THE HARBOR NEWS

April 2026 Edition

Principal's Message

April's Seaford Scholars trait is all about humor! Because let's be honest, sometimes a good laugh is the best way to power through a tough day! Encouraging children to find joy in learning, laugh at their mistakes, and use humor to build connections helps them develop resilience and creativity. Whether it's a clever joke, a funny story, or just a well-timed pun, let's celebrate the power of laughter this month. Thanks for helping us shape a school full of joyful learners!

Go Vikings!

Mrs. Bisulca and Mrs. Savage

Spring Recess: Fun Ideas Filled with Humor!

Outdoor Scavenger Hunt – Find fun spring items like a bird's nest or a silly-shaped rock!

Sidewalk Chalk Fun – Create colorful drawings, hopscotch, or a joke-filled sidewalk.

Storytelling Picnic – Eat outside and take turns adding to a humorous story!

Spring Fever!

With warmer weather, we remind students to play safely and respectfully and to remember our **Recess Promises**. Encourage your child to have safe fun by including others in games, and showing good sportsmanship—win or lose, kindness matters! Please remind them to show their Viking pride by taking care of playground equipment, and playing responsibly. Thank you for your support in making recess fun for all!
