

CISD Regular Board Meeting
President's Report
April 13, 2026

Good evening

I am pleased to provide an update on our district's participation in the USA 250 initiative, a nationwide effort to commemorate and celebrate the 250th anniversary of the founding of the United States of America.

Our district is committed to honoring this historic milestone through meaningful educational programming, student engagement activities, and community partnerships. We have developed curriculum connections and school-based events that bring this anniversary to life for our students and staff.

I am also pleased to report that we are in the final stages of selecting the membership for all seven transition teams that have been established to advise the district and board on managing future capacity adjustments.

These teams represent a thoughtful cross-section of our community, including parents, educators, administrators, community members, and other key stakeholders. They will play a vital role in guiding our work as we evaluate and plan for the district's long-term facility needs due to declining enrollment.

We anticipate full membership confirmation in the next few weeks with the first meetings taking place in May. Once complete, the teams will be formally introduced and their purpose, meeting schedules, and reporting process will be communicated to the broader community. I want to thank everyone who has expressed interest in serving and commend our staff for their work in organizing this process.

Lastly, graduation season is nearly upon us, and it is always one of the most meaningful times of the school year. Our graduation ceremonies are scheduled for May 22nd, and we look forward to celebrating the achievements of our graduating seniors and their families at that time.

This is a tremendous milestone for our students. It is a culmination of years of dedication, hard work, and growth.

Additional details regarding the ceremony will be forthcoming.

On behalf of the entire board, congratulations in advance to the Class of 2026.
