex Elementary School Building Project](#) webpage.

This work is made possible through the continued partnership of the Manchester and Essex communities. We are grateful for your ongoing investment in our schools and in the success of our students.

On behalf of the faculty and staff of MERSD, thank you for your continued support.

Sincerely,

Pam Beaudoin
Superintendent

Revenue

The primary source of funding for the Manchester Essex Regional School District (MERSD) is through assessments to our member communities.

Revenue Summary					
	FY25 Budget	FY26 Budget	FY27 Budget	FY26 to FY27	
				\$ Change	% Change

Manchester by the Sea	\$ 16,339,528	\$ 17,476,613	\$ 18,058,187	\$ 581,574	3.33%
Essex	\$ 9,889,756	\$ 10,745,242	\$ 11,134,568	\$ 389,326	3.62%
Total Operating Assessments	\$ 26,229,284	\$ 28,221,855	\$ 29,192,755	\$ 970,900	3.44%
Total Operating Revenue	\$ 30,230,522	\$ 32,597,141	\$ 33,737,241	\$ 1,140,100	3.50%
*The School Choice Sending Assessment was previously reflected as a negative revenue. This has been adjusted to be recorded as a budgeted appropriation beginning with FY26 in accordance with DOR/DESE guidance.					

State Aid

State Aid is the largest source of revenue other than assessments to Manchester and Essex. State Aid includes Chapter 70 and Regional Transportation Aid. The school district is eligible for only minimum annual increases in Chapter 70 revenue. We are estimating an increase of 4.8% or \$166,200 in FY27 for Chapter 70 revenue. Our regional transportation reimbursement is estimated to remain unchanged for FY27. MERSD had consolidated bus routes a few years ago, which led to budget savings, but also reduced the amount of reimbursement from the state.

Offset funding available from the School Choice program is budgeted at \$500,000 for FY27. School Choice enrollment is down from a high of 150 School Choice students in 2008. MERSD has since focused on aligning staffing levels with resident enrollment and opted for new School Choice students only where class sizes were below benchmarks. School Choice funds are accounted for outside of the general fund. However, they are used to offset operating costs, most notably health insurance, reducing the overall reliance on local assessments.

Assessments

After the final budget is approved by the School Committee, the amount of the budget less any offset or other funding sources is determined. The budget amount is further reduced by projected revenues, such as State Aid and other smaller revenues that are generated from our operations.

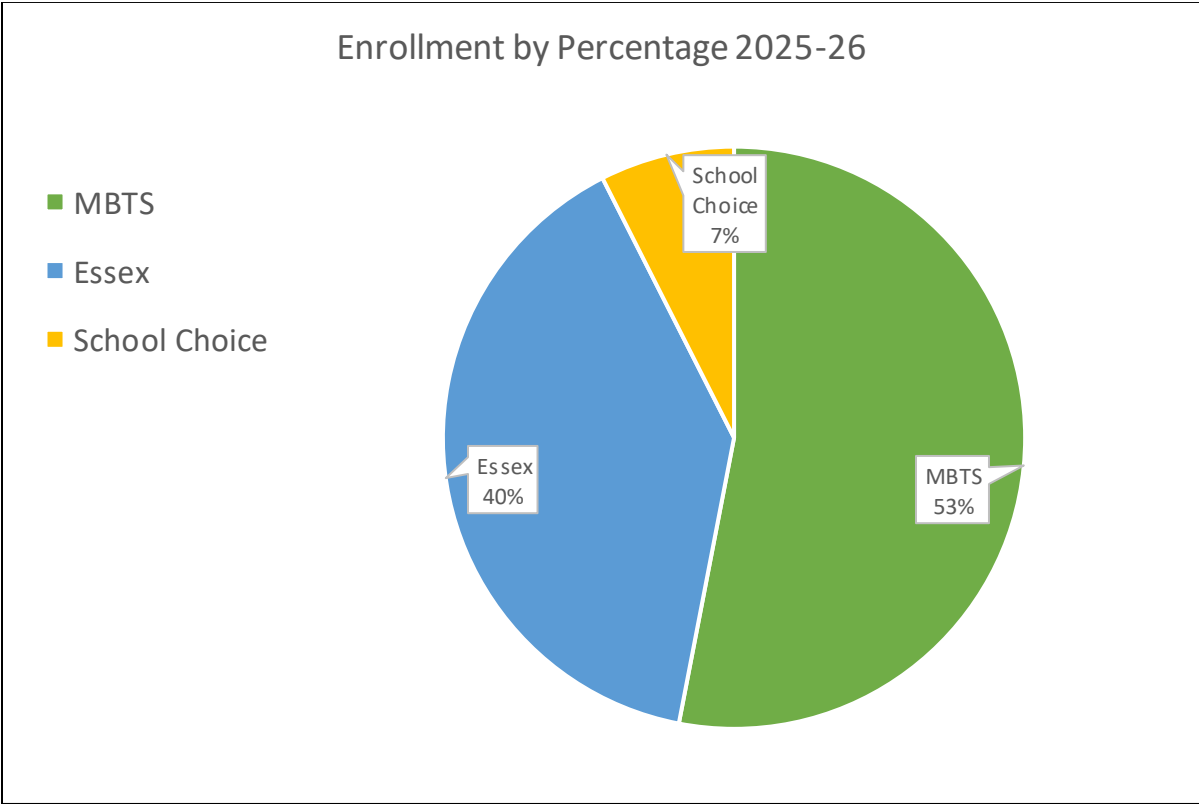

The remaining budget amount is the basis for what is assessed to our member communities. The assessment is calculated through a formula that is determined by our regional agreement. This

formula takes into consideration each town’s student enrollment, equalized valuation (EQV), and population. This calculation determines the amount of the apportioned share of the budget to be funded for each of our member communities.

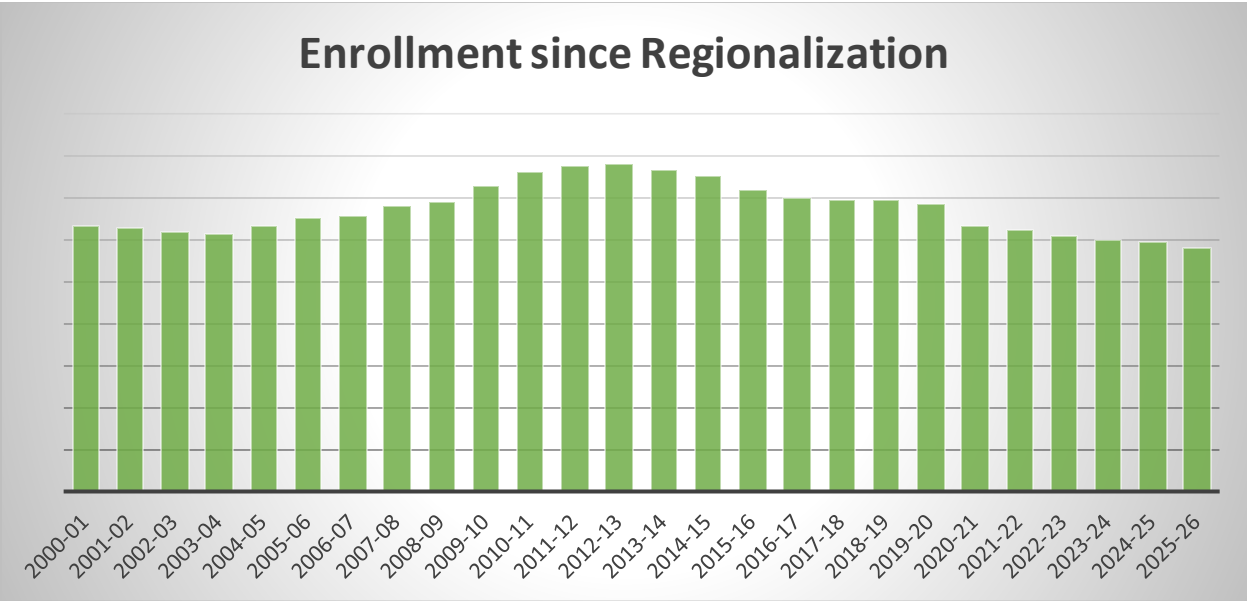

Over the past few years, the percentage of students from Manchester has declined more quickly than in Essex. As a result, the assessment for Essex in FY27 will increase by a higher percentage (3.62%) than that of Manchester (3.44%), in accordance with the Regional Agreement formula. MERSD’s operating budget for Fiscal Year 2027 (FY27) is \$33,737,241 which represents an increase of \$1,140,100 or 3.50% over FY26.

Enrollment

MERSD’s resident enrollment has declined 26% from a high of 1,563 students in the 2012-2013 school year to 1,156 students in the 2025-26 school year. This decline has led to some enrollment-related staffing reductions, cost savings, and resources to offset growth in other areas of the budget.

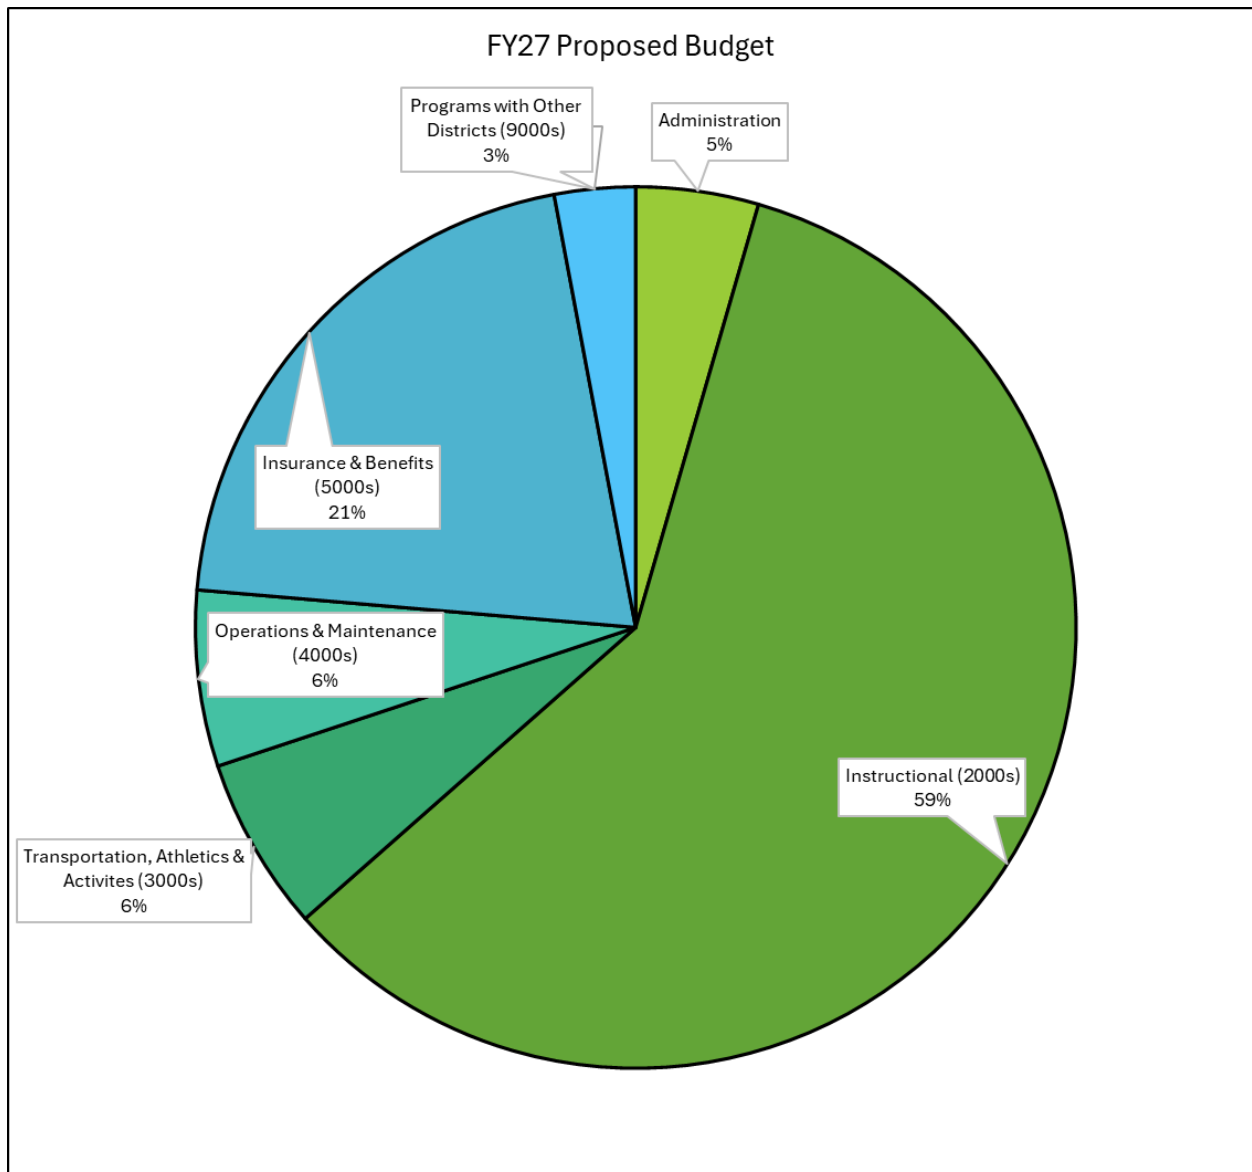

Enrollment Breakdown	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	2024	2025

Operating Budget

The operating budget is organized into the following major categories:

Budget Totals by Category	2025-2026 (FY26)	2026-2027 (FY27)	\$ Change	% Change
Administration (1000s)	\$ 1,501,807	\$ 1,524,115	\$ 22,308	1.49%
Instructional (2000s)	\$ 19,046,716	\$ 19,976,689	\$ 929,973	4.88%
Transportation, Athletics & Activites (3000s)	\$ 2,047,929	\$ 2,165,106	\$ 117,177	5.72%
Operations & Maintenance (4000s)	\$ 2,046,905	\$ 2,184,829	\$ 137,924	6.74%
Insurance & Benefits (5000s)	\$ 6,709,305	\$ 6,880,618	\$ 171,313	2.55%
Programs with Other Districts (9000s)	\$ 1,244,479	\$ 1,005,884	\$ (238,595)	-19.17%
Total Operating Budget	\$ 32,597,141	\$ 33,737,241	\$ 1,140,100	3.50%

Administration includes district-wide expenses such as professional and support staff salaries, supplies and materials for the School Committee, Superintendent, Business Office, dues, legal services, and administrative technology.

Transportation, Athletics & Activities includes regular big bus transportation, transportation for students placed out of district for special education, athletic team transportation and student after-school activities. Costs include support salaries, contracted services, and supplies.

Programs with Other Districts is the cost of sending students from the district to programs outside of the district (OOD), typically for special education students attending placements in other districts or in private or collaborative schools. This line within the budget is offset by DESE's Circuit Breaker program which reimburses a portion of high-cost placements. The Commonwealth of Massachusetts sets tuition rates for private school out of district OOD programs.

Operations and Maintenance include the cost of custodial services, utilities, building and grounds maintenance, and minor capital improvements. Costs include salaries, contracted services, natural gas, electricity, telephone, and equipment.

Instructional Services are direct costs of teaching students: salaries for teachers, principals, guidance counselors, psychologists, and classroom assistants, plus the costs of textbooks, curriculum materials, professional development, stipends, contracted services, computer hardware, educational software, instructional equipment, dues, subscriptions, and testing materials.

The 2027 budget includes a 2.5% cost-of-living adjustment for teachers, consistent with the past 5 years, in addition to contractually obligated "step increases," for additional years of service within the first 15 years. Step increases are typically 3.25%.

Insurance & OPEB Trust are retirement and insurance programs, including contributions to employees retirement systems, Medicare, unemployment insurance, health insurance, other Post-Employment Benefits (OPEB), workers compensation, and property insurance. MERSD continues to benefit from its multi-year plan to reduce long-term OPEB liabilities. These contributions are funded entirely by savings from an agreement with the Manchester Essex Teachers Association (META) to migrate employees to less costly plans. The District's OPEB funds are invested with the Pension Reserve Investment Management (PRIM) Board, the same entity that manages the Massachusetts Teachers Retirement System (MTRS) and Essex Regional Retirement System (ERRS). These returns lessen the contribution required from MERSD to meet its future obligations.

Total of FY27 Capital Expenditures	\$680,000	\$50,000	\$0	\$630,000		
		Small Cap Operating	EOY	Stabilization		

Capital Budget

In addition to the Operating Budget, MERSD also has an annual Capital Budget comprised of debt payments for capital items. These costs are excluded from the limitations of Proposition 2 ½ as approved by voters in both Towns at the time of the respective projects. These costs are assessed as separate capital assessments to our member towns based on formulas in the Regional Agreement. The formula is based 50% on the EQV or equalized valuation of each town and the other 50% is based on the population of each town based on the most recent U.S. Census.

Middle School High School

In 2006, voters authorized borrowing of up to \$49 million to fund construction of the new Middle School High School (MSHS). The final cost to taxpayers was \$32 million as grants from the Massachusetts School Building Authority (MSBA) of \$17 million funded approximately 35% of the project budget. This contribution, combined with more favorable borrowing rates, resulted in a tax impact that is about half of what was predicted when the debt exclusion was voted. In 2017 and again in 2020, MERSD used its strong bond rating (AA+ according to S&P, one step below the highest possible AAA rating) to refinance its debt, saving taxpayers an additional \$2 million over the remaining life of the bonds.

Manchester Memorial Elementary School

In the fall of 2018, voters approved a \$52 million project budget for the replacement of Manchester Memorial Elementary School (MMES), with an estimated reimbursement from MSBA of \$12 million. In 2019, MERSD raised \$35 million of this total, followed by \$3.5 million in 2021, with bonds to be repaid over 30 and 20 years, respectively. At the current time there is one bond anticipation note that will need to be repaid once the project is formally closed out by the Massachusetts School Building Authority and final reimbursement for the project is received.

Manchester Essex Regional School District

District Grants: FY26 Current Grants / FY27 Projections

The summary below shows current 2025-2026 (FY26) Federal and State Grants. The budget is developed on the assumption that current grants are again awarded to the district at similar funding levels.

For all personnel costs, we assume level funding within all grants. Grants change from year to year, and therefore it is the non-personnel lines that are adjusted to balance to the final grant awards that are not made until the beginning of the new fiscal year. Included with the overall approved grant budget you'll find a brief description of each grant, including the purpose of the funding and funding source.

Grant: Federal IDEA Entitlement (#240)		
<i>Line</i>	<i>Budget</i>	<i>Grant Description</i>
Administrators	\$ -	The purpose of this federal entitlement grant program is to provide funds to ensure that eligible students with disabilities receive a free and appropriate public education that includes special education and related services designed to meet their individual needs. Funds available are intended to serve eligible students with special education services and activities deemed essential for students' success in school. Services and activities supported by this grant for students ages 3 through 21 must ensure compliance with state special education laws and regulations and the Individuals with Disabilities Education Act - 2004 (IDEA-2004).
Professional Salaries	\$ 6,500	
Support Salaries	\$ 225,993	
Contracted Services	\$ 82,857	
Supplies	\$ 5,000	
Travel	\$ -	
Fringe Benefits	\$ -	
Grant Total:	\$ 320,350	

Grant: Early Childhood Entitlement (#262)		
<i>Line</i>	<i>Budget</i>	<i>Grant Description</i>
Administrators	\$ 6,948	The Early Childhood Special Education Allocation (ECSE) Grant provided funds to school districts and charter school districts to build capacity and to ensure that eligible 3, 4, and 5 year-old children with disabilities are appropriately identified as eligible for special education and receive developmentally appropriate special education and related services designed to meet their individual needs in accordance with the Individuals with Disabilities Education Act - 2004 (IDEA-2004) and Massachusetts Special Education laws and regulations. Early Childhood Special Education Allocation Grant (Fund Code 262) funds are awarded to public school districts with approved program plans for special education.
Professional Salaries	\$ -	
Support Salaries	\$ -	
Contracted Services	\$ -	
Travel	\$ -	
Supplies	\$ 1,580	
Fringe Benefits	\$ 625	
Grant Total:	\$ 9,153	

Grant: Federal Title I Entitlement (#305)		
<i>Line</i>	<i>Budget</i>	<i>Grant Description</i>
Administration	\$ 3,500	Title I, Part A of the federal Elementary and Secondary Education Act (ESEA) provides supplemental resources to local school districts to help low-achieving students in high-poverty schools meet the state's academic standards. The Title I, Part A grant program also supports implementation of Massachusetts' District Standards and Indicators and the state's high priority strategies for increasing student achievement; in so doing the program serves to strengthen the capacity of school districts to educate the Commonwealth's neediest children. A district is eligible to receive funds based on criteria established by the United States Department of Education (ED).
Professional Salaries	\$ -	
Support Salaries	\$ 48,600	
Contracted Services	\$ 717	
Travel	\$ -	
Supplies	\$ 1,700	
Fringe Benefits	\$ -	
Grant Total:	\$ 54,517	

Grant: Federal Title IIA Improving Ed. Quality (#140)		
<i>Line</i>	<i>Budget</i>	<i>Grant Description</i>
Administrators	\$ -	The purpose of this federal grant program is to increase student achievement through comprehensive district initiatives that focus on the preparation, training, recruitment, and retention of effective educators. The goal is to improve the overall effectiveness of all educators, making those activities that focus on educator effectiveness a high priority. After conducting a needs assessment, districts may implement activities that have been based on a review of scientifically based research and address their needs in the areas of professional development, recruitment, preparation, and support.
Professional Salaries	\$ 19,500	
Support Salaries	\$ -	
Contracted Services	\$ -	
Travel	\$ -	
Supplies	\$ 1,773	
Fringe Benefits	\$ -	
Grant Total:	\$ 21,273	

Grant: Federal Title IV Student Support and Academic Enrichment (#309)		
<i>Line</i>	<i>Budget</i>	<i>Grant Description</i>
Administrators	\$ -	Title IV, Part A of the federal Elementary and Secondary Education Act (ESEA), provides supplemental resources to local school districts to build capacity and ensure that all students have access to a high quality educational experience.
Professional Salaries	\$ -	
Support Salaries	\$ -	
Contracted Services	\$ 10,000	
Travel	\$ -	
Supplies/Materials	\$ -	
Fringe Benefits	\$ -	
Grant Total:	\$ 10,000	

Manchester Essex Regional School District

Revolving Accounts Summary

The summary below shows projected revenues and expenses for each district Revolving Account, in addition to a brief description of the statutory authority by which the School Committee has established these accounts. Revolving accounts are for use with programs that generate revenues that are then used to offset that or other district wide programming. This is reflective of current accounts with their beginning balances as of **7/1/2025** along with projected ending balances as of **6/30/2026** (end of this fiscal year), which would be available for use if the estimated projections are accurate.

Account: School Lunch (#700)		
<i>Description</i>	<i>Budget Amount</i>	<i>Description</i>
Beginning Balance	\$ 48,785	This account, established under the authority of Chapter 548 of the Acts of 1948 is used for the operation of the Food Services program. All revenues, including lunch sales, Federal subsidies, and State subsidies are deposited into this account. All costs for our outsourced food service operations are paid out of this fund. Kitchen equipment repair and maintenance costs are also being charged to this fund.
Receipts	\$ 603,000	
Contracted Services	\$ (595,000)	
Equipment & Maintenance Costs	\$ (12,000)	
Projected End of Year Balance:	\$ 44,785	

Account: School Choice (#120)		
<i>Description</i>	<i>Budget Amount</i>	<i>Description</i>
Beginning Balance	\$ 276,575	This account, established under the authority of MGL Chapter 71, § 12B, is the depository for all receipts from the State for students attending the district through the School Choice program. Expenditures from this account are unrestricted. The funds are used to support health insurance costs and cover the costs of out of district costs associated with the School Choice program. The beginning balance is due to a large reimbursement being received on June 30th of <u>each year</u> . This receipt is applied to the following years costs as this is a cyclical timing issue that occurs each year.
Revenues	\$ 1,050,000	
Health Insurance Offset	\$ (500,000)	
Out of District Tuitions & Transportation	\$ (650,000)	
Other	\$ -	
Projected End of Year Balance:	\$ 176,575	

Account: Preschool Tuition (#480)		
<i>Description</i>	<i>Budget Amount</i>	<i>Description</i>
Beginning Balance	\$ 1,957	This account, established under the authority of MGL Chapter 71, § 26C, is the depository for all receipts from Tuitions for the District wide Preschool programs. Expenditures from this account are restricted to use for this program alone. Spending is primarily for salaries and detailed by category and line to the left. There are some supplies for the program purchased through this account.
Receipts	\$ 300,000	
Professional Salaries	\$ (238,719)	
Paraprofessionals Salaries	\$ (71,409)	
Supplies & Materials	\$ (6,500)	
	\$ -	
Projected End of Year Balance:	\$ (14,671)	

Account: School Building Use (#465)		
<i>Description</i>	<i>Budget Amount</i>	<i>Description</i>
Beginning Balance	\$ 304,154	This account, established under the authority of MGL Chapter 71, § 71E, is the depository for all receipts from groups and individuals who rent district facilities for non-district use. Use is restricted to maintenance and improvement of district facilities. Salaries for custodial coverage for rental events are paid for and budgeted from this fund. This fund will be used to meet some small facilities capital needs.
Receipts	\$ 50,000	
Expenditures (custodial OT)	\$ (42,000)	
Expenditures (capital)	\$ (50,000)	
	\$ -	
	\$ -	
Projected End of Year Balance:	\$ 262,154	

Account: Athletic User Fees (#410)		
<i>Description</i>	<i>Budget Amount</i>	<i>Description</i>
Beginning Balance	\$ 11,887	This account, established under the authority of MGL Chapter 71, § 47, is the depository for all funds collected via student fees for Athletics. Funds are available for general use, but are used entirely towards Athletics. This fund also houses the funds raised by the sponsorship banner program implemented in 2024. This program is intended to fund small capital needs of the athletics program.
Receipts	\$ 269,000	
Contract Services	\$ (60,000)	
Transportation	\$ (127,000)	
Supplies & Materials	\$ (60,000)	
Rentals (Sailboats, Pool, etc.)	\$ (20,000)	
Reserve for Banner Income Projects	\$ (13,000)	
	\$ -	
Projected End of Year Balance:	\$ 887	

Account: Special Education Tuition-In (#130)		
<i>Description</i>	<i>Budget Amount</i>	<i>Description</i>
Beginning Balance	\$ 264,575	This account, established under the authority of MGL Chapter 71, § 71F, is the depository for all receipts from non-resident students attending a district specialized program. Funds are restricted to the operating costs of the Special Education program, and are currently used to offset other tuitioned out students.
Receipts	\$ 258,309	
Expenditures (Out of District Tuitions)	\$ (260,000)	
	\$ -	
	\$ -	
	\$ -	
	\$ -	
Projected End of Year Balance:	\$ 262,884
