    - April 2026 - Parents notified by email of the stakeholder ballot for standard student attire
        - The first primary parent/guardian listed in Infinite Campus will receive the ballot
        - Only 1 ballot per household for Kindergarten - 4th grade students (no ballot sent to 5th grade families)
        - Make sure that the primary contact's email is not set to private in Infinite Campus to ensure to receive the ballot.
    - Pros of Student Attire: Supporters believe that Standard Student Attire:

      •Promotes safety by reducing the ability to hide weapons, drugs or alcohol.
      •Fosters safety by clearly identifying students who belong on campus.
      •Allows students and staff to focus more attention on increasing student achievement.
      •Minimizes loss of instructional time since students are not removed from class for dress code violations.

•Enhances a positive school climate by promoting student responsibility, self-discipline and school pride.
•May help reduce disruptive conduct and mistreatment of students.
•Eliminates dress differences that emphasize different income levels.
•Is viewed as a cost savings.
•Simplifies daily school preparation and maintenance for families.

- Cons of Student Attire: Opponents believe that Standard Student Attire:

•Is viewed more favorably by parents and teachers than students.
•Limits the creativity of a student due to an inflexible and strict dress code.
•May conflict with dress requirements or customs of some cultural groups.
•Restricts an individual's freedom to express herself/himself.
•Reduces the ability of a student to express his/her beliefs in a non-violent way.
•Removes parent's ability to control the clothing his/her child wears.
•Is viewed as an additional cost.
•Has not been directly tied to increasing student achievement.
