CAREER DAY IS MAY 6, 2026

Maria Montessori believed that we should "Free the child's potential and transform him into the world." Early childhood is an ideal time to introduce students to careers. We want to invite our community to come out and share your careers with our students while helping to free their potential. Students are invited to dress up in attires that represent the careers that they wish to pursue.

We hope that you will consider joining us and be a part of sharing your career to shape the future of our scholars! We would love to have you and or your company take part in CGMA's Career Day!

If you are interested in showcasing your career or taking part on this day as a helper, please complete a google form by clicking the link below.
