90%

**of a child's
brain development
happens before
the age of 5!**

Help Minnesota's youngest learners grow and develop.

Helping children build early literacy and numeracy skills ignites a love of learning and sets them up for success. To help more preschool children make a strong start, Early Learning Corps trains people to make an incredible impact as tutors.

By placing tutors in preschool classrooms, our youngest learners get extra academic support and encouragement. Tutors spend their days talking, singing, playing, reading and writing with children to help them build their skills and confidence.

The goal is to help early learners build strong foundations, and it's working! Be part of helping preschool children discover the joy of learning. Become an Early Learning Corps Tutor!

 **Early
Learning
CORPS**

Help our youngest learners start strong.

Early Learning Corps helps kids grow and develop by training people just like you to be effective tutors. No experience is needed; we provide all the training and ongoing support! Our evidence-based program works and has already helped more than 100,000 students nationwide.

As an Early Learning Corps Tutor you will:

- Serve in a school setting (full-time and part-time options are available)
- Work one-on-one or in small groups with students who need targeted skills practice
- Collaborate with a classroom teacher to help students build both skills and confidence
- Track student progress and regularly meet with the school's on-site coach

Most anyone can make a great tutor. The most important qualification is your passion and desire to make a difference! To review minimum qualifications and additional details, visit us online at Join.ReadingandMath.org.

Early Learning Corps Works!

Preschoolers in classrooms with Early Learning Corps substantially outperformed their peers in emergent literacy outcomes.

Math Corps works for students!

Math Corps students were two times more likely to achieve math fact fluency and meet end-of-year math benchmarks.

Help kids in Minnesota solve problems - become a tutor!

Students who are ready for algebra by the end of 8th grade are much more likely to excel in school and in their future careers. In Minnesota, fewer than a third of our 8th graders are proficient in math. Together, we can help change this!

Math Corps trains people to make an impact as math tutors. Our tutors are placed at local schools where they help students strengthen their math skills. The extra support results in incredible growth, and your time makes all the difference. Be part of helping more kids succeed with math - become a tutor!

Math can multiply a student's future opportunities.

Math Corps helps kids build essential math skills by training people just like you to be effective math tutors. No experience is needed; we provide all the training and ongoing support! Our evidence-based program works and has already helped more than 44,000 students nationwide.

As a math tutor you will:

- Serve in a school setting (full-time and part-time options are available)
- Work with groups of 2-3 students who need targeted skills practice
- Support students with developing math skills
- Track student progress and regularly meet with the school's on-site coach

Most anyone can make a great tutor. The most important qualification is your passion and desire to make a difference. To review minimum qualifications and additional details, visit us online at Join.ReadingandMath.org.

More Than 2/3

of students need individual support to read and do math proficiently

Source: Nation's Report Card, 2022

Help students succeed with reading and math.

Nationwide, fewer than one-third of our students are proficient in reading and math. Together we can help give kids more – more opportunities, more success and more confidence.

Whether helping preschoolers make a strong start, supporting K-3 students with reading, or working with middle school students to build foundational math skills, we train everyday people to make an incredible impact as tutors. Placed at local schools, our tutors provide extra practice and support to help students become stronger learners. Be part of creating more success stories – become a tutor!

Make a difference, tutor kids!

Our programs help kids become stronger learners by training people just like you to be effective tutors. No experience is needed; we provide all the training and ongoing support! Our proven programs work and have already helped more than 500,000 students nationwide.

As a tutor, you will:

- Serve in a school setting (full-time and part-time options are available)
- Work with pairs or small groups of students who need extra practice and skill-building
- Track student progress and regularly meet with the school's on-site coach
- Be a caring adult who's focused on helping students build their skills and confidence

While you're making a difference, you'll receive a paycheck every two weeks and qualify for tuition assistance, federal student loan forbearance and interest repayment, and more!

Reading Corps works for students!

After a single semester of tutoring, the average kindergarten student in Reading Corps **performs twice as well as their peers.**

Help Minnesota kids learn to read – become a reading tutor!

We know that students who are strong readers by the end of 3rd grade are more likely to be successful learners and graduate high school. In Minnesota, fewer than a third of our 4th graders are proficient in reading. Together, we can help change this!

Reading Corps trains people to make an impact as tutors. Placed at local schools, our tutors provide one-on-one or paired support to help students become better readers. The extra practice results in incredible growth, and your time makes all the difference. Be part of helping more kids excel at reading – become a reading tutor!

QUESTIONS? Call 866-859-2825

Students who read have the power to succeed.

Reading Corps helps kids become stronger readers by training people just like you to be effective reading tutors. No experience is needed; we provide all the training and ongoing support! Our evidence-based program works and has already helped more than 300,000 students nationwide.

As a reading tutor you will:

- Serve in a school setting (full-time and part-time options are available)
- Work one-on-one or with pairs of students who need targeted skills practice
- Conduct tutoring sessions that are 20 minutes long (that's an extra 100 minutes of weekly support for students!)
- Track student progress and regularly meet with the school's on-site coach as well as one of our coaching specialists

Most anyone can make a great tutor. The most important qualification is your passion and desire to make a difference. To review minimum qualifications and additional details, visit us online at Join.ReadingandMath.org.
