

NEWSLETTER

A Message from this week's Editor: Mr Brunson

I hope you all enjoyed the Easter break, and it has been great to see so much enthusiasm from the children as we begin the summer term. A big 'welcome back' to Mrs Fletcher (Miss Horan) who returned after her maternity leave this week.

Earlier in the week, each class' curriculum newsletter were sent home, containing details of what your child will be learning this term. Do take a few minutes to read this, as it contains some activities that you can complete at home to compliment learning in school.

I hope you enjoy reading about what we have been up to this week in today's newsletter.

Collective Worship

In collective worship this week, we looked at the festival of Vaisakhi, which was celebrated by Sikhs on Tuesday. We looked at how the values of compassion, community as well as courage are important in this festival, and how this links to our school vision 'be strong and courageous'.

Star of the week

Nursery - Ali
Reception - Kaizen
Year 1 - Ava-Rae
Year 2 - Selina
Year 3 - Izabela V
Year 4 - Mikolaj
Year 5 - Amine
Year 6 - Mayce

Top Attendance this week

1st - Year 4 - 98.21%
2nd - Nursery AM - 96.43%
3rd - Nursery PM - 95.83%

WHAT HAVE WE BEEN UP TO THIS WEEK?

Discovery class having been learning how to measure using a metre stick. Their task during this maths lesson was to measure objects around the classroom, they found this fun and it was very hands on. They used their oracy skills to communicate with each other and tried their very best to keep the metre stick straight and flat

Early Years have loved exploring different bee themed activities including collecting pollen, making bee puppets and learning how to programme the beebots.

This week, Year 1 have enthusiastically begun their new Maths topic on capacity. The children were actively involved in learning key vocabulary such as full, empty, half full, and nearly empty. They enjoyed exploring these concepts through hands-on activities, where they had a go at tipping and pouring in pairs. This practical learning helped them to build confidence and understanding as they worked towards their key word goals.

In Year 2, the children were introduced to a model text, which was a character description for the story The Secret of Black Rock. As a class we created a text map using pictures to re-tell the story and used actions for key parts too.

PUPIL VOICE

"Me and Reggie worked together as a team. We only split water a little bit, we used a funnel to help us"

Edora - Year 1

"In Maths we have been learning about part-whole numbers. I found it easy and that made me happy!"

Duaa- Year 2

"I enjoyed pretending to be a pilgrim visiting their holy place. It was peaceful and made me think about how important these places are to people because they travel such a long way to get there"

Logan - Year 4

"We learnt how to trick our brain into thinking positive instead of negative!"

Rakin - Year 6

Slough Residents We Want To Hear Your Views!

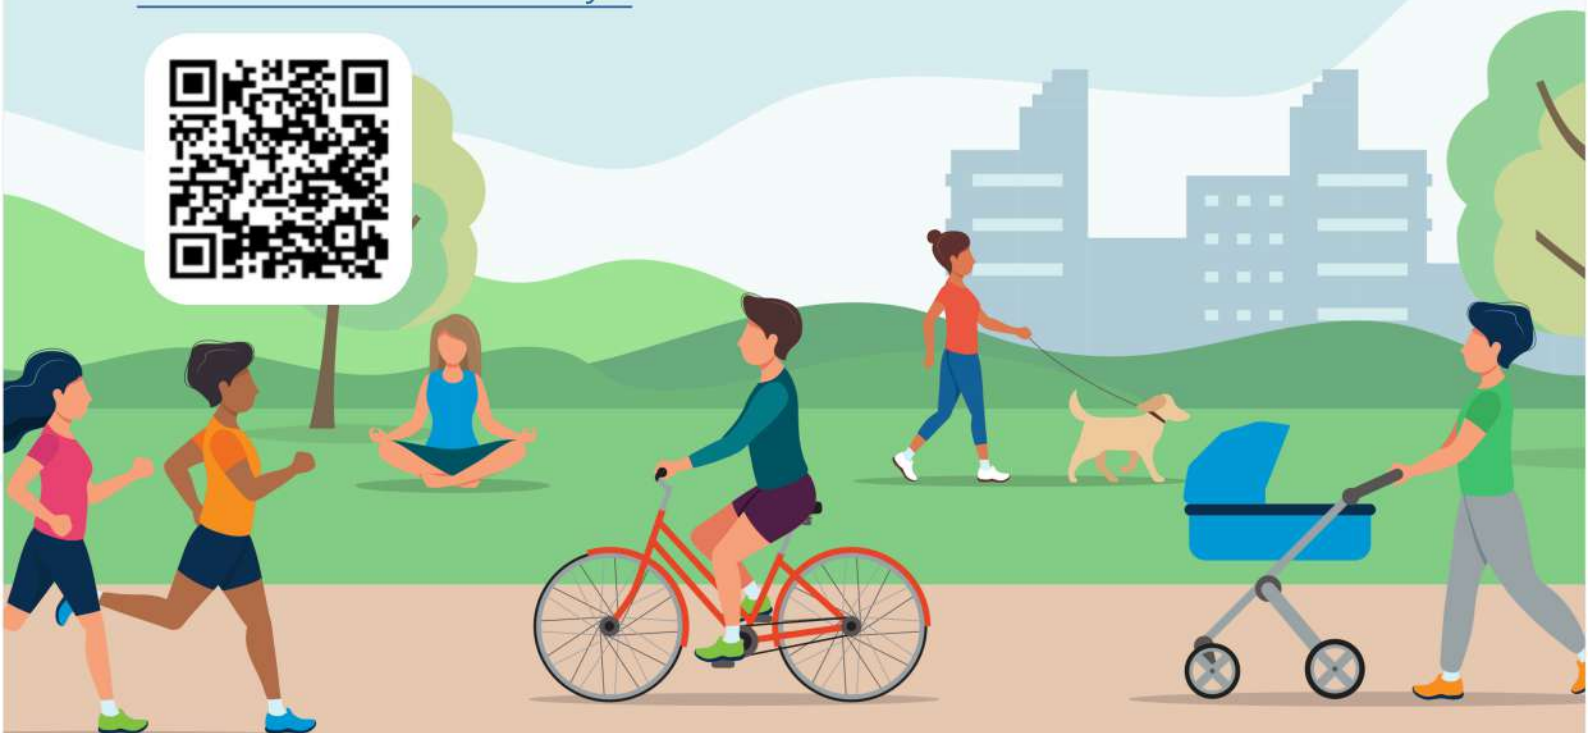

Slough Borough Council is working with Iceniprojects to understand how your local neighbourhood affects your health and wellbeing. Your views will help shape how health is considered in future planning and development decisions—and inform the new Local Plan.

The survey is **anonymous**, takes around **9 minutes**, and covers local services, transport, parks, safety, and your neighbourhood.
