

JOB DESCRIPTION

Job Title	Secondary Instructional Coach
Department	Teaching and Learning
Reports To	Building Principal
Classification	Certified
Location	
Salary	On Schedule
Length of Contract	189 days as assigned by Building Principal

This job description in no way states or implies that these are the only duties to be performed by the employee occupying this position. Employees may be required to follow other job-related instructions and to perform other job-related duties as requested, subject to all applicable state and federal laws. Certain job functions described herein may be subject to possible modification in accordance with applicable state and federal laws.

Job Summary

The Instructional Coach serves as part of the school leadership team and is responsible for bringing evidence-based practices into classrooms by working with and supporting teachers and administration with the goal of improving teaching in ways that directly impact student learning. The primary goal is to support teachers in strengthening their instructional practices so that students learn more effectively by building teacher capacity and developing their skills, confidence, and professional judgement.

The Instructional Coach supports the construction and implementation of the school's Equitable Multilevel System of Supports by braiding high-quality instruction with social-emotional learning, supporting the development of effective Professional Learning Communities, and coordinating services that ensure all students receive the instruction and interventions they need to be successful.

Essential Job Functions

Instructional Support

- Model high-impact instructional strategies in classrooms
- Co-plan, co-teach, and observe lessons as part of coaching cycles
- Facilitate reflective conversations that promote teacher growth in instruction
- Support teachers in designing standards-aligned, student-centered lessons
- Support teachers in designing differentiated instruction that meets the need of all learners
- Model strategies for extending, enriching, and accelerating learning within Tier I instruction

Data-Driven Instruction

- Guide teachers in analyzing student work and assessment data
- Support teachers in using data to adjust instruction, interventions, and enrichment
- Help teams develop and monitor progress towards student learning goals
- Support teams in monitoring progress and adjusting enrichment or acceleration plans

Curriculum & Assessment Alignment

- Assist teachers in implementing the Guaranteed and Viable Curriculum (GVC) with fidelity
- Support alignment of instruction, assessment, and standards

- Help teams design formative assessments

Professional Learning

- Plan and deliver targeted professional learning sessions
- Provide follow-up coaching to ensure the professional learning translates into classroom practice
- Offer individualized support based on teacher goals and student needs

Collaboration & Facilitation

- Coach PLC teams on how to effectively structure and run their own meetings
- Support teams in developing norms, agendas, and processes that promote collaborative inquiry
- Guide teams in using data, student work, and instructional priorities to drive their PLC conversations
- Build strong, trusting relationships that encourage reflective dialogue and shared ownership of learning
- Promote collaborative problem-solving without taking on the role of PLC facilitator

Equitable Multi-Level System of Supports (EMLSS) Integration

- Model instructional practices aligned with ECASD’s Instructional Framework
- Support teachers in braiding academic, behavioral, and social-emotional best practices
- Help teams design Tier I, II, and III supports that are equitable and data-driven
- Ensure instructional decisions reflect culturally responsive practices
- Promote equitable access to advanced learning opportunities across student groups

Ancillary Job Functions

Professional Learning Support

- Assist with planning schoolwide professional learning days and agendas
- Curate instructional resources, research, and materials for staff
- Provide logistical support for professional learning events

Curriculum & Schoolwide Initiatives

- Support implementation of district or school initiatives
- Participate in committees or leadership teams as needed
- Assist with Talented and Gifted identification processes, including communication with staff and families

Data & Assessment Support

- Assist with assessment logistics or data systems
- Help teachers interpret assessment trends to inform instruction, intervention, and enrichment

Teacher Support

- Offer support and problem-solving during challenging situations
- Help teachers navigate school systems, expectations and routines
- Performs other related duties as assigned

<p>Required Qualifications – Required qualifications to effectively perform the job at the time of hire. An equivalent combination of education, training, and experience will be considered. Additional requirements and/or substitutions may be requested and require the approval of HR.</p>
--

- Bachelor’s degree in education or related field

- Valid Wisconsin Department of Public Instruction T001-Teacher license appropriate to the assignment and grade level.
- Three years of successful teaching experience

Preferred Qualifications – Highly desired education, training, and/or experience that may be helpful in performing the job, if applicable.

- Master’s degree in education or related field
- Experience in instructional coaching or related role
- Training/experience in adult learning practices
- Three or more years of successful teaching experience in the general education classroom

Knowledge, Skills, and Abilities – May be representative, but not all-inclusive, of those commonly associated with this position.

Knowledge

- Deep understanding of effective, research-based instructional strategies
- Knowledge of adult learning theory and how adults grow professionally
- Strong understanding of the Equitable Multi-Level Systems of Supports (EMLSS)
- Knowledge of curriculum design, standards alignment, and assessment literacy
- Understanding of data analysis methods and how to use data to inform instruction

Skills

- Skills in coaching teachers through reflective conversations and goal-setting
- Strong instructional modeling and demonstration skills
- Skills in coaching teachers how to differentiate instruction
- Ability to analyze student data and guide data-driven instructional decisions
- Skill in designing and delivering high-quality professional learning
- Strong communication and relationship-building skills

Abilities

- Ability to support teachers without evaluating or supervising them
- Ability to adapt coaching approaches to meet diverse teacher needs
- Ability to model equitable, inclusive, and culturally responsive practices
- Ability to guide PLCs in developing effective collaborative processes
- Ability to manage multiple coaching cycles, initiatives and priorities simultaneously
- Ability to serve as a positive role model for students, demonstrating responsible and thoughtful behavior.
- Ability to travel to multiple District buildings in compliance with District driving policy.

Work Environment – Environmental or atmospheric conditions commonly associated with the performance of the functions of this job.

- Normal office/classroom environment and moderate noise levels

Physical Requirements – The physical demands described below are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform essential functions.

- Must be able to talk, hear, grasp, and reach

- Must be able to have repetitive wrist/hand/finger movement to work on computer and/or related office equipment.
- The employee shall remain free of any alcohol or illegal substance in the workplace in compliance with Policy 4122.01 throughout his/her employment in the District.
