INFECTIOUS DISEASES

In order to safeguard the school community from the spread of certain communicable diseases the superintendent shall implement procedures assuring that all school buildings are in compliance with state board of health rules and regulations regarding the presence of persons who have or have been exposed to infectious diseases deemed dangerous to the public health. Such procedures shall also prescribe the manner in which safeguards are taken to remove the danger to others.

The district shall require that the parents or guardian complete a medical history form at the beginning of each school year. The nurse or school physician may use such reports to advise the parent of the need for further medical attention and to plan for potential health problems in school.

The board authorizes the school principal to exclude a student who has been diagnosed by a licensed health care provider (LHP) physician or is suspected of having an infectious disease in accordance with the regulations within the most current *Infectious Disease Control Guide for school staff*, provided by the Department of Health. The principal and/or school nurse will report the presence of suspected case or cases of reportable communicable disease to the appropriate local health authority as required by the State Board of Health. The district and its staff will treat all such information concerning a student's present and past health condition ~~shall be treated as~~ confidential. The principal shall cooperate with the local health officials in the investigation of the source of the disease.

The fact that a student has been tested for a sexually transmitted infection disease, the test result, any information relating to the diagnosis or treatment of a sexually transmitted infection disease, and any information regarding drug or alcohol treatment for a student must be kept strictly confidential. If the district receives authorization to release ~~has a release~~ information, the district may disclose information pursuant to the restrictions in the release.

A school principal and/or nurse has the authority to send an ill child home without the concurrence of the local health officer, but if the disease is reportable, the district must notify the local health officer. ~~must be notified~~. The local health officer is the primary resource in the identification and control of infectious disease in community and school. The local health officer, in consultation with the superintendent can take whatever action deemed necessary to control or eliminate the spread of disease, including closing a school.

Grand Coulee Dam School District
Adoption Date: **September, 2010**
Revised: **1.18**

Title: **Associated Student Bodies**

Code: 3510

An associated student body (ASB) will be formed in each school within the district whenever one or more students in that school engage in money-raising activities with the approval and at the direction or under the supervision of the district.

An ASB will be a formal organization of students, including sub-components or affiliated student groups. Each ASB will submit a constitution and bylaws to the board for approval. The constitution and bylaws will identify how student activities become approved as student body activities and establish standards for their supervision, governance, and financing.

Subject to such approval process, any lawful activity that promotes the educational, recreational, or cultural growth of students as an optional extracurricular or co-curricular activity may be considered for recognition as an ASB activity. Any lawful fundraising practices that are consistent with the goals of the district and that do not bring disrespect to the district or its students may be acceptable methods and means for raising funds for student body activities. The board may act or delegate the authority to a staff member to act as the ASB for any school that contains no grade higher than grade six.

The school principal will designate a staff member as the primary advisor to the ASB and assure that all groups affiliated with the ASB have an advisor assigned to assist them. Advisors will have the authority and responsibility to intervene in any activities that are inconsistent with district policy, ASB standards, student safety, or ordinarily accepted standards of behavior in the community. When in doubt, advisors will consult with the school principal regarding the propriety of proposed student activities. Student activities cannot include support or opposition to any political candidate or ballot measure.

Each ASB will prepare and submit annually a budget for the support of the ASB program to the board for approval. All property and money acquired by ASBs, except private nonassociated student body funds, will be district funds and will be deposited and disbursed from the district's ASB program fund.

Money acquired by ASB groups through fundraising and donations for scholarships, student exchanges, and charitable purposes will be private nonassociated student body fund moneys. Solicitation of funds for nonassociated student body fund purposes must be voluntary and must be accompanied by notice of the intended use of the proceeds and the fact that the district will hold the funds in trust for their intended purpose. Nonassociated student body fund moneys will be disbursed as determined by the group raising the money. Private nonassociated student body funds will be held in trust by the district for the purposes indicated during the fundraising activities until the student group doing the fundraising requests disbursement of the funds and the accounts of the fundraising are complete and reconciled.

The board may establish and collect a fee from students and nonstudents as a condition to their attendance at, or participation in, any optional noncredit extracurricular district event of a cultural, social, recreational, or athletic nature. If the board establishes such a fee or fees, the superintendent or designee will establish a procedure for waiving fees for students who are eligible to participate in the federal free or reduced-price meals program and for reducing fees for students' family members and other nonstudents sixty-five or older who, by reason of their low income, would have difficulty in paying the entire amount of such fees. Fees collected pursuant to this paragraph shall be deposited in the ASB program fund of the district.

Classification: Essential (Required if students raise money for school activities)

Last Revised: **August 20, 2020**

Classification: **Critical**
