

Pre-K & Elementary Drop-Off

- **Challenge:**
Having Pre-K and elementary drop-off at the same time would create significant traffic congestion.
 - **Current Plan:**
No final solution yet. The Pre-K–2 team is continuing to explore options and traffic flow solutions.
-

Building Visits for Families & Staff

- **Purpose:**
Allow families and students to become familiar with the new buildings.
 - **What to Expect:**
 - Administration will be present to welcome and guide visitors.
 - Families can walk through and see general spaces (e.g., where Pre-K or Kindergarten will be).
 - These visits are informal—focused on exposure, not detailed classroom experiences.
 - **Staff Involvement:**
Staff may attend but are not required.
 - **Future Opportunities:**
Additional events will be scheduled for:
 - Meeting teachers
 - Seeing specific classrooms
 - Supporting students with unique needs (with help from student services and teachers)
-

Moving Costs

- **Estimated Cost:** ~\$50,000
- **Budgeted Amount:** \$100,000
- **Note:**
While hiring a moving company has a cost, completing the move internally would also require resources and expenses.
