Guidance Counselor: Mrs. Tara McBride (M-Z)

Dear Parents and Guardians,

As we approach the upcoming Pennsylvania System of School Assessment (PSSA) testing window, we would like to share important information to help ensure a smooth and successful testing experience for all students.

PSSA testing will begin on **April 21**, and this year, all assessments will be administered online. In order to prepare, it is essential that each student brings both their **school-issued Chromebook and charger** to school on April 17.

To support consistent and reliable testing conditions, Chromebooks will **remain in school for the duration of the testing window**. This will allow us to ensure that devices are properly charged, updated, and ready for use each day of testing.

Please help your child remember to bring their Chromebook and charger on April 17. Students who do not bring their devices during the testing window may experience delays in testing.

We appreciate your support in helping us maintain a focused and organized testing environment. Thank you for your cooperation and continued partnership in supporting our students' success.

Sincerely,

Steven A Shields

Steven A. Shields, Principal
