For more information on immunization requirements,
including medical exemptions, visit www.shotsforschool.org.

STUDENTS ENTERING SEVENTH GRADE MUST MEET ALL IMMUNIZATION REQUIREMENTS FOR THEIR AGE GROUP

California law requires all students entering seventh grade to be up to date with their immunizations. Students must show proof of having had the vaccine before the first day of school.

- Diphtheria, Pertussis, and Tetanus (DPT)
- Measles, Mumps, and Rubella (MMR)
- Polio
- Hepatitis B
- Varicella (Chickenpox)
- Tetanus, Diphtheria, and Pertussis (Tdap)

Students will not be allowed to enter school, participate in sports, or receive a class schedule until they submit proof of up-to-date immunizations. If your child is not immunized with one or more of the required immunizations due to a medical reason, you will need to submit to your school a Permanent or Temporary Medical Exemption signed by a Medical Doctor (MD) or a Doctor of Osteopathy (DO).

Your healthcare provider will need to assist you with updating your child's vaccines. If you do not have a doctor or have questions about immunizations in general, please contact the Sonoma County Immunization Coordinator, (707) 565-4573.
