Re: January 2026 Treasurer's Report
Date: April 6, 2026

Attached are financial reports for January 2026. Below are explanations of major variances compared to the prior year.

Local revenue is approximately \$7,672,000 greater than the prior year, primarily due to an increase of \$7,129,000 in real estate tax revenue. This reflects the impact of a 4% tax rate increase and assessed value growth. Interest on investments, earned income tax and payments in-lieu revenues are also greater than the prior year by approximately \$594,000, \$457,000, and \$241,000, respectively. Real estate transfer tax and rental income revenues are also greater than the prior year by approximately \$178,000 and \$80,000. Interim real estate tax and other tuition revenues are less than the prior year by approximately \$862,000 and \$111,000, respectively. All other variances can be attributed due to timing of receipts.

State revenue is approximately \$608,000 greater than the prior year. Retirement and social security revenues are greater than the prior year by approximately \$442,000 and \$89,000, respectively, because of increased salary expenditures. Basic education subsidy is greater than the prior year by approximately \$139,000. Property tax reduction revenue also increased by \$327,000. Other State (PHEAA Student teacher stipend) and charter school tuition revenues are less than the prior year by approximately \$230,000 and \$60,000, respectively, due to the timing of receipts. Safe Schools revenues are less than the prior year by approximately \$85,000. Federal revenue is less than the prior year by approximately \$186,000 primarily due to the timing of Title and Medical Assistance funds.

Expenses are greater than the prior year by approximately \$6,009,000. Personnel expenses are greater than the prior year by approximately \$4,363,000. Salaries and benefits increased by \$2,138,000 and \$2,225,000, respectively. The increase in salaries is reflective of contractual salary increases and additional positions added in the 2025-26 budget. Benefits are primarily reflective of increases in health insurance, PSERS, and social security employer contributions of approximately \$1,120,000, \$883,000, and \$144,000, respectively, due to salary and rate increases. Non-personnel related expenses are greater than the prior year by approximately \$1,646,000 primarily due to higher funds transfers of approximately \$1,061,000 while the remaining differences between years can be attributed to timing and inflation.

On a monthly basis, actual revenue and expense by detailed lines are compared to budget and prior year actuals. The budget column represents the full year, therefore, each month we look at the receipts or spending to date as a percentage of the total budget, taking into consideration known variations in the timing of each line.
