## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

In the 2019-2020 school year, a Cabrillo team consisting of administrators, teachers, staff and parents with guidance from a family engagement consultant, designed, developed, implement and evaluated family engagement practices that lead to increased academic outcomes. The team aligned family engagement practices with the School Plan for Student Achievement (SPSA) and LCAP goals and priorities. The team participated in a Family Engagement Celebration in June 2020 to celebrate these family engagement efforts and to identify additional actions to continue to achieve the school's family engagement goals.

In the 2020-2021 school year, Cabrillo parents along with parents from throughout the district, participated in regularly scheduled meetings (Parent Advisory and Return to School Task Force) geared to providing input in the development of the redesign of the Distance Learning Program and the Continuum Learning Program (Distance, Hybrid, Full Return) plans. During the 2021-2022 school year, guidelines are ever-changing due to covid. However, we are all back on campus and we are safely and carefully allowing a smaller and controlled number of parents on campus to keep our special programs running. Parent volunteers continue to be an integral part of what makes Cabrillo such a tight-knit school community.

The PTO at Cabrillo provides funds and volunteer support for our visual and performing arts program, field trips, assembly programs, classroom projects, curriculum and program enrichment, the library/media center, study trips, and numerous other activities. With the guidance of teachers, our parent volunteers teach literature circles, art, music, drama, and PE classes. Parents can become involved in leadership through the PTO and School Site Council. We ask that families continue to volunteer at least 40 hours per child each year, if possible under current guidelines. Cabrillo's programs rely on this high level of parent involvement to support our programs and improve the student-to-adult ratios. For more information on how to get involved, please contact Principal Annie Flores-Aikey, at 650-738-6660 or [afloresaikey@pacificasd.org](mailto:afloresaikey@pacificasd.org).

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

During a normal school year, our staff members supervise students and monitor school grounds throughout each day and we routinely review school and playground safety rules with students. All visitors must sign in at the front desk when they arrive on campus, wear a visitor's badge while on school grounds and sign out when they leave. Our Safety Plan is updated and reviewed with staff members at the beginning of each school year and is available for review at the school and on the school website. The Safety Plan outlines responsibilities and procedures for everyone on site in the event of a school-wide or community emergency. It is meant to be used as a guide for "Best Practices" and flexibility if emergency procedures need to be implemented.

The Safety Plan includes The Big Five Safety Protocol, which describes five immediate action responses in a given emergency. These include: Shelter in Place; Drop, Cover, and Hold on; Secure Campus; Lockdown/Barricade; and Evacuation. School site emergency drills are held monthly to simulate staff and student actions during an emergency. After each drill, the school debriefs in an effort for continual improvement. We keep emergency supplies on campus such as first aid supplies, food, water, and a generator that provides electricity to our multipurpose room. Our site also has a satellite phone in the event of disrupted landline and cellular service. District personnel, local officials, and our county office of education contributed to the development our safety plan.

This year, due to COVID 19 our safety protocols also deal with health and safety during a pandemic. Staff members and students are involved in weekly pool testing, and rapid-testing as necessary. We are following all county health protocols and the mask mandate and frequent hand washing and sanitizing are being done by everyone on the school site.

## Professional Development

Pacifica School District has at least three district-wide Professional Development Days annually. These 3 days have focuses aligned to district-wide initiatives which are based on student achievement and school climate data.

In 2019-2020, the first day was focused on The BIG 5 and a School Site Safety Procedures and Plan. The second day was focused on Restorative Practices. The third day was site-based with a focus on school and district-wide initiatives of Family Engagement, Cycle of Inquiry/Improvement Science, Restorative Practices, Readers/Writers Workshop and the 6-8 Science Adoption. Pacifica School District provides our new teachers and staff with Curricular-based Professional Development each year, including Readers/Writers Workshop, TCRWP ELD, Bridges Mathematics, CPM Math and Fountas and Pinnell Reading Assessments trainings.

In 2020-2021, the first two district wide professional development days focused on preparing for starting off the school year in full distance learning. Staff participated in accelerated learning training and the promotion of Social and Emotional development as we started the year from a distance. The third day's focus was on the San Mateo County Pandemic Recovery Framework, development of a report card standards and social emotional wellness specifically self care and trauma using the Community Resiliency Model. The fourth professional development day included training on Health and Safety and on the social emotional learning curriculum Caring School Communities.

In 2021-2022, school and district staff have participated in I-Ready training, which helps staff assess a student's current levels in English language arts and math. All staff has also participated in several sessions of Caring School Communities training, which offers lessons in Social-Emotional Learning. Finally, select staff have formed a "Family Engagement Team". This team has engaged in formal training, in order to learn ways to best partner with families.

Cabrillo staff attends all district-wide professional development. All K-5 teachers are trained in the Bridges Math Program. We are working with the Next Generation Science Standards (NGSS), and are continuing conversations around appropriate curriculum. On Wednesdays, there is at least one monthly meeting with the entire staff where all areas of school life are discussed and the school calendar is updated. On all other Wednesdays, teachers collaborate either in department or grade level meetings. Teachers at Cabrillo also search for opportunities to grow as 21st Century Educators, by signing up for workshops and other PD opportunities on their own. Also discussed are Positive Behavior Interventions and Support (PBIS) and other ways to promote a positive school climate, while eliminating incidents of bullying.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school’s local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs’ federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
