**LETTER FROM THE SUPERINTENDENT OF SCHOOLS &
BOARD OF EDUCATION PRESIDENT**

Dear Parents and Community Members,

As we look ahead to the 2026–27 school year, we are proud to present a proposed budget that not only sustains our progress, but purposefully advances our mission of meeting the needs of every student.

The 2026–27 proposed budget of \$176,560,406 reflects disciplined planning, steady leadership, and an unwavering commitment to student success. Designed to build on the momentum of prior years, it provides the stability necessary to support meaningful and lasting growth in teaching and learning. The proposal represents a 4.36% budget-to-budget increase and a proposed tax levy increase of 3.07% (\$4,558,301). This budget remains under the tax levy cap. Each investment is the result of careful governance, long-term financial stewardship, and deliberate alignment to the District's Strategic Framework.

This budget continues the multi-year work guided by MamaroNext—our strategic vision centered on personalizing pathways to student success, strengthening mentorship for students and faculty, and deepening the growth and collaboration of our educators. Last year's budget made critical investments to address longstanding staffing needs, expand course and program opportunities, enhance instructional coaching, strengthen infrastructure capacity, and ensure appropriate services for students requiring targeted support, including state-mandated special education and related services. These were not incremental steps; they were foundational commitments that positioned our District for sustained excellence in both the near and long term.

As part of our responsible, forward-looking financial strategy, last year we established a Reserve for Capital Projects, enabling the District to set aside up to \$20 million over the next 15 years to proactively address future facility needs. We will seek voter approval to access funds from this reserve to advance essential capital priorities, including upgrades to collaborative learning spaces and other significant infrastructure improvements across the District. This approach reflects both prudence and vision—planning today for the schools our students will need tomorrow.

The development of this proposed budget has required us to navigate significant cost pressures beyond the District's control. Healthcare expenses alone are projected to increase by 8.99%. As in prior years, contractual obligations and employee benefits remain the primary drivers of expenditure growth. We have met these challenges with rigor and restraint—examining every line item, weighing every decision carefully, and prioritizing investments that most directly strengthen student learning and well-being.

As demonstrated throughout this budget, our fiscal decisions underscore our commitment to safe, modern, and efficient learning environments combined with thoughtful, long-term infrastructure planning grounded in fiscal responsibility. We remain deeply mindful of our obligation as stewards of community resources, and we are sincerely grateful for the partnership and trust of our school community. Together, we are ensuring that the promises of our mission are not merely aspirations, but lived experiences for every student in the Mamaroneck Union Free School District.

Warmest regards,

Dr. Charles Sampson
Superintendent of Schools

Ariana Cohen
President, MUFSD Board of Education

COMMUNITY PROFILE

The Mamaroneck Union Free School District is one of over 700 school districts in New York State. It encompasses an area of more than eight square miles. The District is located 23 miles northeast of New York City in Westchester County.

Mamaroneck is a town that includes two villages: the Village of Larchmont and the Village of Mamaroneck. The majority of the town's land area is not within either village, constituting an unincorporated area.

Located on the Long Island Sound, Mamaroneck shares common boundary lines with the City of New Rochelle, the Towns of Rye and Harrison, and the Village of Scarsdale. With its shoreline on the Long Island Sound, the area offers suburban living with extensive recreational activities such as swimming, sailing, fishing, ice skating, golf and tennis. Like many of its neighboring towns, the cost of living in Mamaroneck is above average.

The District's general fund budget includes the costs of operating its facilities comprised of more than 1.1 million square feet of buildings on more than 56 acres.

MAMARONECK UFSD COMPARED TO
OTHER PUTNAM/WESTCHESTER/ROCKLAND SCHOOL DISTRICTS

TO BE ADDED

EDUCATIONAL PROGRAM

The District offers programs for students in grades Pre-Kindergarten through Grade 12 and a UPK program through a partnership with an outside provider. The School District has four elementary schools, one middle school and one high school. For the upcoming school year, the enrollment for the District is projected to be as follows:

School	Enrollment
Pre-K	54
Central Elementary	457
Chatsworth Elementary	624
Mamaroneck Avenue School	553
Murray Avenue Elementary	646
Hommocks Middle School	1,293
Mamaroneck High School	1,750

District-Wide

Children flourish when they meet meaningful challenges, receive useful feedback and encouragement, and know that their teachers, family, and community believe in their ability to succeed. The Mamaroneck Public Schools accomplishes these conditions through a mission and strategic framework grounded not only in the powerful traditions of our school community, but also truly cutting edge conceptions of personalization, mentorship, and educator expertise. Through these, we seek to offer an individualized and empowering educational experience to each and every student. In District classrooms, studios, labs, on stages and athletic fields, students encounter interesting content and worthwhile challenges. They grapple with ideas and learn to think critically. They experiment; they conduct research and revise thinking considering new information. They put forth effort and solve problems relevant to both individual and collective success. They design innovations. They do all of this in safe, stimulating learning environments created for and with them by caring and knowledgeable educators.

Pre-Kindergarten

Mamaroneck continues to support and invest in early childhood education by carrying on the 40-year-old tradition of offering a Pre-K Program. Beginning as a program targeted to meet the needs of students with disadvantaged backgrounds, the current Pre-K Program meets the New York State Department of Education guidelines for Universal Pre-K Programs offering enrollment to four-year old students living in Larchmont or Mamaroneck. Approximately 72 students are admitted through a lottery system.

Elementary Program

All four elementary schools emphasize individual learning. The District has developed a common curriculum for the elementary schools based upon the mission of the District and its principles of challenge and equity. With an emphasis on consistency, coherence, and research-based best practice, this curriculum identifies the grade-specific concepts and outcomes for English language arts, mathematics, science, social studies, art, health, music, physical education, and technology.

We are always evaluating and revising what we teach and how we teach in cycles of continual improvement grounded in common measurements of student achievement and engagement. Curriculum materials are available at www.mamkschools.org under Curriculum and Instruction.

The basic elementary program for the upcoming school year will be staffed utilizing the District-wide staffing ratios as listed in the District Information Section on the Enrollment sheet. In addition, each school has special teachers for art, music, library, health and physical education. The educational program at each school is supported by the services of a school nurse, psychologist, social worker and specialists for reading, math, speech, English as a new language, and special education. Each school has an active PTA that provides support for a wide range of activities. Teachers from each school meet regularly across the district to collaborate, calibrate, and learn new practices grounded in current learning science and technology.

Middle School Program

Hommocks Middle School continually strives to meet the intellectual and emotional needs of its students. The middle school program is based on our recently redesigned Team Model for grades 6-8, a school organization that creates a climate of a small school-within-a-school by combining the programs and resources of a large school with the intimacy of a smaller setting. Students at Hommocks Middle School are assigned to a team where teachers of the core academic subjects are broken down within each grade level. These grade level teams of English, social studies, math, and science teachers meet on a regular basis and share common planning periods. Team meetings provide time for the staff to discuss the progress of students, plan curriculum and interdisciplinary projects, and consult with support personnel such as guidance counselors, psychologists, reading teachers or special education staff. This team approach fosters an intimate experience, and has proven a strong foundation for diving even more deeply into individualized and highly-targeted support for student growth through new enrichment, support, and social/emotional programs. This year, we are also offering the middle school version of the PSAT to 8th graders, allowing for even more detailed identification of student strengths and for deeper program evaluation.

High School Program

Mamaroneck High School offers a comprehensive and challenging curriculum to meet the needs of a broad range of students. Organized by academic departments, the high school program offers students almost 200 courses varying in content from architectural design to Calculus BC. The high school program is guided by both District policy and the regulations of the New York State Education Department. Students complete a core program of English, social studies, mathematics, science, the arts, and health. Additional requirements for foreign language instruction, physical education and electives complement this core program. A comprehensive course catalogue is available in the High School Guidance Office and can also be found on the District's website. Community support has allowed us to extend even more compelling course offerings to 10th graders, with examples like AP Psychology, AP Art History, dual-enrollment coursework in computer science, and more. We expanded summer opportunities to include full-credit coursework in mathematics. We were also able to administer the PSAT to all 10th and 11th graders, providing a wealth of information about student strengths and challenges toward college and career readiness. Next year, we not only hope to continue all of this work, but also plan to add AP World History as an option in social studies for 10th graders, offer additional summer coursework, and much more.

SOURCES OF REVENUE

1001 Real Property Taxes and 1085 – STAR

The Board of Education determines, and the community votes on, the total amount of funds needed to operate the District. Anticipated revenues from sources other than taxes are subtracted from this total. The amount remaining must come from the local property tax levy. The levy is spread among the taxable assessed value in the District. Since the assessed value is not set until the time of the levy, the actual tax rate may differ slightly from the projected tax rate. Under current law, a portion of the tax levy (1.4% in 2025-2026) comes from the NYS School Tax Relief Program (STAR). This amount has steadily decreased from \$7.5M in 2015-2016 to \$2.1M in 2025-2026, a decrease of 72%.

1001-030 Property Tax - Other Districts

These are the school taxes on properties that are within two school districts. Mamaroneck bills the shared school district for school taxes if the children from those properties attend or receive services from the Mamaroneck Schools. This revenue is included in 'Other' above. It can fluctuate as students graduate and families move.

1081 PILOT

The District is scheduled to receive Payments-in-Lieu-of-Taxes (PILOT) for Mamaroneck Towers. The District will receive a proportionate share of \$75,000.00 (shared with the Town of Mamaroneck, Village of Mamaroneck and Westchester County) for 30 years. The total PILOT amount increases 2.5% per year. The District's share for 2026-2027 is projected to be \$55,496. This revenue is included in 'Other' above.

1120 Sales Tax

Since 1991, Westchester County has levied a 1% sales tax that it distributes to school districts and municipalities. Effective August 1, 2019, Westchester County increased its sales tax by an additional 1% increasing the overall sales tax rate to 8.375%. Ten percent of the 1% increase is distributed to school districts throughout the county. This increase, along with increased taxes on internet sales and sports gambling, as well as inflation have caused budgeted sales tax revenue to increase over the years.

1310 & 2231 Tuition Regular, Special Ed and Parentally Placed Students

Tuition income is derived from billing non-resident staff members for their students' tuition to attend our schools, and by billing non-resident students' districts of residence for special education tuition at the District's schools and for related services at the non-public schools within our boundaries.

2280 Health Services - Other Districts

State law requires the School District to provide certain health services for children attending non-public schools located within District boundaries. The revenue in this line is generated by billing non-resident children's districts of residence for the provision of these health services at the non-public schools within our School District boundaries. The increase in this budgeted revenue is based on projected increases in per student rates and collection efforts by the Business Office.

2401 Interest Earned

By law, School Districts are allowed to invest all available funds that are not obligated at a particular time in certain types of collateralized investments, such as certificates of deposit issued by a N.Y. State authorized bank or trust company, U.S. Treasuries, repurchase agreements and investments secured with obligations of the U.S., N.Y., or any School District of N.Y. State. Our District traditionally invests in money market accounts based on the best interest rate with the local banks. However, in an effort to expand investment opportunities and increase income and liquidity, the District joins with other school districts and municipalities to invest funds through the New York Cooperative Liquid Asset Fund (NYCLASS). NYCLASS must follow the same rules as the banks in terms of providing collateral for all of our investments. This "pooling" of funds allows for greater flexibility in cash flow and usually a better return on the District's investments.

The District's cash flow projections indicate that there are substantial amounts of money available for investment at certain times in the school year, namely, September/October and January/February when most of the property taxes are received. The decrease in this budgeted revenue is due to lower interest rates available.

Interest earned on the funds in each reserve is accounted for in the General Fund. However, interest earned on reserve funds is designated for use in that specific reserve fund.

2410 & 2412 Rental of Facilities

One source of rental income is generated from the Town's payment for the use of the Hommocks Pool. The Town Recreation Department runs pool programs for the community before and after the school day, on weekends and during the summer months. Other income in this line is from rental and fees charged to organizations for other facilities use, i.e., classrooms, auditoriums, gymnasiums, and field space.

2700 Medicare Part D

MEBCO has changed procedures for payment of Medicare eligible prescription expenses. The Medicare Part D subsidies will now go directly to MEBCO offsetting the District's health insurance expense. The budgeted amount remains at zero.

270x Refund of Prior Year Expenses

These revenues include refunds from BOCES services that generated a surplus, reimbursements through E-Rate funds from the Universal Schools and Libraries program to offset telecommunications expenses and refunds of miscellaneous expenses. The increase in the revenue projection is based on prior year actual.

3xxx State Aid

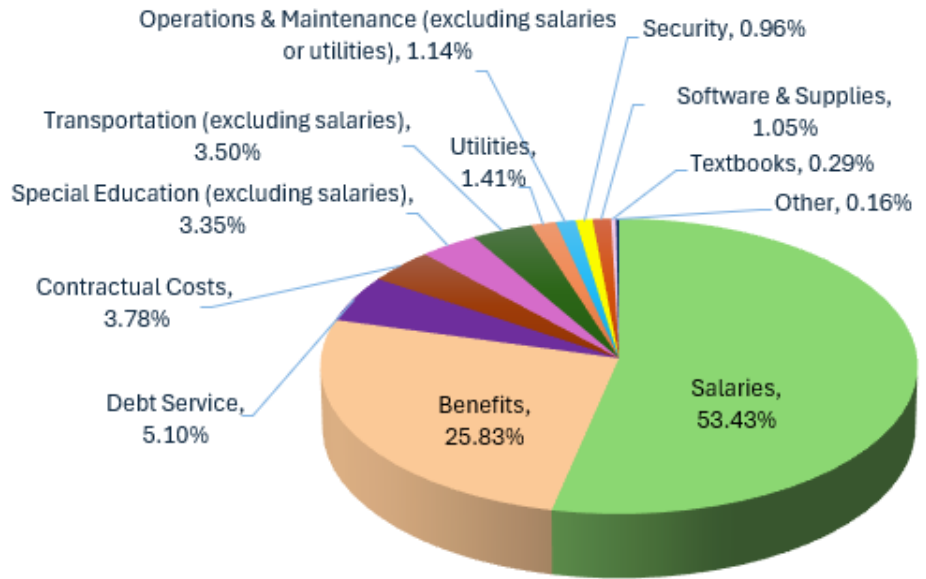

The State provides aid to public schools statewide. This includes Foundation Aid, Building Aid, Lottery Aid, Transportation Aid, Instructional Materials and other types of Aid. The 2026-2027 general fund State Aid revenue is projected to increase from the 2025-2026 budget. Foundation Aid is projected to increase based on a change in District State Aid factors in the aid calculation. Building Aid is increasing as the Business Office closes out capital projects with NYSED. Mobile Sports Gaming Aid continues to grow. This projection uses the amount proposed by the Governor, and is subject to change upon the State's adoption of its budget.

4xxx Federal Aid

Federal Aid includes FEMA funding for COVID and Hurricane Ida, as well as Medicaid. Some of our students are Medicaid eligible. The District provides certain related services to these children. Therefore, the District is eligible to apply for Medicaid for those services. The budgeted revenue is based on the 2024-2025 actual amount.

EXPENDITURE SUMMARY

Expenditure	% of the budget
Salaries	53.43
Benefits	25.83
Debt Service	5.10
Contractual Costs	3.78
Special Education (excluding salaries)	3.35
Transportation (excluding salaries)	3.50

Operations & Maintenance (excluding salaries or utilities)	1.14
Security	.96
Software & Supplies	1.05
Textbooks	.29
Other	.16
Total	100.00%

The total dollar amount of the 2026-2027 Proposed Budget is \$176,560,406. This represents a 4.36 % increase when compared with the 2025-2026 Budget.

The 2026-2027 Budget continues to invest in the educational programs and has been developed based on the goals and objectives of the School District.

Principals and department heads submit and propose requests for funding. Their proposals then go to the Administrative Cabinet, led by the Superintendent, for further review. The final Proposed Budget reflects a thorough and careful analysis at each level.

The largest components of any school district budget are employee salaries and benefits. Almost 80% of the District's educational investment is in staff-related costs, a percentage that is typical in the region.

1010 - Board of Education

The District is led by a seven-member Board of Education which performs policy-making functions for the District. The Board members receive no compensation for their service. These budget categories cover expenses for membership dues, attendance at conferences and other Board expenses.

Budget-to-Budget Changes: The increase in this budget is due to the purchase of an evaluation program.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

1040 District Clerk

The District Clerk performs duties prescribed by law, maintains voter registration books and organizes the District's annual meeting. The District Clerk serves as Secretary to the Board of Education, attends all meetings of the Board and records and preserves all minutes of these meetings and all School District records.

Budget-to-Budget Changes: The decrease in this budget represents a decrease in BOCES document services.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

1240 Chief School Administrator

This budget category includes the salary of the Superintendent of Schools and the staff salaries for the Superintendent's office as well as other expenses required to run the office. The Superintendent of Schools is responsible for implementing all School Board policies, the administration of all programs and the supervision and direction of all personnel and operations of the School District.

Budget-to-Budget Changes: The increase in this budget results from contractual salary increases and combining BOCES services formerly accounted for in A2070.

1310 Business Administration

The Assistant Superintendent for Business Operations is responsible for all non-instructional business of the District. The office oversees all business functions, operations and maintenance of the District's buildings, transportation, non-instructional information technology services, capital projects and food service operations. Included in this budgetary category are all costs to perform the following functions: accounts payable, payroll, benefits, billing and collection, and budget preparation and monitoring.

Budget-to-Budget Changes: The increase in this budget represents an increase in the price of memberships and software as well as contractual salary increases.

1320 Auditing

The auditing budget covers all State-mandated audit functions including the external audit of the District's financial statements, the annual internal auditor risk assessment and in-depth reviews, and the claims auditor that reviews all non-payroll payments.

Budget-to-Budget Changes: The changes in this budget reflect a decrease in the number of claims auditor's hours and an increase in contractual costs due to expanding GASB compliance mandates.

1430 Personnel

Personnel costs include the salary of the Assistant Superintendent of Personnel and Administration and clerical staff salaries. Included are costs of recruitment, attendance, certification monitoring and civil service compliance.

Budget-to-Budget Changes: The increases in this budget are due to contractual salary increases. The decrease in nonsalary costs are due to reduced printing/advertising and BOCES budgets.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

1620 Operation of Plant

The District owns and maintains Central, Chatsworth Avenue, Mamaroneck Avenue and Murray Avenue Elementary Schools, Hommocks Middle School, Mamaroneck High School and the transportation garage. In addition to school day activities and functions, the facilities are used by community groups when school is not in session.

Included in this section are expenses related to the operation of the District's physical plant. The costs of custodial staff salaries, equipment, utilities, contractual expenses, and materials and supplies are included in this category.

Costs for electricity, telephone, natural gas, and water are budgeted according to estimates from the utility companies and historical usage.

Budget-to-Budget Changes: The increases in this budget are due to increases in contractual salaries. The reduction in the Utilities budget is due to anticipated savings as a result of the energy performance contract work

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

1621 Maintenance of Plant

The maintenance payroll codes include costs of maintenance staff salaries and overtime including the District grounds staff, mechanics, carpenters, electricians, plumbers and HVAC mechanics.

This category covers the maintenance of all boilers, chillers and heating controls, repairs for electrical, HVAC and plumbing systems, sustainability projects, pavement, district-owned vehicles and equipment, and the maintenance of facilities and all District fields.

Included in this budget is funding for routine facility repairs, government-mandated testing and inspections such as asbestos, building condition surveys, lead testing, water testing, annual structural inspections, air quality testing and others. Funding for architects, engineers, and construction management to provide consulting services as needed and plan for future capital improvement projects are included here as well. Costs incurred for the voter-approved capital projects are not included here. They are accounted for in the capital fund.

Budget-to-Budget Changes: The increase in salaries represents contractual increases. The reduction in equipment reflects anticipated reduced fleet replacement. The increase in contractual costs is largely due to a shift from materials and supplies, turf field maintenance for the new Town Center field, automobile insurance, and increases in inspection costs.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

1680 Central Data Processing

This budget includes the cost of the District IT Staff that maintain all District technology infrastructure, cameras, desktop computers, portable devices, walkie-talkies, PA systems, access points, repeaters, phone systems, etc. It also supports the licensing for student data software, the District website and e-mail, and technical support.

Budget-to-Budget Changes: This budget reflects a shift in clerical support to the IT Department, contracting for radio service maintenance, increased ongoing licensing and maintenance costs, and purchasing new uninterruptable power supply (UPS) units for the elementary schools.

1910 Insurance

The insurance category encompasses costs of insurance including fire, flood, theft, extended coverage on buildings and equipment, general liability, boiler, automobile, and student activities. The District is a member of the New York State Insurance Reciprocal (NYSIR).

Budget-to-Budget Changes: The budgeted increase is based on NYSIR projected rates. As shown below, the insurance premiums have almost doubled since the 2021-2022 fiscal year. The District continues to pursue alternate coverage.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change
1910 Unallocated Insurance

1930 Judgments and Claims

Payments for court-ordered certiorari (settlements for challenges to the town assessments) for years that do not have reserves are taken from this budget. Each year the District transfers funds from the Reserve for Tax Certiorari to meet the demand for payments. The difference between the actual and budgeted amounts are paid from the reserves. The District must maintain a reserve for each year that has open claims.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

1940 Purchase of Land/ Right of Way

The District pays other school districts for bisected properties. There are parcels through which the common boundary lines of two districts run. The homeowner chooses which school district the children will attend. The school district of attendance is entitled to all the property's school taxes.

Budget-to-Budget Changes: The decrease in the budget is due to the anticipated graduation of several students.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

1981 BOCES Administrative Charges

The Administrative costs for BOCES services appear in this section. The District is not a component of BOCES. Therefore, instead of paying annual administrative and capital charges based on True Value or RWADA as component districts do, the District pays an administrative fee on most BOCES services purchased.

Budget-to-Budget Changes: This decrease projects a decrease in BOCES administrative rates.

2010 Curriculum Development and Supervision

The Assistant Superintendent for Curriculum and Instruction leads a team that is responsible for the ongoing development and enhancement of the entire K-12 instructional program, including through support of school-level achievement and climate/culture goals. Our Assistant Superintendent also works with school and district leaders in the development and evaluation of instructional specialists and monitoring District-wide assessment deployment and achievement.

Budget-to-Budget Changes: The salary increases are contractual. The decrease in Contractual and Other is due to reassigning costs to A 2724. The increase in BOCES services is a result of joining the BOCES Technology Leadership Institute.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2020 Supervision – Regular

The principals of each of the District's six schools have the responsibility for the operation of the building, the supervision of staff and the direction of the education program. The assistant principals lend support to the principals with the day-to-day operations of the building. The Directors supervise, plan for, and coordinate the programs that they lead.

Budget-to-Budget Changes: The increase in salaries reflects contractual salary increases as well as additional clerical support at the Mamaroneck Avenue School and, chaperone support at Hommocks Middle and Mamaroneck High Schools. Contractual increases include the costs of assessment development and conferences.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2060 Research, Planning and Evaluation

This office is responsible for reporting, verifying, and analyzing student data as required by the District and the New York State Education Department. These responsibilities include the administration of standardized tests in grades 3 through 8 and reporting on all standardized tests District-wide. The office oversees all aspects of student data including attendance, registration, and program evaluation. The office is responsible for producing reports on research assigned by the Superintendent and Assistant Superintendent for Curriculum and Instruction.

Budget-to-Budget Changes: The increase in this budget results from contractual salary increases, the implementation of Branching Minds software, and increasing prices of currently used BOCES services.

2110 Teaching – Regular School

This section of the budget accounts for the basic regular education program provided to the students of the District. Included in this section are the salaries of teachers from K through Grade 12, textbooks, instructional supplies and materials, equipment for classrooms and contractual expenses needed for instruction. Included in this budget is one contingent teaching position to provide for an unanticipated enrollment increase.

Budget-to-Budget Changes: Increases in salaries represent contractual increases offset by shifts to 2250 and 2723. There is a shift from equipment to supplies, a reduction in consultant and printing codes, and an increase in library and classroom book replacements.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2250 Special Education

Inclusive of the Pre-K special needs children, the Special Education Department serves over 1,000 students. We pride ourselves on being able to provide in-district programs for 90% of our special needs students. When our own programs cannot accommodate the needs of students, services are provided by the Board of Cooperative Educational Services (BOCES), other public schools, or private schools which are approved by New York State. Like districts around us and across New York State, there continues to be a pattern of higher incidence of K-12 students who require therapeutic support for social-emotional needs, with corresponding increases in classifications such as autism and other health impairment. In response to this need, the district continues to develop programs such as its Emotional Support Program (ESP), Explicit Social Emotional Learning (ExSEL) program, and other special class programs, to address the needs of students who might have previously been outplaced in therapeutic day programs.

The Special Education Department continues to develop supports and structures to enable our students to be educated within the district when at all possible. The creation of these programs also allows us to charge tuition to other school districts that send their students to our programs when space allows. This, along with billing other districts for related services that we provide to students who attend non-public schools within the District's boundaries, such as FASNY and Saints John and Paul, is reflected in tuition revenue.

The District's goal will always be to meet students' needs in the least restrictive and most inclusive environment possible.

Through a joint Request for Proposals (RFP) with neighboring school districts, mandated contracted specialists have been secured at competitive rates.

Budget-to-Budget Changes: Increases in salaries represent contractual increases, shifts from 2110, and an increase in the number of teacher aides and employee occupational therapists. Contractual costs are increasing as we continue to bring in specialists to address specific student needs. Tuition costs are projected to increase based on higher tuition rates and additional outplaced students.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2259 Programs for English and Dual Language Learners

Included in this function are the costs of salaries, contractual costs for programs, supplies, textbooks, and BOCES expenditures for the ELL and dual-language (Dos Caminos) programs.

Budget-to-Budget Changes: Instructional salary increases are due to contractual increases. The decrease in non-instructional salaries is caused by moving an aide to the 2250 code. The increase in contractual costs represents budgeting for consultants and contracts to support new programs. The budget for textbooks has been reduced as these costs have been shifted to the 2110 code.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2280 Occupational Education

Funds are budgeted for regular education students to attend the Occupational Education Program at Southern Westchester BOCES. There has been a continued interest among high school students to participate in this occupational training.

Budget-to-Budget Changes: The increase in this budget reflects an increase in participation and price per student.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

Total 2280 Occupational Education	32,209	96,925	109,416	113,246	16,321	16.84%

2330 Special Schools

This part of the budget provides funding for programming to support our students outside of the school year.

Budget-to-Budget Changes: The decrease in the salaries budget and increase in the Continuing Education budget is due to a shift in the provision of summer school classes and the addition of College Boot Camp. The increase in Summer Enrichment reflects an increase in the Coop Camp budget to expand middle school programs.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2610 Library

The librarians continue to use web-based software provided by Follet for the library catalogs detailing the holdings of each of the libraries. To maintain the libraries as active hubs for research serving both students and teachers, the six school libraries are equipped with multi-media computer workstations, laser printers, internet access and a wide range of database resources. Other equipment in the libraries includes scanners, LCD projectors, digital cameras, and large screen displays. Library teachers continue to have enhanced abilities to act as key information resources for the students and staff in their buildings and the libraries are a main hub for technology use.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2630 Computer Instruction

Expenditures listed within the computer instruction area of the budget include funding for instructional technology coaches and technology resources that directly support classroom instruction. The District continually refines and implements a technology plan aligning the purchase of technology resources with teaching and learning goals. In addition to computer hardware resources (e.g., computers, laptops, tablets, and interactive projectors) the District maintains annual computer software contracts including website hosting and instructional software that guides day-to-day learning activities.

Budget-to-Budget Changes: The increase in the equipment budget is to accommodate nonpublic school requests for hardware as required by NYS Education Law and the purchase of a classroom 3D printer. The increase in materials and supplies represents an increase in software as a result of consolidating most instructional software into this code and separately budgeting for software required to be provided to nonpublic schools.

2712-2751 Professional Development

The District's strategic framework prioritizes the empowerment of educator expertise. Our ethic for continuous improvement requires shared decision-making. Therefore, we see the most effective professional development as that which is embedded in data-driven pedagogy toward goals set by the instructional leaders of each school, to ensure that every student can enjoy the promises of our mission

To that end, our staff development program seeks to enlist educators in coaching efforts, improvement grounded in double-loop and organizational learning, and deliberate innovation that answers needs arising from root cause and other data analyses. As we move away from a "stand-and-deliver" workshop model toward a more nimble and responsive model based in improvement science, we need to invest in raising the capacity of educators and leaders to engage in and facilitate protocol-driven collaboration, to mine data for insights and directions, and to personalize all efforts to the level of the unique needs of each student.

The professional development codes listed include salaries for District coaches, funds for employees to attend District-sponsored summer workshops and out-of-district professional development opportunities, and funds to support hourly work in development committees, study groups, and task forces convened to solve problems of practice

Budget-to-Budget Changes: The increase in 2722 reflects the addition of a consultant for Learning Science Partners. The salary increase in 2723 represents a shift from 2110. The increase in 2724 is a result of a shift from 2010.

2810 Guidance

Guidance Counselors are an essential component of our secondary schools. In addition to scheduling, academic advisement and post-secondary planning, they provide the social-emotional support at the foundation of students' school and life success.

The Counseling Center provides direct mental health services to the school District at the elementary and secondary levels. These services include programs and services for students, staff, and parents in need.

Budget-to-Budget Changes: The salary increase is made up of contractual increases, additional programming and a shift from 2820 and 2825. The contractual increase is a result of an increase to the Community Counseling Center.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2815 Health Services

The District employs nurses in each of the District's schools and some non-public schools within the District's boundaries that provide a host of services, i.e., collecting and arranging for State mandated physical exams, hearing and vision testing, dispensing doctor prescribed medications during the school day, assessing injured or sick children, performing sports clearances and consulting with physicians and parents.

Budget-to-budget Changes: The change in salaries is due to contractual increases, a shift of an aide to a health aide, a shift of clerical staff to 2855, and an increase in FTEs for nonpublic school nurses. The decrease in the contractual line is based on a projected decrease in health service payments to other districts.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2820 & 2825 Psychological/Social Worker Services

These lines fund psychologists and social workers throughout the District. Psychologists and social workers provide both mandated and non-mandated counseling sessions. They meet with students individually and in small groups depending on need. These departments play a critical role in all crisis intervention, mental health and psychological evaluation, and work closely with families to ensure students are well-supported both in and out of our schools. Our psychologists currently chair about 80% of the Committee on Special Education meetings, frequently participate in 504 and Instructional Support Team meetings, and consult with District staff. We constantly look for ways to increase our funding from outside sources which at times requires us to fund different salaries through grants rather than as originally projected.

Budget-to-Budget Changes: The decrease in budget salaries is due to a shift in budgeted positions to 2810.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2850 Co-Curricular Activities

The District has an extensive list of extra-curricular activities in the Hommocks Middle School and Mamaroneck High School. There is also a small budget for each of the elementary schools. The amount of the stipend received by the advisors for these activities is set by the MTA contract and is dependent upon the amount of advisor time required, longevity of the advisor in the position and the impact of the activity on the school in general. Not every activity is funded every year.

Budget-to-Budget Changes: The increase in the salary line reflects contractual increases and an increase in the number of stipends for clubs.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

2855 Interscholastic Athletics

Mamaroneck has one of the most extensive athletic programs in Section I and Westchester County with 82 teams. The athletic program consists of three seasons of activities: fall, winter, and spring. Each season attracts over 500 students. Throughout the school year over 1,500 students participate in the athletic programs in varsity, junior varsity and freshman programs for high school students and modified programs for middle school students.

This budget includes funds for supervision during athletic events. The continued funding for travel reflects the costs of our athlete's experiencing success during regular season play and continuing to the New York State tournaments. Generally, a few District teams participate in State Championship play each year. The District receives reimbursement from NYSPHAA for some costs incurred through participation in State tournaments.

Budget-to-Budget Changes: The salary decrease results from a decrease due to attrition, the salary increase reflects an increase in athletic security, and a shift from 2815. The contractual increase results from increased rental fees.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

5510 District Transportation

This code represents the costs of coordinating transportation for all in-district and out-of-district daily transportation as well as field trips and intra-District trips.

Budget-to-Budget Changes: The increase in this budget is due to contractual salary increases.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change
5510 District Transportation Services						
16 Classified Salaries	138,486	159,847	146,983	163,680	3,833	2.40%
4 Contractual and Other	0	500	175	600	100	20.00%
Total 5510 District Transportation Services	138,486	160,347	147,158	164,280	3,933	2.45%

5530 District Transportation Services

The District maintains a garage to perform routine repairs and maintenance on its vehicles and other motorized equipment.

Budget-to-Budget Changes: The decrease in this budget line is from a projected decrease in utilities due to the energy performance contract work.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change
5530 Garage Building						
45 Utilities	12,661	18,709	18,709	16,312	-2,397	-12.81%
Total 5530 Garage Building	12,661	18,709	18,709	16,312	-2,397	-12.81%

5540 Contract Transportation

The District does not own school buses and contracts for transportation services.

Budget-to-Budget Changes: The increase in this budget is due to an increase in the number of schools that the district is transporting students to. The fuel budget decrease is due to the District's participation in fuel purchasing cooperatives, timing of purchases, and current gasoline prices.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

5550 Public Transportation

The District provides passes for public transportation to students as per the District's Board policy.

Budget-to-Budget Changes: The increase in this budget is a result of an increase in the request for and distribution of Metro North passes.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

Total 5550 Public Transportation	3,060	6,500	4,249	8,300	1,800	27.69%

9000's BENEFITS

All expenditures in the benefits section of the budget are either:

Mandated by law

- Employees' Retirement System contributions
- Teachers' Retirement System contributions
- Social Security
- Unemployment Benefits
- Workers' Compensation Insurance

or

Negotiated in Contracts

- Health Insurance
- Dental/Vision Insurance
- Life Insurance
- Disability Insurance
- Tax Shelter Payments
- Other Benefits

9010 NYS Employees' Retirement

The District is required to provide a contribution for all classified employees who belong to the New York State and Local Employees' Retirement System (ERS). ERS contributions by the District are dependent upon the tier to which the employee belongs and the tier is determined by when the individual joined the system. The rates are set by the retirement system. The decrease is a result of the distribution of our staff among the tiers.

9020 NYS Teachers' Retirement

Teachers and Administrators are members of the New York State Teachers' Retirement System (TRS). The rate is set by the retirement system. The rate to be applied to certified payroll in 2026-2027 will be 8.24%. The rate is 9.59% of certified payroll in 2025-2026. The decrease in the budgeted amount is due to the decrease in the rate.

9030 Social Security and Medicare

By law the District is required to pay Social Security and Medicare taxes on salaries paid. The increase is due to the increase in salaries and the increase in the maximum amount subject to Social Security tax.

9040 Workers' Compensation

Workers' Compensation insurance coverage is required by law. Effective 7/1/2018, the District joined the Southern Westchester Cooperative Workers' Compensation Self-Insurance Plan. As a result of this change this budget has decreased or stayed the same in each year since 2018-2019.

9045 Life Insurance

Employee contracts require that Administrators, Teachers, CSEA Members and Secretarial staff receive term life insurance.

9046 Employer TSA Benefit

Some employee contracts require Tax Shelter Annuity payments by the District.

9050 Dental/Vision Welfare Funds

The Administrators, Teachers, and Clerical contracts require payments to the Mamaroneck Teachers' Association's Welfare Fund for each eligible employee for dental/vision insurance. The CSEA Custodial contract requires contributions to the CSEA Benefit Fund. The increase is due to the increase in the CSEA Benefit Fund rates.

9051 Unemployment Insurance

Unemployment coverage is required by law. Unlike private industry, public school districts pay for Unemployment Benefits as claims are made. The District has depleted a credit balance with New York State and will incur an increase in expenditures going forward.

9055 Disability Income Insurance

The Administrator and Clerical unit members are covered with disability contracts and the Custodial unit members are covered for disability through the State Insurance Fund.

9060 Hospitalization and Medical Insurance

Effective July 1, 2020, the District joined the Municipal Employees Benefits Consortium (MEBCO). The increase in this budget is due to expanded eligibility and increased rates. Since joining the consortium, including the cost of expanding eligibility by approximately 20%, health insurance has increased an average of 4% annually, far below similar programs.

9062 Medicare Part B

The District becomes the secondary health coverage provider once retirees are eligible for Medicare. Therefore, the District must reimburse retirees for their Medicare Part B contributions.

9089 Other Benefits

Some employees may opt out of the New York State Teacher's Retirement System and into the New York State Voluntary Defined Contribution Plan. This alternative represents a savings to the District. The increase in this budget is due to increased salaries on which this benefit is calculated.

SUMMARY OF BENEFITS

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

Total 9799 Lease Debt	155,287	168,000	135,674	168,000	0	0.00%

9901 Interfund Transfers

These amounts represent expenses paid from other funds. The transfer to Debt Service Fund covers the cost of principal and interest on the District's serial bonds. The transfer to the Special Aid Fund pays for the District's share of Extended School Year (ESY) costs.

Budget-to-Budget Changes: This budget reflects a decrease in the transfers to the Debt Service Fund to utilize funds in the Debt Service Fund and an increase to the Transfer to the Special Aid fund for increasing ESY costs.

PROGRAM	2024-2025 Actual Expenditures	2025-2026 Adopted Budget	2025-2026 Projected Expenditures	2026-2027 Proposed Budget	Budget to Budget \$ Change	Budget to Budget % Change

		3.07%
	Proposed \$ Increase to the Tax Levy	\$4,558,301
	Proposed % Increase to the Tax Levy	3.07%

PROPERTY TAX LEVY CAP

The property tax cap law, enacted in Chapter 97 of the Laws of 2011, restricts tax levies such as library, fire or water districts, to no more than two percent without an override, or the rate of inflation, whichever is lower (prior to allowable adjustments). State law requires localities to calculate their tax levy limits and report their computation information to the Comptroller's office before they adopt annual budgets.

Most local governments can override the cap with a 60 percent vote by their governing body. In the case of a school district, 60 percent of the voting public must approve the override.

For school districts, Education Law §2023-a specifies a "cap" of the lesser of 2% or inflation (the tax levy limit), but not less than the prior year's levy. This baseline cap is then adjusted by several factors to produce a "maximum allowable tax levy limit." This levy limit can be higher or lower than two percent.

Exclusions from the cap include pension contribution rate increases greater than two percentage points, certain large legal expenses (tort actions), and the local share of capital expenditures.

If a District seeks an increase greater than the tax levy limit, approval by 60 percent of voters is required. If the District requests an increase at or under the limit, approval by a simple majority (50 percent plus one vote) suffices. Districts are permitted two chances to obtain voter approval. If voters do not approve the budget in the second vote, the tax levy is capped at the prior year's levy.

The Proposed Budget calls for a tax levy increase that will not exceed the cap and therefore requires a 50% plus one vote approval rate to pass.

School Year	Budget	Budget Growth %	Tax Levy	Tax Levy Growth %	Allowable Growth Tax Cap	Allowable Growth Tap Cap %	Over (Under) Tax Cap	Over (Under) Tax Cap %

FUND BALANCE

Fund Balance is created when expenditures are less than revenues. The Board may retain some or all of the fund balance in several reserves designated by State law or return a portion of it to taxpayers as a reduction to the tax levy in the form of Appropriated Fund Balance.

Budget surpluses / deficits result from lower / higher than anticipated revenues or costs in budget categories, often transportation, special education costs, and utility costs. Each of these budget categories is difficult to anticipate at the time the budget is prepared. Because of their unpredictable nature, it is possible that these budget areas could produce deficits in any given year that would require funding from other expenditure lines.

The District currently maintains the following reserve accounts:

Other Restricted Fund Balance

The balance in this account is the collateral required by the health insurance stop loss carrier.

Reserve for Insurance Losses

Established under General Municipal Law Section 6-n, this reserve acts as a restricted savings account for paying liability, property loss or damages claims not covered by insurance.

Retirement Contribution Reserve

This reserve is available to fund contributions to the New York State Teachers' Retirement System for certified staff and to the New York State Employees' Retirement System for non-certified staff.

Tax Certiorari Reserve

This reserve is used to pay judgments and claims resulting from tax certiorari proceedings per Real Property Tax Law, Article 7.

Unemployment Benefits Reserve

By law, unemployment benefits must be provided to employees. Unlike private industry that pays a percentage of payroll into a fund, New York State public school districts pay for unemployment benefits as claims are made. Since this can result in unpredictable expenditures, a Reserve for Unemployment Benefits has been used in the past.

Workers' Compensation Reserve

Prior to July 1, 2018 the District maintained a self-insured Workers' Compensation Plan. This reserve is used to cover expenses incurred due to injuries sustained prior to July 1, 2018.

Self-Insurance Health Plans Reserve

The District established a Reserve for Self-Insured Health Plans at the end of 2019-2020. This reserve is designed to create financial stability since health claims can be unpredictable and unstable.

Capital Projects Reserve – Turf Field

A Reserve for Capital Projects was approved by the voters in May 2023 to accumulate funds to replace the MHS turf field. The current funding \$2M equals the maximum funding of \$2M.

Capital Projects Reserve – 2025

The Reserve for Capital Projects – 2025 was approved by the voters in May 2025 to accumulate funds to perform district-wide capital improvements without issuing bonds. The maximum funding of this reserve is \$20M. The current funding level is \$9M. In May 2026, there will be a proposition on the ballot to expend some of these funds.

Purchases on Order

The Reserve for Encumbrances or Purchases on Order allows encumbrances outstanding at the end of the fiscal year to be carried into the following year.

Unassigned Fund Balance

This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. By law, this account is limited to 4% of the ensuing year's budget.

Values have been equalized using the Uniform Percentage of Value.

The Exempt amounts do not take into consideration payments in lieu of taxes or other payments for municipal services.

2023-2024 Financial Transparency Reports

Comparison: How do per pupil expenditures compare?

P-12 ENROLLMENT	THIS SCHOOL	DISTRICT OR DISTRICT OF LOCATION
5,540	N/A	\$27,123.13

How Much is Being Spent on Instruction and Administration?

For school districts, entries 1 through 13 represent the average per pupil expenditures for all schools in the district. For schools (including charter schools), entries 1 through 13 represent the per pupil expenditures attributable to the school.

Total spending (entry 13) represents all non-excluded per pupil expenditures.

Current Operational Expenditures	MUFSD
1. Instruction	\$17,147.58
2. Support Services, Pupils	\$1,789.13
3. Support Services, Instructional Staff	\$706.02
4. Support Services, General Administration	\$208.71
5. Support Services, School Administration	\$1,208.94
6. Support Services, Operation & Maintenance of Plant	\$2,642.67
7. Support Services, Student Transportation	\$925.58
8. Business/Central/Other Support Services	\$1,408.34
9. Food Services	\$339.89
10. Enterprise Operations	\$0.00
11. Other	\$27.11
12. Districtwide Current Operations (expenditures attributable to the school that are not reported separately in the categories described above)	\$719.18
13. Total Expenditures	\$27,123.13

Detailed Spending: How Much is Spent Per Pupil for Special Education and General Education?

The Special Education Detail below is a subset of spending. To calculate per pupil expenditures, enrollment for special education is used. The expenditure value reflects school and central level expenditures. For charter schools, data represents per pupil expenditures in the selected school.

The General Education Detail below reflects Total District Expenditures less Special Education Expenditures. To calculate per pupil expenditures, district PK-12 enrollment is used. Excluded expenditures are not included in Total Expenditures.

School & District Level Expenditures	Mamaroneck UFSD
Special Education	\$29,951.41
General Education	\$23,084.56

2023-2024 Financial Transparency Reports

Exclusions: What Other Spending is Not Included in the Per Pupil Amounts Shown Above?

The final section represents total expenditures, with the following exclusions that were not included in the per pupil expenditure calculations above: tuition, debt service, and other.

“Other Exclusions” include expenditures such as tuition for students attending BOCES full-time, services provided to nonpublic or charter schools, prekindergarten payments to community-based organizations, and community services.

■ Central Cost(1-3 & Percent Excluded from Total) ■ Combined Cost(Total Expenditures)

Excluded Expenditures	Mamaroneck UFSD
1. Charter School Tuition	\$0.00
2. Debt Service	\$7,794,737.00
3. Other	\$7,658,847.23
Percent Excluded from Total	9%
Total Expenditures and Exclusions	\$165,715,750.98

Due to federal changes to the school level financial reporting completed by districts in January of 2025, full “financial transparency reports” will not be available in time for the budget mailing. If you need per pupil general and special education figures that will correspond with the final reports on data.nysed.gov, they are available on this page <https://www.nysed.gov/fiscal-analysis-research/essaslfs-general-and-special-expenditures>.
