Flex Summer Independent Study Quick Reference Guide

Registration: Click [HERE](#) to register online (Current 11th - 12th grade students only).

Both the online registration and form are required for a complete registration. A final letter will be mailed/emailed prior to summer independent study starting to confirm registration.

Dates & Location: Wed, Jul 1 – Friday, August 14 @ Bridges ALC. Times scheduled based on teacher availability which will vary through the summer.

Times and Attendance: Students must register a minimum of 13 hours per class with a teacher. Teacher availability will be posted in Schoology and will vary during this summer based on staff availability. It is the student's responsibility in this program to have met with teachers based on teacher availability - the school will not be scheduling times with teachers and students. If students do not meet the required hours credits will not be added to transcript.

Format: Students will be assigned curriculum through our online Edmentum learning environment. Students must complete the curriculum, pass the class AND have a minimum of 13 hours per class with a teacher which can be done in-person or via a Google Meet. Classes will be delivered through Edmentum, a digital curriculum. Due to the online nature of the classes students can also work on classes outside of school. Students that do not meet the minimum required 13 hours of school attendance AND pass the class will not receive credit for the class. Counselors will select and register students for appropriate classes.

Grade: Credits will be added to the student's transcript with a 'P' once all course requirements are met.

Credits: Each class will make up 1 quarter class (0.25 credits). A maximum of four classes are available to be made up for Flex Summer Independent Study.

Transportation and food: Transportation and food are not provided. There are no parking fees at Bridges ALC.

Contact information: summercreditrecovery@plsas.org

What is the difference to Structured Summer School? Structured Summer school is a shorter session and has required daily attendance. Students who work better with a structured schedule with more teacher oversight should choose structured.

Our mission is to inspire and empower students to reach their full potential
