Trustee Inquiry/Question/Request	Answer			
What is the replacement process, cost, and turnaround time for Centegix badges?	<p>An extra 10% of badges are provided to each site. Staff counts will be collected at the start of the onboarding process. For badges that do not work or are close to a dead battery, there are two options:</p> <ul style="list-style-type: none"> -Ship them back, and new ones provided at no extra cost. -Internally, the site can change out the batteries, and shipped replacement batteries and battery-changing kits are provided. No additional fees. <p>Lost badges cost \$20.</p>			
What is the Centegix badge training for staff?	<p>District and Site Responders (anyone overseeing safety) will undergo 75-minute training with an ex-educator per location/site (including a 6-minute video).</p> <p>All other staff will be trained using the train-the-trainer method, usually during a monthly staff meeting.</p>			
What are the funding source percentage costs for Centegix?	2025-2030	ELOP	Measure M	General Fund
	Total	\$ 453,125	\$ 227,020	\$ 652,575
Can you please clarify for the board and the community whether individuals who were not reelected at one site can seek employment at another site within MCSD?	<p>Yes, an employee can apply to an open position posted in the district and go through the hiring process.</p>			
Where can the Certificated Evaluation Handbook be found?	<p>The certificated evaluation handbook is available on our website in the Human Resources section.</p>			
Student screen time.	<ul style="list-style-type: none"> Students in grades TK–1 use iPads in the classroom, while students in grades 2–5 use Chromebooks during the school day. Each student in grades 6–8 is assigned a device that they take home and bring back to school each day. <p>Currently, we are unable to generate cumulative screen time reports for iPads, as</p>			

	<p>this data is only available at the individual device level. For Chromebooks, we use “active window” time as an estimate of student screen time. The reporting platform automatically defines off-campus hours as 5:00 p.m. to 7:00 a.m., and this timeframe cannot be adjusted.</p> <p>A snapshot of average screen time between January 4, 2026, and February 21, 2026. During this period, students in grades 2–8 actively used their devices for an average of 0.93 to 1.40 hours per day. For grades 2–5, on-campus daily usage averaged between 56 and 75 minutes. Occasionally, teachers send devices home for projects; however, recorded off-campus usage was under one minute, likely reflecting brief device activity while still on school grounds. For grades 6–8, average daily usage on-campus ranged from 78 to 84 minutes. Average daily usage off-campus was 18 minutes.</p>
