II. Strategic Technology Planning

Page Last Modified: 10/24/2025

II. Strategic Technology Planning

1. What is the overall district mission?

The mission of Fillmore Central School District is to provide a student-centered and community-supported learning environment that enables students to achieve personal excellence, both academically and behaviorally, and fosters life-long learners who are responsible, caring, and productive citizens. Fillmore CSD will be a model regional school where all students learn, grow, and succeed, by using technology as a learning tool, by providing diverse learning opportunities, by inspiring academic excellence and by maintaining fiscal stability.

2. What is the vision statement that guides instructional technology use in the district?

Fillmore Central School's vision for technology use for the Board of Education, administrators, teachers, staff, and students includes:

Instructional Learning: Assessing the needs of students, staff, and community members, and delivering instruction that closes academic gaps by focusing on district standards. Increasing technology use in meaningful ways that is relevant, engaging, and challenging to maximize student achievement in all grade levels. Fillmore Central School is intent on creating learning opportunities that will prepare students for success beyond the classroom.

Technology: Incorporating the use of technology in the district that can lead to personalized learning, greater student engagement, and equipping students with digital citizenship. Technology is and will be part of the learning process at all ages and grade levels.

Culture: Emphasize the everyday use of technology within the district to provide a safe and secure school and community environment.

Teaching digital citizenship standards to prepare students and staff members how to thrive in an always changing digital age.

Communication: Students and staff members will utilize communication platforms that will enhance the learning environment. These platforms will be utilized to create an environment where teachers and staff can effectively communicate with each other and community members.

Curriculum: Students will learn to process information in various platforms and resources through the use of digital citizenship standards. Students will effectively show adherence to digital citizenship standards by remaining informed and utilizing technology tools and platforms in and out of the classroom.

3. At the start of the 2026-27 school year, will the district provide a dedicated mobile device for every student in all grades?

Yes

Instructional Technology Plan - 2026-2029 Instructional Technology Plan**V. NYSED Initiatives Alignment**

Page Last Modified: 10/24/2025

V. NYSED Initiatives Alignment

1. How will the district's use of instructional technology support a comprehensive and sustained effort to improve student performance and academic standards, while also addressing the need to provide equitable learning opportunities "everywhere, all the time" (National Technology Plan)?

Fillmore Central School has integrated various products and resources to improve student performance and meet academic standards. Fillmore has a 1:1 device plan in place where each student has a device for local and remote learning. Students in Pre-Kindergarten through Fourth Grade receive iPads at the beginning of the school year. Teachers have the same type of device and can choose whether students will need the devices at home to complete work. Students in Fifth through Twelfth grade receive Dell Latitude laptops at the beginning of the school year. Students can take their devices home with them as needed to complete coursework. All teachers have Dell Latitude laptops to align with student devices.

Teachers have interactive displays in classrooms for showcasing content and increasing student engagement. Teachers can create activities while using the interactive displays in the classrooms. Some platforms in use at Fillmore that would include the use of the interactive displays: Kahoot, SMART Notebook, MyViewboard, Office 365, Flocabulary. Teachers can also use the district-assigned iPads to cast their screens to the interactive displays in classrooms to show students how to complete activities on their devices.

Teachers use assessments in software platforms (i-Ready, Renaissance, AimsWebPlus, etc.) to measure levels of achievement and learning gaps. These assessments occur weekly through the use of the student 1:1 devices. Results are recorded and shared with Principals to adjust curriculums for improved results.

Teachers use Microsoft Teams to post assignments, create a safe communication platform, and to increase student engagement with each other through assignments and projects. Teams can also be used as a remote learning platform when needed.

Fillmore Central School will continue the 1:1 device program through the use of grants and district funds. FCS will replace network devices to maintain a relevant and adequate network infrastructure meeting student and staff needs.

2. **At the start of the 2026-27 school year, will the district offer full-time virtual instruction to any students? (Select all that apply)**

- ☐ Yes. Our district operates a full-time virtual instruction program.
- ☐ Yes. One or more of our students will attend a program operated by a BOCES or another public school district.
- ☒ None of our students will participate in a full-time virtual instruction program.
- ☐ Other

3. If the district files or has filed a Smart Schools Investment Plan (SSIP) to apply for Smart Schools Bond Act funds, all responses in this survey align with the district's response to any related question(s) in the SSIP.

Yes

For help with completing the plan, please visit ITP Resources on our website, contact your district's RIC, or email edtech@nysed.gov.
