2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Ocean Shore School provides instruction in a nurturing environment for experiential learning through a combination of whole class, small group, and individualized instruction. Students are actively engaged as creative problem-solvers and critical thinkers. Parents, staff, and community members collaborate to develop educational programs and provide instruction. Parents assist throughout the school and coordinate special projects such as thematic projects, supporting classes in the library, and after school enrichment activities. Fostering strong family partnerships is a key component of how we support our students. Families are involved with our students by supporting their child at home, serving as chaperones on regular field trips for all grades, volunteering in various roles through various organizations like our Parent Teacher Organization, Pacifica Education Foundation and various school or district committees. A strong community is developed at Ocean Shore School for students, families, and staff. Our students have leadership opportunities and use restorative practices to address conflicts. We are committed to creating a positive climate for our diverse community.

The combination of all of these elements allows all of our students to achieve at a high academic level in an engaging, enriching and supportive environment that exists both inside and outside of the classroom.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.80	1.30
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.80	1.30

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	11.3	21.6
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
English Language Arts/Literacy (grades 3-8 and 11)	57	55	53	53	47	46
Mathematics (grades 3-8 and 11)	50	46	51	53	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

The opportunities for parent involvement at Ocean Shore are unique and outstanding. Our parents and teachers have built a nurturing community for students. Parent leadership on the School Site Council and the PTO has resulted in the implementation of many support programs at our school, including PE, gardens, K-2 music, science labs, art, and intervention support for Math and English Language Arts. Our Oceans 411 project, supported by grants and donations from the community, involves all staff and students. The entire school does a weeklong deep dive into one area of oceanography. Parents, staff and students will work together to create curricula, plan field trips, decorate the halls, and plan theme days. Our parents take on many committee and project leadership roles, and they work alongside our teachers in implementing a project-based learning environment.

In the 2021-22 school year, Ocean Shore was able to welcome parents back into our school to assist with teaching Art and volunteering in various capacities in our classrooms. A team consisting of administrators, teachers, staff and parents continued the work started during the 2019-2020 school year and collaborated on engagement practices that will hopefully engage more parents and lead to better academic outcomes. This team participated in multiple professional development sessions and shared practices with the rest of the staff.

During the 2022-23 school year, the Ocean Shore community dove back into many of the unique programs that were put on pause during the pandemic and its aftermath. Our Oceans 411 was fully implemented, with parents helping to create curricula for beach days that focused on marine life and ecology for all grades, Kindergarten-8th. Our 2022-23 theme was Polar Seas and parents made the halls of Ocean Shore come alive with polar bears, seals and other sea creatures. Parents worked with staff throughout the year to participate in theme days connected to the curricula as well as accompanying staff and students on field trips that ranged the gamut from the local post office to a week long trip to Yosemite for our 8th graders. These enrichment activities bring our curricula to life, and create lasting memories for students and parents alike.

2023-24 Opportunities for Parental Involvement

The 2023-24 school year brought our 50th anniversary as Ocean Shore/Laguna Salada Alternative School. Former alumni, staff and parents worked with our current PTO and staff to put together events that celebrated Ocean Shore's history. The anniversary party was educational as well as fun, and a fundraiser. Current and former parents and alumni put together displays tracing our history as an alternative/parent participation school as well as planning beach clean up days. Of course, field trips, theme days and Oceans 411 planning, this year, just as every year, provided opportunities for parents to get involved. Our current PTO and site council are also focusing on how to get more parents involved and are working on removing barriers to parent involvement such as providing child care at meetings/events and providing the option of joining PTO meetings via Zoom.

2023-24 School Safety Plan

Ocean Shore emphasizes the value of and the respect for our facility and our community. Our Site Council and PTO are active partners in maintaining a safe environment at school. Most of our class volunteers and all of our field trip drivers are screened by LiveScan.

During the 2020-21 school year, the staff and our parent community collaborated to keep Ocean Shore safe during the pandemic, first during distance learning, and then as we returned to school in a hybrid learning model. A detailed Return to School Plan was created using guidelines from the San Mateo Pandemic Recovery Framework and shared with the entire community via Zoom information meetings, a website and through school-wide and classroom communications.

In 2021-22, Ocean Shore modified our COVID-19 protocols to accommodate the return of all of our students to full time learning. We adjusted our return to school plan and began conducting safety drills once again. In 2022-23, we returned to conducting monthly drills and beefed up our volunteer and visitor sign in protocols. Regular volunteers wear identification badges that show that they have been fully screened to volunteer in the classroom. Visitors wear stickers that show that they

2023-24 School Safety Plan

have checked in with the office for the day. Gates are locked during school hours so that all visitors must enter through the door closest to the main office. In 2023-24, a buzzer system was added to our front office. Now, the doors are locked during the day and visitors need to be acknowledged and buzzed into the building by our office staff. As a staff, along with our PTO, we continue to fine tune our identification badge system.

We maintain emergency supplies on site, including food and water. The School Safety Plan was last reviewed, updated, and discussed with the school faculty and School Site Council in January 2024.

Fiscal Year 2022-23 Types of Services Funded

Ocean Shore's Counselor supports unduplicated pupils and other students through participation in the development of academic and behavioral support plans (when necessary via the SST process). The Principal monitors attendance and chronic tardiness, initiating interventions when appropriate and monitors the progress of our English Learners in the general education program. The principal is our 504 and SST coordinator. Other duties of the counselor and principal include supporting and reinforcing our Restorative Practices with unduplicated pupils, resulting in reduced suspension rates.

- Math Aide for 7/8 Combination Math Classes funded by School Site Supplemental Funding
- Math intervention support funded by School Site Supplemental Funding
- Reading intervention support funded by School Site Supplemental Funding
- 3rd-5th grade Music Teacher funded by Pacifica Education Foundation
- Playworks Recess Supervisor funded by the District
- Part time PE Instructor for grades K-5 funded by PTO

Professional Development

Pacifica School District has three district-wide Professional Development Days. These three days are aligned with district-wide initiatives based on student achievement and school climate data. In 2021-2022 our professional development was on the Big Five emergency procedures. We also had professional development on equity, inclusion, and English Language learners provided by the SMCOE. In 2022-2023, the first day was a series of training sessions around student and staff physical and emotional well-being and reviewing the BIG 5 and the District's COVID-19 Safe Schools Framework. The second was site-based training focusing on school and district-wide implementation of our district assessment, iReady, and the program's personalized instruction. K-5 teachers received Bridges Mathematics curriculum training 6-8th Science teachers had training on NGSS Aligned Instructional Sequences, and Social Studies teachers had training on incorporating more primary sources into history teaching and lesson planning. The third professional development day was around Universal Design for Learning (UDL). In 2023-2024, the first day was focused around identifying the dispositions and developing of Pacifica School District's Portrait of a Learner, The second district wide professional development day included reviewing the district goals and Portrait of a Pacifica Learner; introducing the Attendance "Strive for 95" campaign; equity training from the Anderson Group and Science training for all our TK-5 teachers and 6th-8th science teachers. The third day was spent in Sexual Orientation and Gender Identity/Expression training provided by The Coast Pride and Embracing Inclusivity and Our Diverse Community training provided by the Anderson Group.

Ocean Shore evaluates its program based on state and school assessments, yearly parent surveys, and progress in our designated areas of improvement: Language Arts and Math. Our staff meets once a month to discuss best practices and review professional learning goals.

In 2021-22, On-site professional development continued to focus on implementing restorative practices in the classroom guided by our school counselor and using our Caring School Communities Social/Emotional Learning Curriculum.

In 2022-23, On-site professional development focused on implementing the Zones of Regulation school-wide, led by our counselor and one of our special education teachers. We are also hoping to have county-led professional development on how to best implement the new recommendations concerning lockdown/barricade preparation.

In 2023-24, a representative from the SMCOE came and discussed how to best implement the new recommendations concerning lockdown/barricade preparation. We also participated in on site training for our iReady program in order to better use diagnostic results and personalized instruction.
