

TECH QUEST

**UNLOCK THE WORLD.
BUILD THE FUTURE.**

 **CRACK CODE
CHALLENGES**

 **USE SENSORS
TO SOLVE PROBLEMS**

 **DESIGN SMART
SYSTEMS**
with micro:bit

 **EXPLORE
GLOBAL TECH
VAULTS**

 **EARN SKILL BADGES
+ MISSION STAMPS**

Registration will begin March 9th

Students in Grades 6-8 explore vaults around the world, using coding, sensors, and a handheld computer to tackle real-world challenges. Students design, test, and improve solutions while building confidence, problem-solving skills, and an understanding of how technology shapes the world.
