Welcome to Early Childhood Family Education

Greetings and welcome to Minnetonka Public Schools!

We are thrilled to have your family consider our Early Childhood Family Education (ECFE) program opportunities for the coming year.

ECFE and Preschool are often the first steps in a child's Minnetonka Schools journey. As you explore our classes, we hope you'll notice what makes them so special. A central part of it is the connection of caring, experienced teachers who create engaging and personalized learning opportunities in a welcoming and student-centered environment. We also offer flexibility, with options designed to fit a variety of family schedules and needs.

Our community is a place where every child is valued, supported and inspired to grow with confidence and curiosity. Here, students learn to explore their world and build a foundation for a future full of possibilities. Most importantly, we believe parents are partners in every step of the journey. We can't wait to get to know you and your child, and to work together to make these early years joyful and meaningful.

Warmly,

David Law
Superintendent of Schools

What is Early Childhood Family Education?

Early Childhood Family Education (ECFE) is where families find the support, connection, and confidence every parent deserves. Licensed parent educators lead meaningful learning for adults, and licensed early childhood teachers create nurturing, play-based experiences for children. Parents and caregivers learn with and from each other while children play, explore, and grow in a safe, welcoming environment. ECFE celebrates the diverse cultures, perspectives, and parenting styles in our community, creating a place where every family feels seen and supported. More than a class, ECFE builds relationships, strengthens parenting confidence, and lays the foundation for healthy child development.

Раннее семейное образование для детей – это место, где семьи находят поддержку, общение и уверенность, которые заслуживает каждый родитель. Лицензированные педагоги для родителей проводят значимые занятия для взрослых, а лицензированные учителя раннего детства создают заботливую, игровую среду для детей. Родители и опекуны учатся друг у друга, пока дети играют, исследуют и развиваются в безопасной, гостеприимной обстановке. ECFE ценит разнообразие культур, взглядов и стилей воспитания в нашем сообществе, создавая пространство, где каждая семья чувствует себя замеченной и поддержанной. ECFE – это больше, чем просто занятия; это строит отношения, укрепляет уверенность родителей и закладывает основу для здорового развития ребенка.

Waxbarashada Qoyska ee Hore ee Carruurta (ECFE) waa meesha qoysasku ka helaan taageero, xiriir, iyo kalsooni ay mudan yihiin waalidiinta oo dhan. Macalimiinta shatiga leh ee waalidka waxay hagaan barasho macno leh oo loogu talagalay dadka waaweyn, halka macalimiinta shatiga leh ee horumarinta carruurta ay abuuraan khibrado daryeel iyo ciyaar-ku-saleysan oo carruurta ah. Waalidiinta iyo daryeelayaasha waxay wax ka bartaan midba midka kale iyada oo carruurtu ciyaarayaan, baadhayaan, oo ku koraan jawi ammaan ah oo soo dhawayn leh. ECFE waxay xushmeyneysaa dhaqamada kala duwan, aragtiyaha, iyo qaababka tarbiyada ee bulshadeena, iyadoo abuuraysa meel qoys kasta dareemo in la arko lana taageero. ECFE waa wax ka badan fasal; waxay dhistaa xiriirro, xoojisaa kalsoonida waalidnimo, waxayna dhistaa aasaaska horumarinta caafimaad ee ilmaha.

La Educación Familiar de la Primera Infancia (ECFE) es un espacio donde las familias encuentran el apoyo, la conexión y la confianza que todo padre merece. Los educadores parentales con licencia guían aprendizajes significativos para los adultos, y los maestros de educación infantil con licencia crean experiencias de juego y aprendizaje cuidadosas para los niños. Los padres y cuidadores aprenden unos de otros mientras los niños juegan, exploran y crecen en un ambiente seguro y acogedor. ECFE celebra las diversas culturas, perspectivas y estilos de crianza en nuestra comunidad, creando un lugar donde cada familia se sienta vista y apoyada. Más que una clase, ECFE construye relaciones, fortalece la confianza parental y sienta las bases para un desarrollo infantil saludable.

Creating a Safe Space to Learn to Separate

Our model of separation is gradual. Strong adult-child relationships provide young children with a sense of **comfort**, **safety**, **confidence**, and **encouragement** as they grow more independent. The gradual separation progression in our ECFE classes is an intentional, developmentally appropriate practice that supports the attachment relationship.

What does separation look like in ECFE?

- **Non-Separating Classes:** Parents remain in the parent-child room for the entire session.
- **Gradually Separating Classes:** Parents transition from being in the parent-child room to a separate discussion room over time.
- **Separating Classes:** Parents move to a different room for discussion after the parent-child activity time, while the children enjoy a light snack and further explore the classroom with guidance from a licensed Early Childhood teacher and support staff.

Helping Us Grow (HUG)

We can't wait to meet your new arrival! Schedule your free parent educator visit today.

Every family in the Minnetonka School District with a child from birth-36 months is eligible for a free gift and parenting resource bag courtesy of Minnetonka Schools, local community partners, and Helping Us Grow. A licensed parent educator will come to your home to drop off the bag and set up a time to meet with you either virtually or in person. We would love the opportunity to get to know you and your family!

Other Classes

Oh Baby | Birth-12 months | Non-Separating

Meet other families with newborns and enjoy time with your new baby. Spend the entire class together, engaged in sensory and movement activities and a licensed educator-led discussion. Learn about your baby's growth and development, how to develop healthy eating and sleeping habits and what research tells us about your baby's important first experiences. *Sign up for the full session or 10 weeks at a time.*

Mondays, Sept. 14-June 7, 11 AM-12:15 PM *

Rise & Shine | 1-4 years | Separating

Experience a winter Saturday morning learning adventure. Enjoy quality time playing and learning together through activities designed for you and your child. Enhance your parenting skills through engaging discussions while your children interact with their peers and teachers. During separation, your child will enjoy a snack and playtime in the gym. Register for Rise & Shine on its own, or add Stay & Play to extend the fun with an additional 30 minutes in the MCEC gym after class.

Saturdays, Jan. 9-March 20, 9-10:30 AM

Let's Play! | 18 months-3 years | Non-Separating

Caregivers and children learn together in this fun, hands-on class all about the power of play. Perfect for nannies, grandparents, and new parents, this class shows how simple, everyday moments can spark learning and connection. Led by a Licensed Early Childhood Educator, we demystify the idea that play needs to be planned or elaborate. You will explore easy ways to notice, join, and support children's natural play while you play alongside them.

Mondays, Sep. 14-June 7, 10:45-11:45 AM

**Our programs
support caregivers
of children from
birth through the
teen years.**

**Ready-Set Preschool | 30-35 months |
Separating (on parent-child day)**

We recognize that children develop along a continuum and this class is perfect for children who are working towards the independence skills needed for preschool. This unique blend of parent-child time and peer group interaction offers an introductory preschool experience. The child-only day gives your child a chance to interact independently with peers and is led by a licensed early childhood teacher. The parent-child day is playtime together, followed by a separate discussion led by a licensed parent educator.

Finding Community with ECFE:

A conversation with Jess Marcantonio, mom of three.

Jess, when did you start participating in Minnetonka ECFE classes?

I started participating in ECFE classes when my oldest was only 7 months old, about 7 years ago! I have been in ECFE classes with all three of my kiddos from only months old to when they start preschool. I cannot believe I'm currently in my last ECFE class ever, [it] makes me emotional.

How did you hear about ECFE?

I was a Kindergarten teacher in the Minnetonka district and knew that when I had kids, I wanted to make sure I did ECFE with them. I knew a lot about 6-year-olds and knew nothing about babies!!

Tell me what you like most about Minnetonka ECFE?

There is so much to love about Minnetonka ECFE but some of my favorite things are the teachers and all the activities they prepare for us in class. They are well thought out, age-appropriate, and so engaging for these kiddos!

Not everyone knows about ECFE. Why would you recommend ECFE to others?

I have been recommending Minnetonka ECFE to everyone I meet for years, especially first-time parents!! I think that it was one of the things that saved me when I first started staying at home with my firstborn. I didn't have a close "stay-at-home" community and with being a very social person, it was crucial for meeting other people in the same stage of life. It also helped me learn how to deal with obstacles that I would face as a first time parent and even still today helps me with my third who is so different from my first two. I learn something new each year I take ECFE. I can't say enough good things and I'm so thankful we live in a state that offers ECFE. How lucky are we?

“

I have met so many parents and nannies through ECFE. Some of my closest friends today I met in ECFE and we have continued our friendship through elementary school.

— Jess Marcantonio

Individualized Parent/Caregiver Coaching & Family Support

Children do not come with instructions and parenting does not have a manual. Family Education is a state supported program offered through school districts, designed to give parents and caregivers real, research-based support during every stage of their child's development.

Parents and caregivers can meet one on one with a licensed Parent Educator for individualized coaching. Together, you can talk through challenges, explore new strategies, and discover what works best for your unique family.

Whether you are navigating toddler behaviors, school transitions, sibling conflict, or even the teenage years, support can make all the difference. ECFE is here to help you feel confident, connected, and ready for whatever comes next.

Bubble Science Fun

Mix, play, and explore with your own homemade bubbles!

Recipe:

- 1 cup water
- 2 TBSP light corn syrup
- 4 TBSP dish soap

Blow bubbles using a wand, straw, or your hands.

How big can you make them?

The Science:

The ingredients are stretchy, so when you blow air in, the solution stretches and traps it inside to form a bubble!

Make It a Challenge:

- Who can make the biggest bubble?
- Can you catch a bubble without popping it?
- What happens if you change the amount of soap or corn syrup?

“

Play is often talked about as if it were a relief from serious learning. But for children, play is serious learning. Play is really the work of childhood.
