EXCELLENCE IN FOUNDATIONAL SKILLS

Early literacy and middle school math are **foundational to a student's academic and lifelong success**. By preparing students to read proficiently by 3rd grade and to reach or surpass proficiency in Algebra I by 9th grade, KCS is **equipping every student with the skills needed to succeed in and beyond the classroom**.

GREAT EDUCATORS IN EVERY SCHOOL

Great educators are core to the mission of KCS. By **investing in meaningful professional development and growth opportunities** and pursuing **innovative strategies to retain and recruit high-quality educators**, KCS is positioning great educators in every classroom.

CAREER EMPOWERMENT AND PREPARATION

KCS is committed to preparing students for **life after graduation**. By providing students with **early and meaningful opportunities to explore colleges and careers**, KCS is empowering students to approach their future with confidence, prepared for the 3 Es: enrollment, enlistment, or employment.

SUCCESS FOR EVERY STUDENT

All students have unique abilities, needs, personalities, and ambitions, and KCS is committed to equipping every student with the **individualized services, interventions, resources, and supports** needed to **achieve success**—no matter their zip code, culture, or financial resources.

FROM THE SUPERINTENDENT

This year, Knox County Schools was recognized by the state as an *Advancing District*—a designation that came on the heels of our fourth consecutive year of growth in proficiency rates in math, reading, science, and social studies. Even more importantly, every student subgroup is making gains.

Results like these reinforce what we already know to be true: when we invest in what works, students win.

Those investments begin with our budget. Our budgeting philosophy is clear and consistent: we protect the classroom, and we align every dollar to our four core priorities—**Excellence in Foundational Skills**, **Great Educators in Every School**, **Career Empowerment and Preparation**, and **Success for Every Student**. This budget is no exception.

The proposed \$717.7 million General Purpose Budget is both disciplined and strategic. With only \$17.2 million in increased revenue—our lowest revenue growth in more than five years—we are investing more than \$22 million in our people. Doing so required planning and the intentional reallocation of existing resources, including a reorganization of the District Office to further reduce our administrative footprint. These are never easy decisions, but they are necessary to ensure that our resources remain focused where they matter most—on serving students.

In 2024, we made a landmark investment to bring every employee up to a market value salary. Since then, classroom vacancy rates have dropped to near-zero, and student achievement is continuing to climb.

Maintaining that progress means continuing to invest in our most important priority: Great Educators in Every School. We knew that maintaining momentum would require more than a one-time salary adjustment. That is why we developed the *2028 Promise*—a commitment to reassign and align compensation to market values again in 2028. This year's proposed investment in people is a critical step in delivering on that promise.

The proposed FY27 General Purpose Budget also includes continued investments in the 865 Academies, early literacy and numeracy, and differentiated supports for students. Each of these strategies is core to our mission of graduating every student ready for *enrollment, enlistment, or employment*.

I am also proud to present a Capital Improvement Plan and School Nutrition Budget that are equally data-driven and priority-aligned. Together with the General Purpose Budget, these proposals are balanced, student-centered, and focused on continuous improvement.

At KCS, we recognize that our responsibility to the Knox County community is immense. The future of our community is in our classrooms, and we remain committed to using every dollar with transparency, discipline, and purpose.

We look forward to another strong year of academic achievement and to serving the students and families of Knox County through FY27. As always, thank you for your support of KCS.

Sincerely,
Dr. Jon Rysewyk
Superintendent

EXECUTIVE **SUMMARY**

EXECUTIVE SUMMARY

Knox County Schools (KCS) serves a vibrant and growing community across the City of Knoxville, Town of Farragut, and Greater Knox County. Spanning more than 500 square miles, KCS is Tennessee’s third-largest public school district, supporting approximately 57,000 students across 91 schools—including four preschools, 51 elementary schools, 16 middle schools, 16 high schools, three specialized support schools, and one K-12 Virtual School. Each day, more than 9,100 dedicated staff members make this work possible, ensuring that every student has access to high-quality opportunities to learn and thrive.

The scale of this work brings both opportunity and responsibility. Public education not only shapes individual futures but strengthens the long-term vitality of our entire community. Preparing students for college, career, and life requires more than strong instruction. It takes disciplined stewardship of public resources. That is why KCS remains committed to investing every dollar with purpose, transparency, and alignment to the evolving needs of students and schools.

The proposed FY27 General Purpose, Capital Improvement, and School Nutrition budgets reflect that continued commitment. While each year’s budget is shaped by unique conditions, our approach to budgeting remains consistent: **protect the classroom** and **align investments to our four strategic priorities—Excellence in Foundational Skills, Great Educators in Every School, Career Empowerment and Preparation, and Success for Every Student.** This year’s budget is informed by several key factors, including:

- Declining student enrollment,
- The Teacher Paycheck Protection Act,
- Planning for the 2028 Promise, and
- Limited revenue growth.

GENERAL PURPOSE REVENUE GROWTH

At \$717.7 million, the proposed FY27 General Purpose Budget is balanced and reflects a 2.5% increase over FY26—the lowest rate of growth in the past five years. Despite these constraints, the district’s focus remains maximizing the impact of every dollar by concentrating spending closest to students. Approximately 85% of the General Purpose Budget supports personnel, underscoring a clear and continued investment in the educators and staff who serve students every day.

2.5%
INCREASE FROM FY26

FUNDING WHAT WORKS: Four Years of Consecutive Academic Growth

The proposed FY27 General Purpose, Capital Improvement, and School Nutrition budgets are designed to accelerate academic momentum, strengthen the Knox County workforce, and plan for long-term financial stability by continuing to invest in what works.

This approach is not only disciplined, it is producing measurable results. For an unprecedented fourth consecutive year, KCS students have advanced in every tested subject—reading, math, science, and social studies. KCS has also been recognized by the State Department of Education as an *Advancing District*, highlighting the progress that has been made in the last four years.

Results like these are not accidental but the direct result of intentional funding decisions. By prioritizing investments in people, high-quality instructional materials, early foundational supports for literacy and numeracy, and the 865 Academies, KCS has aligned its financial strategy to the practices proven to drive student achievement.

Since 2021, reading and English Language Arts (ELA) proficiency has increased by more than 11%, math proficiency by nearly 10%, science by almost 5%, and social studies by more than 7%. Last school year alone, **988 additional students** reached proficiency in ELA, **1,203 more students** reached proficiency in math, and **more than 200 additional students** graduated as “Ready Grads” according to state standards. These outcomes reflect sustained investments in the district’s four priorities: **Excellence in Foundational Skills**, **Great Educators in Every School**, **Career Empowerment and Preparation**, and **Success for Every Student**. With this year’s proposal, you’ll find:

<p>\$22.6 million IN NEW STAFF INVESTMENTS</p>	<p>\$700,000 FOR PRESCHOOL INSTRUCTIONAL SUPPORT</p>
<p>\$2.84 million IN STUDENT SUPPORT POSITIONS</p>	<p>\$700,000 TO REGIONALIZE 865 ACADEMIES SUPPORT AND INVEST IN GUARANTEED STUDENT EXPERIENCES</p>
<p>\$2.6 million IN BUDGET TRUE-UPS <i>for transportation and utilities</i></p>	<p>\$100,000 SALARY REASSESSMENT FOR THE 2028 PROMISE</p>

WHAT MAKES FY27 UNIQUE?

Each year's budget is shaped by a variety of factors from economic conditions to policy changes and evolving educational strategies. The FY27 General Purpose Budget is no exception. This year's plan is informed by four key considerations: declining student enrollment, implementation of the Teacher Paycheck Protection Act, continued progress toward the 2028 Promise, and a period of limited revenue growth. Together, these factors influence both the scale of available resources and the strategic decisions required to allocate them effectively.

LIMITED REVENUE GROWTH

Knox County Schools anticipates \$17.2 million of increased revenue in the FY27 General Purpose Budget. Despite being a sizable increase, at 2.5%, this is the lowest rate of growth the district has experienced in the last five years. General Purpose revenue is generated through three primary sources: TISA (Tennessee Investment in Student Achievement) allocations from the state, local option sales tax, and local property tax. Of these three sources, TISA revenue is projected to increase 1.1% in FY27; local option sales tax is projected to increase 5%; and property tax is projected to increase 0.8%.

As a result, continuing to invest in people and strategies that work requires careful planning and disciplined financial planning. The FY27 General Purpose Budget is a reflection of that discipline, containing more than \$25 million in reallocated spending to balance department budgets and maximize resources as close to students as possible.

YEAR-OVER-YEAR REVENUE GROWTH

FUNDING BY SOURCE

DECLINING STUDENT ENROLLMENT

Shifting student enrollment trends are a primary driver of the FY27 General Purpose Budget. Current projections anticipate a decline of approximately 900 students for the 2026–2027 school year. While these numbers may appear modest at the district level, enrollment directly impacts state funding and district staffing allocations—meaning even small changes can have significant effects at the school level.

*ADM stands for Average Daily Membership. This represents the number of students enrolled in school that are funded through TISA. It does not include preschool students who are not eligible through TISA funding.

Due to the projected enrollment decline, KCS anticipates a corresponding reduction of approximately 57 teaching positions systemwide. Any time the district is faced with a downturn in enrollment, it is important to note that:

- School staff are allocated according to consistent, stable formulas established and maintained by the KCS Staffing Committee. Formulas are further detailed on page 14. This process ensures that staffing resources follow students. By maintaining school staffing formulas year-over-year, schools can better plan and prepare for changes in student enrollment.
- KCS has seen an increase in teacher retention over the last three years to roughly 92%. This means that even in a year where the total number of teaching positions decreases, the district still anticipates hiring more than enough positions to accommodate reassigning impacted staff in alignment with enrollment.
- While many schools are projected to lose students next year, a number of schools are also projected to gain students. Just as schools losing students can anticipate a decline in teaching positions, those that are gaining students can anticipate an increase.

ENROLLMENT TRENDS

<p>76% of the projected decline in enrollment is concentrated at the middle and high school level, with significant declines in 11th and 12th grade</p>	<p>19 of 51 elementary schools are losing positions <i>15 of the 19 are expected to lose two or fewer positions</i></p>	<p>20 schools are gaining positions: <i>16 elementary schools, 3 middle schools, 1 high school</i></p>
--	--	---

THE PEOPLE PRIORITY

When it comes to improving outcomes for students, people are our best strategy—specifically, great educators in every classroom in every school. With 85% of the General Purpose Budget dedicated to people, our greatest investment—and our greatest return—comes from educators, school and district leaders, and the support staff who make school possible for 57,000 students every day.

The FY27 General Purpose Budget includes a \$22.6 million investment in salaries and benefits, advancing the district’s long-term compensation strategy and commitment to the 2028 Promise. The proposed investment will be implemented through three key actions:

- Advancing all eligible employees one step on their respective salary schedule,
- Increasing certified salary scales by 2.5%, and
- Increasing general salary scales by 2%.

These investments directly advance the district’s 2028 Promise—a commitment to conducting a comprehensive market value assessment every three to five years to maintain competitive wages that are responsive to regional and national benchmarks. Strategically investing in people now is intentional in two ways: it reflects a phased approach to sustainably and continually strengthening compensation, as recommended by Evergreen Solutions in the district’s last market value analysis; and it ensures that employees benefit from salary increases sooner rather later.

Since 2022, KCS has committed more than \$141 million to staff salaries and benefits. This includes the district’s landmark \$44 million investment in 2024 to bring every employee up to a market value wage and continued adjustments of certified salary schedules to ensure the minimum salary for first-year teachers is at least \$50,000 by FY27.

These are more than just investments in people. They are our best strategy to maintain and accelerate outcomes for students. Since that landmark investment in 2024, KCS has experienced near-zero teacher vacancies on the first day of school. This is a 91% decrease from the year prior, breaking a years-long trend of beginning the school year with students in need of teachers. It is no coincidence that, in that same stint of time, the district advanced reading and math proficiency across every student subgroup and stacked its fourth consecutive year of academic growth for students.

Investing in people is not just a priority, it is a mission-critical strategy for 57,000 students.

IN FY27

\$22.6 million
NEW FUNDING FOR STAFF SALARIES & BENEFITS

SINCE 2022

\$141.7 million
TOTAL INVESTMENT IN STAFF SALARIES & BENEFITS

RECORD LOW TEACHER VACANCIES

on the first day of school

In 2024, KCS invested an unprecedented \$44 million in staff salaries and benefits to bring every employee up to a competitive market value wage. Last year, KCS invested \$19.7 million toward maintaining market value wages for all staff.

ROAD TO MARKET VALUE

In 2023, KCS partnered with Evergreen Solutions, LLC, a third-party firm, to conduct a comprehensive salary assessment. The review aimed to:

- Identify national compensation strategies and best practices to enhance recruitment and retention;
- Establish consistency in job classifications and pay structures;
- Determine market value for each job class; and
- Simplify and modernize salary schedules.

In 2024, KCS adjusted salary schedules for all staff based on those recommendations.

KCS will maintain market value by advancing salaries through step increases on the salary schedules recommended by Evergreen Solutions. These annual step advancements give employees greater stability in long-term financial planning in the form of predictable year-over-year salary increases.

In FY27, all eligible employees will advance one step. Certified staff will receive a 2.5% salary increase, while general staff will receive a 2% increase. Increases to each step are determined by applying the percentage increase to the midpoint on each grade band.

2025-27:
MAINTAINING SALARY SCHEDULES

Market value is ever-changing. Evergreen Solutions recommended conducting a reassessment every three to five years to maintain competitive wages for all employees. KCS has committed to conducting its first market value reassessment in 2028 and will follow the recommended three- to five-year cadence for future assessments. KCS is allocating \$100,000 this year to reassess salaries for the 2028 Promise.

TEACHER PAYCHECK PROTECTION ACT

In May 2023, Tennessee Governor Bill Lee signed the Teacher Paycheck Protection Act, a bill designed to raise the minimum teacher salary to \$50,000 by the 2026-27 school year. This initiative aims to position Tennessee as a top-10 state for teacher pay to enhance the recruitment and retention of great educators.

To support this statewide effort and remain competitive in attracting and retaining high-quality talent, all eligible employees on the certified scales will receive a step increase in FY27 along with an added salary increase due to the overall adjustment of the two scales on the certified salary schedule.

CERTIFIED EMPLOYEE SCALES*

- Teachers
- Certified Educational Interpreters
- Librarians
- School Counselors

CERT 1: Bachelor's Degree
CERT 2: Master's and Above

**All other employees not listed are on the General Employee Scale.*

BUDGET PHILOSOPHY

Each year, Knox County Schools approaches budget development with a consistent and disciplined philosophy: protect the classroom and align every dollar to the district’s four strategic priorities—**Excellence in Foundational Skills**, **Great Educators in Every School**, **Career Empowerment and Preparation**, and **Success for Every Student**. Alignment to district priorities is clearly reflected and noted throughout the FY27 General Purpose Budget proposal. Protecting the classroom is reflected in where the district chooses to allocate resources and how difficult decisions are made to ensure resources are maximized closest to students.

PROTECTING THE CLASSROOM

MAINTAINING SCHOOL STAFFING FORMULAS

Consistent, predictable, and transparent staffing formulas are foundational to strong schools. In 2022, KCS convened a representative Staffing Committee—comprised of principals from every region and grade band, regional leaders, and district staff—to design and oversee school staffing formulas that align instructional resources across elementary, middle, and high schools. These formulas are reviewed annually to ensure staffing allocations adjust in response to enrollment shifts and evolving student needs.

For the third consecutive year, the Staffing Committee did not propose any changes to school staffing formulas, projected enrollment declines will affect school staffing allocations across the district. Schools experiencing enrollment decreases may see position reductions, while schools with increased enrollment may receive additional staff. Any changes to school staffing allocations would be made to preserve the formula for student-to-teacher ratios detailed in the chart on the right.

Because KCS has made an intentional effort to staff schools at a lower average student-to-teacher ratio than the state requires, the Staffing Committee has also been able to spearhead a Flexible Resource Model designed to empower principals to intentionally and creatively deploy allocated resources to best meet the needs of their school. In 2024-25, KCS piloted a Flexible Resource model enabling principals to repurpose, reassign, and redistribute any positions allocated above the state-required minimum to best meet the needs of their school. In 2025-26, it was scaled districtwide and will be preserved in the FY27 budget.

In addition, the Staffing Committee has already identified several key projects for the 2026-27 school year that will be used to inform future budget proposals, including:

- **FY27 Staffing Timeline & Process Improvements** - Schools receiving additional at-risk resources will participate in an enhanced pre-staffing planning meeting to strategically align allocations to student needs. When feasible, these schools will also receive prioritized vacancy postings to accelerate hiring in critical roles.
- **Elementary Assistant Principal Allocation** - The 2025-26 analysis of elementary assistant principal allocations will be used to explore future allocation options.
- **Stabilizing Elementary Allocations** - Strategies will be explored to reduce elementary staffing formula volatility that arise most prominently in small school environments where even minor enrollment shifts can significantly affect staffing.
- **At-Risk Calculation Review** - Continued reexamination of the current at-risk calculation for opportunities to better reflect student and school needs beyond economically disadvantaged percentages. A refined, weighted methodology is expected to be developed for consideration in the FY28 staffing cycle.

ELEMENTARY SCHOOL TEACHER RATIOS		
AT-RISK PERCENTAGE	K - 3RD GRADE	4TH - 5TH GRADE
0-14%	20:1	25:1
15-30%	19:1	24:1
31-50%	18:1	23:1
>50%	17:1	22:1

MIDDLE SCHOOL TEACHER RATIOS		
AT-RISK PERCENTAGE	6TH GRADE	7TH - 8TH GRADE
0-29%	25:1	30:1
>30%	20:1	25:1

HIGH SCHOOL TEACHER RATIOS	
AT-RISK PERCENTAGE	9TH - 12TH GRADE
0-14%	26.5:1
15-30%	24.5:1
31-50%	23.5:1
>50%	20:1

KCS consistently staffs schools below state-required ratios. These added resources give schools more flexibility to meet school-specific needs.

STREAMLINING THE DISTRICT OFFICE

Faced with a limited revenue growth of \$17.2 million and two critical funding objectives—protecting school staffing formulas and investing \$22.6 million toward the 2028 Promise—KCS made the decision to further streamline its district office. Reducing the district office footprint has been a year-over-year strategy to protect dollars closest to the classroom, and FY27 is no exception.

In the last two years alone, KCS has eliminated more than 50 positions from the district office. Decisions like these are not made lightly, but they highlight an ongoing commitment to maximizing critical—and limited—resources as close to students as possible.

Over the course of the 2025-26 school year, KCS reorganized the district office to better align functions across departments, streamline services and supports for schools, and reduce duplication of effort. These moves are reflected in the table at the bottom of this page, along with a net reduction of 23.5 full-time positions from the district office. Coupled with similar reductions from the previous year, these moves have generated approximately \$4 million in savings to be invested toward the 2028 Promise and mission critical instructional strategies.

Any time reductions like these are made, the impact on personnel is mitigated as much as possible by focusing on natural attrition and existing vacancies. Impacted staff also receive targeted support from the KCS Human Resources Department in the form of identifying alternative available positions elsewhere in the district that fit their interest and skill set.

THE DISTRICT OFFICE IS RESPONSIBLE FOR:

SUPPORTING SCHOOLS

through regional content support teams, curriculum guidance, IT, transportation, facilities, maintenance, resource management, and more.

SUPPORTING STAFF

with payroll, benefits, timely data distribution, HR needs, IT assistance, professional development, and more.

SUPPORTING FAMILIES & COMMUNITIES

through proactive, responsive communication, accurate and transparent reporting, access to information, accountability monitoring, resource coordination, and more.

DISTRICT OFFICE REDUCTIONS:

FY26

23.5 FULL-TIME POSITIONS

\$2 million

FY27

26.5 FULL-TIME POSITIONS

\$1.9 million

	ADDITIONS	REDUCTIONS	NET CHANGE
ACADEMICS	23.5	-28	-4.5
BUSINESS & TALENT	14	-8	6
OPERATIONS	1	-22	-21
STUDENT SERVICES & SUPPORTS	22	-30	-8
OFFICE OF THE SUPERINTENDENT	4	-3	1
TOTAL	64.5	-91	-26.5

BUDGET DEVELOPMENT

Budget development is a year-round process that begins each fall with the creation of a detailed budget calendar outlining key milestones and engagement opportunities. Working closely with principals, district leaders evaluate program needs, review enrollment and revenue projections, and discuss priorities and strategic initiatives for the upcoming year. Community surveys and focus groups provide valuable input, helping shape a proposal that responsibly aligns projected revenues with district investments.

Before its formal presentation to the Board of Education, the proposed budget is shared at a public meeting, offering the community an opportunity to preview the plan, ask questions, and provide feedback. The Superintendent then presents the recommended budget at a special-called Board meeting in April.

State law requires the Board of Education to adopt a budget request and approve its submission to the County Mayor on or before May 1 for inclusion in Knox County's proposed budget to the County Commission. Following approval, the budget is filed with the Commissioner of Education.

STAKEHOLDER ENGAGEMENT

Intentional stakeholder engagement is central to the KCS budget process. From August 2025 through January 2026, KCS provided multiple opportunities for students, families, and staff to help inform the FY27 General Purpose Budget. These efforts included:

- **KCS Staffing Committee** - An internal working group of principals and district leaders focused on aligning staffing allocations with school needs, community priorities, and enrollment trends;
- **Community Budget Survey** - A priority-based survey distributed in English and Spanish to gather feedback from students, families, and community members; and
- **Regional Focus Groups** - Facilitated conversations with Regional Teacher and Family Councils to further explore survey feedback and strengthen shared understanding of budget priorities.

WHAT WE LEARNED

As in prior years, the community's top budget priorities remain centered on people. An overwhelming 98.6% of respondents identified maintaining market-rate salary and competitive benefits as important, highlighting strong support for attracting and retaining high-quality staff across all schools.

Other priorities receiving broad support included student supports, professional development, and infrastructure. Technology access remains a priority as well, with 91.7% of respondents supporting 1:1 devices in secondary schools, compared to 38.6% for elementary.

Together, these results reflect a balanced community perspective that prioritizes people, student support systems, and access to modern learning tools.

GENERAL PURPOSE **BUDGET**

GENERAL PURPOSE SUMMARY

The General Purpose budget is the primary operating fund for the district and is largely made up of state and local revenues. The fiscal year begins July 1 and ends June 30.

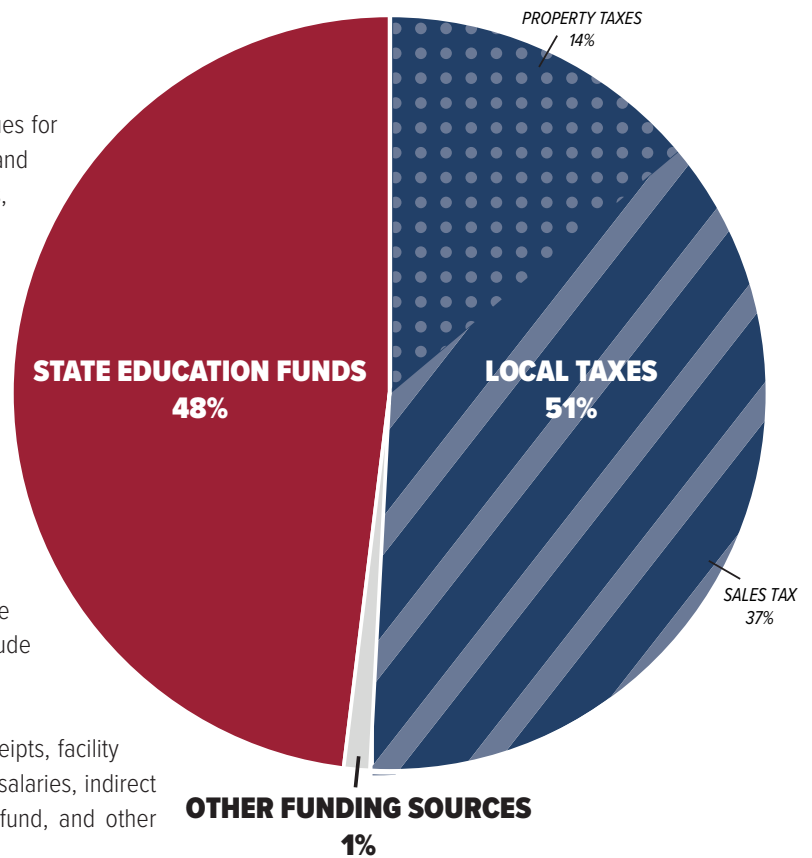

PROJECTED REVENUES

KCS is projected to receive \$717.7 million in General Purpose revenues for FY27. The primary sources of funding include state education funds and local tax collections, supplemented by various fees, reimbursements, and miscellaneous receipts. Major revenue streams include:

State - Tennessee Investment in Student Achievement (TISA) Fund allocations are determined by available statewide funding, prior-year student enrollment, and student demographics. Funding levels are then adjusted by fiscal capacity, reflecting each community's ability to generate and contribute the required local share for education.

Local - The General Purpose fund receives 72% of Local Option Sales Tax collections generated in Knox County and the City of Knoxville, 50% of collections from the Town of Farragut, and 31% of the \$1.55 Knox County property tax rate. Additional local revenues include portions of litigation taxes as well as license and permit fees.

Other - Additional revenues are derived from individual school receipts, facility leases and rentals, federal reimbursements for a portion of JROTC salaries, indirect costs recoveries from federal programs and the school nutrition fund, and other miscellaneous sources.

Although the General Purpose fund serves as the primary operating budget for the district, it does not include state or federal grant dollars. Other major funding includes federal grants for Career and Technical Education (CTE); Title I, II, III, and IV programs; and the Individuals with Disabilities Education Act (IDEA) grant, which are summarized below.

- The **CTE Perkins Grant** provides supplemental support for career and technical education (equipment, staff development, etc.).
- **Title I programs** are divided into three classes. **Title I-A** is for resources allocated to schools with high concentrations of economically disadvantaged students. **Title I-C** is for services, materials, and staff to address the needs of migratory students. **Title I-D** is for dropout intervention services provided to delinquent and/or neglected students.
- **Title II-A grants** provide funds for general instructional support services.
- **Title III grants** provide funds for instructional support for English Language Learners and immigrant students.
- **Title IV grants** provide funds for different student support services and staff to provide those services.
- **IDEA grant** funds salaries for educational assistants and support personnel providing disability services, as well as supplies, equipment, staff development, and early interventions related to those services. **IDEA Preschool** money helps pay for educational assistants, speech pathologists, assessments, and classroom supplies specifically for preschools.

PROPOSED REVENUES

Revenue Sources	FY 2025		Adopted Budget		Projected	% Change
	FY 2025	Actual	FY 2026	+/-	FY 2027

MAJOR CATEGORIES

The Knox County Board of Education and the Knox County Commission approve the General Purpose Budget at several major category levels, including:

- **Salaries and Wages** – Annual salaries for all employees covered in the General Purpose Budget
- **Payroll Taxes and Employee Benefits** - The portion of taxes (FICA, etc.) and benefits (health, dental, vision, life insurance, and retirement) that KCS covers on behalf of employees
- **Contracted Services** - Services contracted by the district, such as bus contracting services and software needs
- **Supplies and Materials** - High-quality instructional materials for teacher and classroom use; utilities and other operational needs or services
- **Other Uses** - Charter school funding, trustee commission, and other necessary items, such as workers’ compensation and professional development
- **Debt Service and Capital Leases** - The General Purpose burden of the district’s debt service schedule for buildings, land, and maintenance of buildings
- **Capital Outlays** - Security vehicles, maintenance and IT equipment, and heavy machinery

CATEGORY	FY26 BUDGET	% CHANGE	PROPOSED FY27 SPENDING
Salaries and Wages ¹	\$472,382,431	3%	\$485,257,102
Payroll Taxes and Employee Benefits ²	\$123,393,164	3%	\$127,123,480
Contracted Services ³	\$41,033,666	4%	\$42,831,980
Supplies and Materials ⁴	\$30,563,793	4%	\$31,780,385
Other Uses	\$26,539,3730	-0.04%	\$26,529,420
Debt Service and Capital Leases ⁵	\$6,178,573	-67%	\$2,018,573
Capital Outlay ⁶	\$394,000	444%	\$2,144,060
Total Proposed FY27 Spending:			\$717,685,000

¹ Investments in Teacher Paycheck Protection Act, 2028 Promise (2.5% and 2% increase on certified and general salary schedules, respectively), step increases where applicable, and increases to each step are determined by applying the percentage increase to the midpoint on each grade band

² Increase of \$3.7 million to health insurance premiums to maintain current district-level contribution

³ Investment of \$1 million to bus contractor pay

⁴ Increases to utility rates

⁵ Updated GP debt service burden based on debt schedules

⁶ Increase of \$1.3 million for staff devices

DIVISION BUDGETS

The KCS district office is organized into four operational divisions—Academics, Business and Talent, Operations, and Student Services and Supports—and the Office of the Superintendent. Proposed FY27 budgets for these divisions are summarized here, and highlights are reflected on the next page.

ACADEMICS DIVISION

The Academics Division cultivates strong school and classroom leadership through intentional professional development and regionalized instructional support to equip students from preschool through high school with the skills, experiences, and opportunities needed to excel in and beyond the classroom.

FY26 BUDGET	PROPOSED FY27 EXPENDITURES	% CHANGE
\$416,287,455	\$427,794,703	3%

BUSINESS & TALENT DIVISION

The Business & Talent Division attracts, retains, and develops the talented and diverse workforce of KCS through innovative training, support, and recruitment and by effectively and efficiently managing and safeguarding public funds with integrity and transparency for the benefit of KCS students and families.

FY26 BUDGET	PROPOSED FY27 EXPENDITURES	% CHANGE
\$33,257,817	\$30,343,065	-9%

OPERATIONS DIVISION

The Operations Division maintains safe, healthy, and engaging learning environments for all students by equipping every school with the infrastructural and operational support needed to promote and preserve effective classroom instruction.

FY26 BUDGET	PROPOSED FY27 EXPENDITURES	% CHANGE
\$110,570,815	\$117,397,078	6%

STUDENT SERVICES & SUPPORTS DIVISION

The Student Services & Supports Division creates accessible and effective learning environments for all students through the implementation of intentional and individualized instruction, services, interventions, and supports.

FY26 BUDGET	PROPOSED FY27 EXPENDITURES	% CHANGE
\$136,527,218	\$138,695,218	2%

OFFICE OF THE SUPERINTENDENT

The Office of the Superintendent provides strategic leadership and oversight to align divisions, guide major initiatives, and support data-informed decision-making, effective communication, and coordinated execution of district priorities to improve student outcomes.

FY26 BUDGET*	PROPOSED FY27 EXPENDITURES	% CHANGE
\$3,254,904	\$2,760,933	-15%

**This reflects the FY26 Budget for the former Strategy Division in addition to the Office of the Superintendent. As detailed on the next page, the Strategy Division has been dissolved with elements of work absorbed into this office to create efficiencies and streamline services to schools and families.*

 Electricity: \$1.6M
 Student transportation: \$1M
 Property insurance: \$900K

Success for Every Student.....\$4.8 million
 39 new student support positions: \$2.5M

Excellence in Foundational Skills.....\$1.2 million
 Preschool instructional support: \$700K
 STEM & ELA instructional support: \$227K

Career Empowerment & Preparation.....\$974K
 Regionalized 865 Academies support: \$530K
 Guaranteed Experiences: \$170K

TOTAL FY27 NEW INVESTMENTS.....\$41 MILLION

NOTE: Other major investments in key priority areas are reflected in federal budgets such as Title, IDEA, Perkins.

As the district’s primary operating budget, the General Purpose Budget is organized into major spending categories as well as division-specific budgets. The percent increase or decrease in proposed expenditures by division can be found on the page to the left.

The FY27 General Purpose budget reflects several strategic adjustments, including:

- **Investment in Salaries** – Competitive compensation remains central to attracting and retaining high-quality staff. As part of a long-term strategy, the FY27 budget includes an annual investment in general and certified scale salary increases. This phased approach to strengthen compensation reflects guidance from Evergreen Solutions. Rather than delaying action to implement larger increases in later years, this approach prioritizes consistent, annual investments so staff experience the benefits sooner.
- **Reorganizing the Academics Division** – Targeted adjustments within the Academics Division are designed to strengthen instructional support and improve alignment across content areas. Key changes include:
 - The Teaching & Learning Department will align math and science under a Director of STEM (Science, Technology, Engineering, Math), with ELA and social studies aligning under a Director of ELA & Social Studies. Facilitators within these departments will provide regionalized support for Tier 1 instruction, RTI, and advanced academics.
 - The College & Career Readiness Department will transition to a regionalized model led by two Directors of Academies overseeing CTE, high school counseling, and academies, with middle school counseling shifting to the Student Services & Supports Division.
- **Changes to the Office of the Superintendent** – The Strategy Division has been consolidated into the Office of the Superintendent to strengthen coherence across divisions, further streamline the District Office, and generate budget savings to be realigned closer to students. This structure ultimately enhances oversight of major initiatives, aligns operational planning, and supports evaluation and reporting. This Office now includes the Communications Department, the Impact & Analytics Department, and continued responsibility for policies, administrative procedures, and project management.

STAFFING **DETAILS**

Current-year projected enrollment compared with next-year projected enrollment by grade band.¹

Elementary: **26,412** vs **26,081**

Middle: **13,120** vs **12,756**

High: **17,246** vs **16,681**

FY27 SCHOOL STAFFING ALLOCATION

POSITION	ELEMENTARY	MIDDLE	HIGH	TOTALS
TEACHERS	-11	-11	-35	-57
ASSISTANT PRINCIPALS	-3	-1	—	-4
SCHOOL COUNSELORS	Placed ²	—	-1	-1
EDUCATIONAL ASSISTANTS	-7	Placed ²	Placed ²	-7
CLERICAL	-0.5	-2	-0.5	-2
TOTAL	-21.5	-14	-35.5	-71

FY27 DISTRICT OFFICE STAFFING³

DIVISION	ADDITIONS	REDUCTIONS	NET CHANGE
ACADEMICS	23.5	-28	-4.5
BUSINESS AND TALENT	14	-8	6
OPERATIONS	1	-22	-21
STUDENT SERVICES & SUPPORTS	22	-30	-8
OFFICE OF THE SUPERINTENDENT	4	-3	1
TOTAL	64.5	-91	-26.5

¹ Virtual program, Career Magnet Academy, Kelley Volunteer Academy, and preschool not included in projected enrollments.

² "Placed" refers to positions that are allocated at the department level rather than through school staffing formulas.

³ In the 2026-27 school year, the District Office will be reorganized to enhance efficiency and streamline services and supports to schools. The additions and reductions reflected in this table capture routine changes to division-level budgets as well as movement of positions across divisions as a result of the District Office restructuring.

CAPITAL IMPROVEMENT **PLAN**

CAPITAL IMPROVEMENT PLAN

Each year, KCS presents a five-year Capital Improvement Plan to the Board of Education. This plan consists of two components: a proposed one-year budget for the upcoming year and a projected four-year outlook of anticipated capital needs throughout the district.

Capital needs include major infrastructural costs, such as building renovations, large equipment purchases, and new construction projects. Four-year projections are adjusted annually to respond to shifts in student population and changing infrastructure needs. Capital improvements are financed through the Knox County Debt Service Fund and the KCS General Purpose Budget. As of FY27, the total debt service obligations for KCS capital projects will be \$82 million. Effective FY27, roughly 96.5% of all KCS debt obligations will be financed through the Debt Service Fund, with the remaining 3.5% supplemented by the General Purpose Budget.

The Capital Improvement Plan is organized into four areas of strategic investments: Facilities Upgrades, Expansion Planning, Security & Technology, and Contingency Planning. The plan is proposed annually to the Board of Education and County Commission for review and approval.

FY27 CAPITAL IMPROVEMENT BUDGET

KCS is recommending the appropriation of \$82 million for capital projects in FY27.

FACILITY UPGRADES

KCS is requesting the appropriation of \$12.6 million to invest in necessary upgrades to existing facilities.

Heating, Ventilation, and Air Conditioning

In FY27, major HVAC upgrades will be underway at two schools, replacing equipment that has exceeded its useful life and is increasingly difficult to maintain due to the limited availability of parts. Engineering and design work will also be completed for two additional schools, positioning them for future replacements to define project scopes and position them for future replacements. Planned investments include central plan boiler and pump replacements, cooling tower replacement at one school, and repairs to damaged chilled water infrastructure. A total of \$6 million is budgeted to support these efforts.

Physical Plant Upgrades (PPUs)

While numerous systemwide maintenance projects are funded by the General Purpose budget, the increasing cost of maintenance and construction materials will require \$3 million in capital project investments to finance a series of districtwide facility upgrades. PPU projects for FY27 include:

- Major electrical projects;
- Replacement of flooring, auditorium seating, cafeteria tables, and track resurfacing;
- General construction (restroom renovations and gym floor refinish); and
- Plumbing projects, including sprinkler system upgrades.

Roofing

After addressing significant roofing needs last year, this line item has normalized—returning to the historically requested \$3 million to address roofing needs and repairs identified for need through the district’s comprehensive Facilities Assessment.

Systemwide Drives, Parking, and Paving

KCS has been systematically addressing poor asphalt conditions on school parking lots and drives for a number of years. Considerable progress has been made toward the completion of systemwide paving projects. A \$600,000 investment will enable the continuation of scheduled paving repairs and the completion of projects proposed for FY27.

Gresham Middle School Gymnasium

The gymnasium at Gresham Middle School was constructed in the 1930s. While the facility has been properly maintained, it is being evaluated for opportunities to better support current and future programming needs.

The design process for the Gresham Middle School Gymnasium is now scheduled to begin in FY31, with an estimated \$800,000 in initial capital funding required for the design phase.

High School Turf Fields

In 2016, KCS secured private funding—raised through a nonprofit organization—to install a multipurpose turf field at every district high school. Those fields are rapidly reaching the end of their anticipated life and will need to be replaced in the next three to five years. To mitigate the debt burden on the district Capital Improvement Plan, KCS is once again partnering with a nonprofit organization to raise private dollars to install new turf on every high school multipurpose field.

The anticipated cost of this project is noted in FY28-FY30 on the proposed capital plan as a measure of transparency, as any shortfalls in fundraising may need to be covered through debt service or other funding sources.

EXPANSION PLANNING

KCS continues to partner with the Knoxville-Knox County Planning Commission, the AdvanceKnox project, and the Knoxville’s Community Development Corporation (KCDC) to identify areas of anticipated population growth or expansion throughout the county.

Enrollment growth is addressed through a consistent, structured framework—depicted below. Overcrowding in schools can be addressed through three distinct strategies: rezoning, adding on to existing facilities, and building new schools. The framework below identifies the variables considered when assessing the feasibility of each strategy.

As depicted in the framework, the possibility of rezoning is always evaluated first, as it is the most cost-effective and efficient solution to address overcrowding. If rezoning is not feasible, based on the three outlined parameters, a new addition is considered next. New schools are only considered as a viable solution if rezoning or a new addition fail to emerge as a feasible option.

Adherence to this framework is critical when it comes to maximizing district and county resources. Each of the below-listed projects was assessed and deemed necessary through the use of the KCS Future Planning Framework.

REZONE	Underutilized capacity in the target area	Surrounding schools have long-term viability	Feasible transportation
	✓	✗	✓
ADDITION	Existing school has long-term viability	Space to support an addition	Acceptable cost compared to new build
	✗	✓	✓
NEW SCHOOL	Land available in target area	Market value land rate available	Estimated cost supported through debt service
	✓	✓	✓

K-8 School in Region 5

Originally designated as the “Mechanicsville, Lonsdale, Beaumont Solution,” this project reflects the construction of a state-of-the-art K-8 school to serve students currently zoned to Beaumont Magnet Academy, Maynard Elementary School, West View Elementary School, and a portion of Lonsdale Elementary School.

The K-8 School will provide for the City of Knoxville’s projected increase of approximately 400 school-age students in the Western Heights development by 2030. It also eliminates the need for an addition at **Bearden Middle School**.

Design work for the K-8 school is already underway, with construction projected to begin between Winter 2026 and Spring 2027. An anticipated \$64.7 million in construction costs, plus an additional \$3 million for furniture, fixtures, and equipment, is being requested to complete this project.

The new K-8 School is tentatively scheduled to open in August 2029.

South Knoxville Solution

Significant population growth and expansion are being projected in South Knoxville and changes to the student population south of the Tennessee River are likely to affect schools in the region. To prepare for these changes, the district is requesting \$51.9 million to develop a South Knox Solution, beginning in FY29.

SECURITY AND TECHNOLOGY

Security and technology upgrades within the CIP include significant infrastructure and/or equipment enhancements and investments. Smaller-scale upgrades and the cost of routine maintenance are reflected in the General Purpose budget, but the district is requesting \$4 million to support necessary upgrades in FY27.

Security Upgrades

\$3 million will be used to continue:

- Lock replacements and upgrades. The project has been significantly impacted by supply chain delays and slowdowns in the local labor market that are likely to continue indefinitely. Upgrades involve the replacement of older, worn locksets with more efficient systems to reduce dependence on traditional building and district master keys.
- Antenna systems installation to enhance emergency radio communication at several sites. These systems are being installed on a priority basis, focusing on sites with the most signal degradation first. Staff turnover has slowed these installations, but plans are firm to continue installations over the next few years.
- Annual video surveillance system upgrades and maintenance. To ensure the continued efficacy and efficiency of these systems, camera hardware, new cabling, and server replacements are needed.
- Timely security fencing maintenance and enhancements. KCS Security regularly identifies areas where overall site security could be enhanced with additional fencing. A number of these sites were addressed with grant funding in FY24, so the need is decreasing, but it hasn't disappeared.
- Expansion of code-compliant secure vestibules. This initiative will further advance our commitment to enhanced safety and security measures at our campuses.

Fire Alarm and Carbon Monoxide Detection Upgrades

KCS is requesting the continuation of the \$1 million annual investment in the multi-year addition of carbon monoxide detectors and voice alarms to upgrade fire alarm systems in areas with natural gas appliances.

CONTINGENCY PLANNING

Contingency planning encompasses funds requested to proactively identify and provide for otherwise unforeseen facility needs. The FY27 request includes \$750,000 for environmental testing and remediation, foundation stabilization, accessibility needs, and Title IX upgrades as the needs arise.

Environmental Testing and Remediation

KCS has an active environmental testing and remediation program, which includes asbestos compliance monitoring and remediation, radon testing and mitigation, lead water testing, and indoor air quality work. A projected \$200,000 will be required to continue this work in FY27.

Asbestos Compliance Monitoring and Remediation

The district's current asbestos management program was established approximately thirty years ago to comply with federal mandates. Asbestos Management Plans call for the monitoring and maintenance of significant quantities of asbestos-containing floor tile and other asbestos materials, including thermal system insulation, surfacing materials, asbestos cement panels, mastics, adhesives, and other miscellaneous materials in older facilities.

The EPA generally encourages schools to manage asbestos materials in place and abate only during renovation, demolition, or when materials are in poor condition. The asbestos-containing materials currently being monitored generally appear to be in good condition. There are, however, several smaller sites that will receive abatement to flooring and other materials as scheduling opportunities permit.

Water Testing

KCS began water testing for lead in accordance with state statute and BOE policy, which requires testing to be done every two years in schools built prior to 1998 and every five years in all other schools. To date, the district has completed three rounds of testing in the pre-1998 schools and one round of testing in all other schools. Testing is anticipated to continue according to this schedule in compliance with state regulations and board policy and will include any new school or facility added in FY27 and beyond.

Radon Testing

In 2016, KCS began radon testing and mitigation at schools. Since that time, the district has completed testing and remediation at approximately 99% of schools. Of the 90 sites that have been tested to date, 29 required some level of radon mitigation. KCS anticipates continued testing for any new additions in FY27 and beyond. Radon mitigation will be utilized as needed to address unsatisfactory levels revealed by test results.

Foundation Stabilization

As a contingency, KCS annually requests funds to address any foundation concerns that arise during the year from erosion, sinkholes, tree root intrusions, and the like. Generally, these concerns are limited in scope and can be economically resolved with timely structural repairs. \$300,000 is being requested to effectively complete these projects and provide for any unforeseen foundation needs for FY27.

School Accessibility

In the past, KCS has requested \$100,000 biannually to fund occasional chairlift installations, sidewalk improvements, etc. In FY24, the district established an ADA Committee in partnership with Knox County to begin the process of proactively identifying and addressing accessibility needs. Taking a more proactive approach, the district has estimated and is requesting approximately \$100,000 per year over the next five years to effectively improve school navigability and access.

Title IX Solutions & Upgrades

Over the last several years, KCS has worked diligently to address documented Title IX concerns. To date, KCS has identified all Title IX concerns and is currently working to rectify the needs of those facilities. KCS is on schedule to complete all identified projects prior to FY28.

FY27-FY31 CAPITAL IMPROVEMENT PLAN

Project	FY27	FY28	FY29	FY30	FY31	Total Five-Year Project Cost (FY27-FY31)

SCHOOL NUTRITION **BUDGET**

SCHOOL NUTRITION

KCS cafeterias serve 44,000 nutritious meals across Knox County every day. The School Nutrition budget operates independently of the KCS General Purpose and Capital Fund budgets, relying on meal sales to students and staff, along with federal reimbursements for student meals.

For Fiscal Year 2027, total projected revenue for the School Nutrition Program is estimated at \$33.9 million—an increase of nearly \$183,000 compared to FY26. This growth reflects an adjustment to align current revenues with meal participation trends.

The budget includes a step increase for all Nutrition personnel and continues to support the Community Eligibility Provision (CEP), which allows eligible schools to provide free breakfast and lunch to all students, regardless of income. However, rising costs—particularly for labor and food—necessitate an increase in prices for adult meals and paid student meals in non-CEP schools.

FY27 PROJECTED REVENUES		FY27 PROPOSED EXPENDITURES	
Charges for Current Services	\$5,510,000	Personnel Services	\$11,600,000
Other Local Revenue	\$780,000	Employee Benefits	\$3,500,000
State of Tennessee	\$240,000	Contracted Services	\$1,896,000
