The Davidson County Schools Board of Education believes all students and employees should be free of unlawful discrimination, harassment, including sexual harassment, and bullying as part of safe, orderly and inviting learning/working environments. The board is committed to nondiscrimination in all educational and employment activities and expressly prohibits unlawful discrimination and harassment on the basis of race, color, national origin, sex, pregnancy, religion, veteran status, age or disability. The board prohibits retaliation against a student or employee exercising rights made available through state or federal law, including prohibiting retaliation for reporting violations of this policy. Policy violation is serious; appropriate action will be taken in response. Students and employees are advised that if conduct prohibited by this policy is established, disciplinary action will be taken, up to and including termination (for employees) and suspension (for students).

State law and the federal Elementary and Secondary Education Act require Report Cards for every local school, every school district, and for the state.

The letter grades are based on student performance (80 percent) and academic growth (20 percent).

Calculations

A method established by the State Board of Education will convert each school's point total into a corresponding score on a 0-100 point scale; various ranges on the point scale continuum then translate to a letter grade as follows:

2013-2014 Data (15 point scale)

85 - 100 = A
70 - 84 = B
55 - 69 = C
40 - 54 = D
0 - 39 = F
