

Personal Curriculum Request Form

A Personal Curriculum allows students to tailor their high school experience in a way that better aligns with their post-secondary goals. There are many paths a student can take after they graduate high school, and the personal curriculum is one way the District helps students access the coursework they need for their next step. The Michigan Department of Education has more information on the personal curriculum options and their requirements.

There are four types of personal curriculum:

- Algebra II Modification: Allows reduction in required Algebra II coursework when specific academic criteria are met.
- Additional Coursework: Allows students to replace certain required courses with courses from other content areas or CTE programs.
- Transfer Students: Allows students who transferred from a non-public or out-of-state school to modify required courses to meet their needs.
- IEP Students: Provides flexibility for students with an IEP to modify required courses to align with their post-secondary goals.

If you would like to request a personal curriculum for a student, please reach out to the student's counselor directly or complete this form and submit it to the student's counselor.

School: _____

Student Name: _____ Date: _____

Parent/Guardian Name: _____

Parent/Guardian Email and Phone: _____

Parent/Guardian Name: _____

Parent/Guardian Email and Phone: _____

Describe the changes you would like to make (optional):

Students Rise. We all Rise
