

Dear Parents and Guardians

The Governors have agreed the RGS school fees for the 2026–27 academic year.

	Fee to RGS	VAT to HMRC	Total per year	Termly equivalent
Junior School	£14,614	£2,923	£17,537	£5,846
Senior School	£17,347	£3,469	£20,817	£6,939

Our school fees continue to include our co-curricular clubs, 1:1 devices and public examination fees, as well as before and after school supervision (7.45am to 5.45pm) for which many other schools charge a separate fee.

The Governors also considered the provision of school lunch and agreed to apply a 5% increase for senior school students next year but hold the current fee for junior school pupils. The costs for lunches will be:

	Lunches Autumn Term	Lunches Spring Term	Lunches Summer Term
Junior School	£313	£251	£251
Senior School	£329	£263	£263

The net fee to RGS remains roughly the same as in September 2024, as our approach was, and remains, to help shield parents from the full effect of the Government's introduction of VAT. We have achieved this by managing our costs carefully, despite the continued inflationary pressure on staffing, utilities, services and essential educational resources. We are also confident that our merger with Westfield, announced in February and due to complete in June, will enable us to benefit from economies of scale, that will further protect our long-term resources.

Our priority continues to be as accessible as possible while ensuring that every pupil benefits from outstanding teaching, exceptional pastoral support and the widest possible opportunities, both inside and outside the classroom.

We are grateful that the scale and financial stability of RGS means that we are in a strong position; we hope that by continuing to pull together we can maintain the diverse, accessible, academically outstanding and financially robust school of which we are all guardians and will one day pass to the next generation.

With best wishes

Alan Fletcher
Chair of Governors
