

CLASS: year 9- all

These independent learning tasks should be completed by 15.05.2026. All completed tasks will be rewarded with positive points.

Mathematics and numeracy Enterprise and finance	English, literacy and communication	Science and technology	Humanities
<p>This half term will have a focus on sequences, ratio, proportion, numerical reasoning, the value of money and financial ethics. Complete the task on Google Classroom looking at calculating the n^{th} term rule for a given sequence, sharing in a ratio when the total is unknown, calculating proportion using the unitary method, numerical reasoning and financial literacy questions. Pupils can access lots of questions to review their learning on MathsWatch and all the login information can be found through Google Classroom.</p>	<p>This half term we will continue our focus on texts related to power, propaganda and conflict. Two different short stories will be posted on Google Classroom. Your task is to read, one, or even both, of these stories. Once you have read the story, create a poster that includes illustrations, quotations and key vocabulary that relate to the story you have read. Show this poster to a member of English staff, who will be thrilled to discuss the text with you.</p>	<p>Independent learning task sheet has been uploaded onto the Google Classroom. All work needs to be uploaded to the drive or put in the homework box to get your point.</p>	<p>Research climate change. Explain what it is, its main causes, and three impacts on the planet. Investigate one real-world example of a cause (e.g. the impact that fast fashion or deforestation has) and suggest two actions people or governments can take to reduce its effects. Present your findings clearly with at least two reliable sources.</p>
Expressive arts	Well-being	Languages: Welsh	Languages: Spanish
<p>Create a presentation researching artists that are inspired by food. Find at least three artists that use food as an inspiration and give your opinion of their work.</p>	<p>My 24-hour well-being challenge Choose one activity that improves your well-being (e.g., going for a walk, putting your phone away early, exercising, spending time with family or friends, listening to music, or practising a hobby).</p> <ul style="list-style-type: none">• What activity did you choose?• How did it make you feel?• Would you do it again? Why?	<p>Create a mind map about what there is to do in the area in which you live. This should include facilities, historical attractions and natural attractions.</p>	<p>Find a Spanish speaking country and create a presentation. Where is it? What is the culture? What other languages do they speak? What is the country famous for? Why should someone visit the country?</p>
