

The Supplemental Nutrition Assistance Program (SNAP) ensures kids and schools have the food and funding they need.

SNAP is available to support your family to afford food right now.

SNAP provides monthly grocery benefits to buy food at places you normally shop - for a family of four that can be up to \$939 a month.

SNAP helps your school to get more education funding and reach more kids with free meals.

Learn if you are eligible for SNAP by texting Food to 74544.

To apply, visit <https://mybenefits.ny.gov/mybenefits/begin>.

Applying for and receiving SNAP will have no immigration consequences for those who apply or their families.
