### MARTIN UNDERGROUND

We're looking for highly motivated individuals. Looking to take the next steps in the underground trades. Ask me about the benefits of joining Martin!

### FUTURE

You will be prepared for your Journeymen licensing all while earning while you learn with Martin!

**Frequently asked Question and Answers:**

Q: What are the classroom hours?

A: In the classroom, you will be learning basic construction skills and math, heavy equipment operations, and your rules and roles in the environment. There will also be labs.

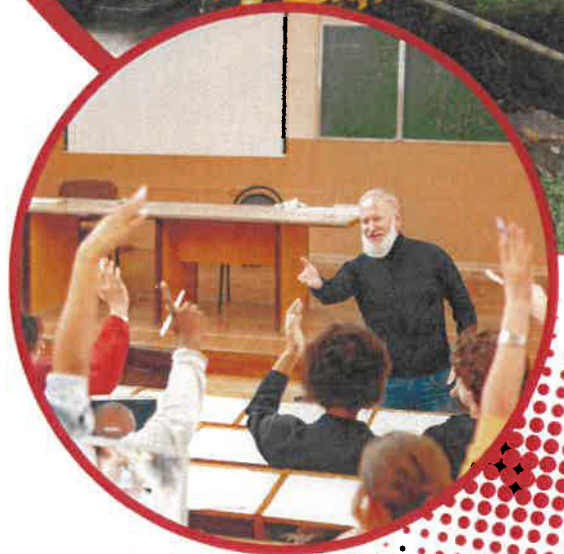

Q: What is the deadline for enrollment?

Enrollment is July 1st-31st. Classes will start August 13th and end April 29th.

Q: Will the students be paid for on the job hours?

A: Yes, students will be starting out at \$18 and can make up to \$32. As an operator we will sometimes work prevailing wage jobs and with those the per hour rate will increase as listed below:

Operating Engineer	\$61.77
Group I	
Group II	
Group III	
Group IV
