Volunteer With Hofstra's REACH Program!

What is the REACH Program?

Hofstra's REACH Program gives children with educational accommodations the chance to enjoy summer camp in a safe, inclusive environment--right alongside their peers.

As a REACH Volunteer, you'll:

- Work **1:1 with a camper** to support their daily activities
- Encourage participation in games, projects, and social interactions
- Help your camper feel comfortable, welcomed, and included
- Communicate with staff if extra support is needed
