SALON SERVICE RELEASE & PHOTO CONSENT (CA)

I understand that the cosmetology salon services at Patterson High School will be performed by students under supervision. I acknowledge that there are inherent risks with receiving salon services. Those risks may include, but are not limited to cuts, burns, allergic reactions, skin irritation, infection, or unsatisfactory results. Knowing salon services may expose me to those or other unnamed risks, I voluntarily assume all such risks.

To the fullest extent permitted by California law, I release, waive and covenant not to sue Patterson Unified School District for such claims against Patterson High School and its officers, directors, employees, agents, students and volunteers arising from the performance of salon services, including ordinary negligence, but excluding gross negligence or willful misconduct.
I expressly waive California Civil Code §1542, which applies to unknown or unsuspected claims.

I confirm that I have disclosed any relevant medical conditions or allergies that may arise out of the performance of the salon services.

I grant permission for photo and/or video recording of my image solely related to the provision of salon services for educational and promotional use (including social media), without compensation.

This agreement is governed by California law.
