

Transportation & Bussing

- **Cluster Stops:**
In place for most students. Some door to door stops will remain, but final decisions depend on ridership numbers and distance. Updates expected late April/early May.
 - **Bus Capacity:**
The district is planning for all students to ride and is working to ensure enough space. Routes will separate K–6 and 7–12.
 - **Bus Groupings (K–2 vs. 3–6):**
Students may share buses depending on the route.
 - **Pickup Times:**
Students living farther away will be picked up earlier; those closer will have later pickup times.
-

School Start Times & Scheduling

- **Late Start Tuesdays:**
Only for grades 7–12 to allow staff collaboration time (TBTs). Not planned for elementary due to staffing and contractual limits.
 - **Elementary Start Time Concerns:**
Proposed start time (7:10 AM) is earlier than the national average.
The district acknowledges concerns but notes there is no perfect solution due to transportation limitations. Some families prefer earlier times for work schedules.
-

Calendar & School Year

- **Calendar Adjustments:**
Pushing the school year later into June is possible, but opinions vary. The district is working to balance feedback.
 - **Instructional Time:**
Shortening the school year is not recommended due to academic impact and concerns like summer learning loss.
 - **Approval Timeline:**
The calendar will be presented soon, with a board vote expected in May (within a 30-day review window).
 - **Calendar Survey:**
Distributed to staff and families (via Infinite Campus). Results were also shared on Facebook, with a focus on family input.
-

Kindergarten Enrollment

- **Cutoff Date:**
Based on the first day of kindergarten (later than this year, but still before September).
-

Student Supervision

- **Drop-Off Coverage:**
Administration and ancillary staff will supervise students during arrival.
-

Facilities & Buildings

- **Building Names:**
No final decisions yet—current names are placeholders.
The board will vote, and there may be community involvement in the naming process.
-

Leadership & District Decisions

- **Superintendent Pay Reduction:**
A 5% pay cut over the next four years is planned.
This was discussed collaboratively between the superintendent and the board and will be revisited at an upcoming meeting.
