

**Important Notice from
West Chester Area School District
About Your Prescription Drug Coverage and Medicare**

Once again, it is time to provide you with this Notice of Creditable Coverage which is issued in conjunction with the Medicare Prescription Drug Improvement and Modernization Act of 2003 (MMA).

While this notice is being sent to all individuals enrolled in the West Chester Area School District Prescription Plan, this notice only pertains to individuals eligible for Medicare.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with West Chester Area School District and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. West Chester Area School District has determined that the prescription drug coverage offered by the West Chester Area School District is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

[If you are actively employed](#) and choose to enroll in Medicare Part D, your coverage with the West Chester Area School District will be your primary coverage. You will be responsible for the applicable monthly premium required for the Medicare Part D Program in addition to any applicable premium you may be paying for the West Chester Area School District coverage. If you do decide to join a Medicare drug plan and drop your West Chester Area School District prescription drug coverage, be aware that you and your dependents will have the opportunity to re-enroll in the West Chester Area School District prescription plan during open enrollment.

(Continued on Reverse)

[If you are retired](#) and choose to enroll in Medicare Part D, you will be disenrolled from the West Chester Area School District's prescription plan, however, certain prescription plans are integrated with medical plans (such as Keystone) and the prescription coverage cannot be dropped separately. If you drop your coverage with West Chester Area School District and enroll in a Medicare prescription drug plan, you will not be able to get this prescription coverage back later. You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area. **Please refer to your Summary Plan Description for details regarding the West Chester Area School District's Prescription Plan.**

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with West Chester Area School District and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
