Title I Parent and Family Engagement Policy 2025-2026

Melissa Mora-Rodriguez, Principal
1111 W. Sugarcane Dr.
Weslaco, TX 78599
(956) 969-6774

BGMS believes that student achievement is directly linked to parent and family engagement.

In addition, it is the policy of the school to plan and implement, (with meaningful participation of parents, administrators, and teachers) programs, activities, and procedures for the involvement of parents in its Title I programs, thus complying with the Every Student Succeeds Acts. The policy will be distributed annually to parents in the home language. Will be available on our campus website, and in the front office.

The following expectations for parent and family engagement will be implemented.

- Conduct an annual meeting, on different days and at a convenient time (a.m & p.m) to inform parents of the Title I, Part A program, its requirements, and their right to be involved.
- Offer a flexible number of meetings, or home visits to facilitate parent and family engagement.
- Involve parents in the planning, review, and improvement of the parent and family engagement programs and student academic programs, including the school Parental and Family Engagement Policy, campus compact, and campus improvement plan(CIP)
- Provide parents with timely information about Title I programs;
- Provide a description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress, and the achievement levels of the State academic standards.
- Offer parents an evaluation after every meeting to provide feedback, suggestions and concerns to enhance student achievement.
- Address the importance of a two-way communication between teachers and parents on an on-going basis through the use of parent-teacher conferences, school report cards, progress reports, meet the teacher night, open house, school calendar, announcements on marquee, and opportunities to volunteer.

- Present Parents with access to the Campus Improvement Plan on our campus website. Parents will be able to submit any parent concerns about the plan when made available.
- Ensure effective engagement and build capacity among the school, parents, and community by:
 - ◆ Providing assistance to help parents understand the State academic standards, State and local academic assessments, and the requirements related to improve the achievement of their children.
 - ◆ Providing materials and training that will empower parents to help their children achieve academic success such as literacy and Technology.
 - ◆ Training school staff on the value of positive connections and engagement between families and school, including higher student success rates.
 - ◆ Coordinating and integrating parent and family engagement programs, and activities for parents to learn more about child development and rearing techniques. (parent center, literacy classes, academic workshops)
 - ◆ Ensuring that information related to school and parent programs, meetings, or other activities is sent to the parents of participating students in a timely manner and in the home language.
 - ◆ Welcoming the contributions of parents, in the manner in which they are able to contribute, as mentioned in the State parental Involvement Model.
 - ◆ Collaborate with the community, organizations and business, to build better communication between them and the school.
