CAPSTONE UPDATE:

Business CAPSTONE is at the heart of Siembra's entrepreneurial mission. Our students learn to apply their skills to real-world endeavors as they navigate creating their own businesses in the Albuquerque community.

Siembra students at Jackson MS judging the Entrepreneur Challenge shark tank.

Wednesday workshop basic accounting, money management and tax talk. And a little bit of mentorship after.

CBEL UPDATE:

This year we decided to introduce something new to our entrepreneurial-based curriculum - Community-Based Entrepreneurial Learning. Or CBEL, for short.

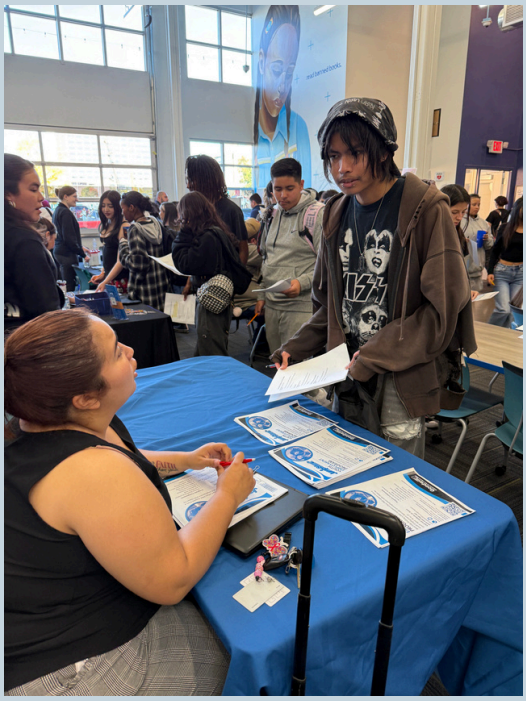
CBEL time is all about introducing our students to the professional Albuquerque community, expanding their network, and work experience.

The goal of CBEL? To give our students time DURING school to explore careers within the community.

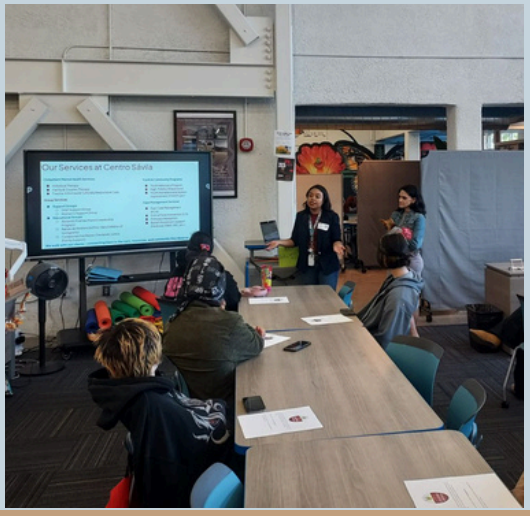
Let's take a look at what our students get up to during this time:

Junior Achievement - at Presbyterian Training Facility.

Our very own student on the job providing info to other students about FFE internships.



NM Workforce Solutions - Pre Apprenticeships program presentation.



Centro Sávila Social Work Presentation.

Next Chapter Fair AKA College & Career Fair.

Shark Shenanigans
