

2026-2027 Budget Draft Update

Investing in Students, Strengthening Our Future

March 19, 2026

Mission

The mission of the Highland Falls-Fort Montgomery Schools is to provide enriching, safe and meaningful educational experiences that builds a strong foundation for our diverse student body.

Vision

The HFFMCSD is a school community focused on developing students as lifelong learners equipped with critical thinking and problem solving skills necessary to navigate and shape the future.

Core Beliefs

We will consistently and effectively achieve our vision and accomplish our mission if in all of our work we demonstrate the following core beliefs:

- Focus on the needs of each student and create opportunities to ensure equity
- Foster engagement, collaboration and a sense of belonging for all school community members
- Take collective responsibility and make thoughtful decisions based on best practices
- Uplifting all student voices is fundamental to creating a welcoming and nurturing environment
- Promote safety, health and wellness for the developmental growth of our community
- Consistently prioritize efficiency and affordability, while also striving for excellence
- Embrace curiosity, connection and critical thinking

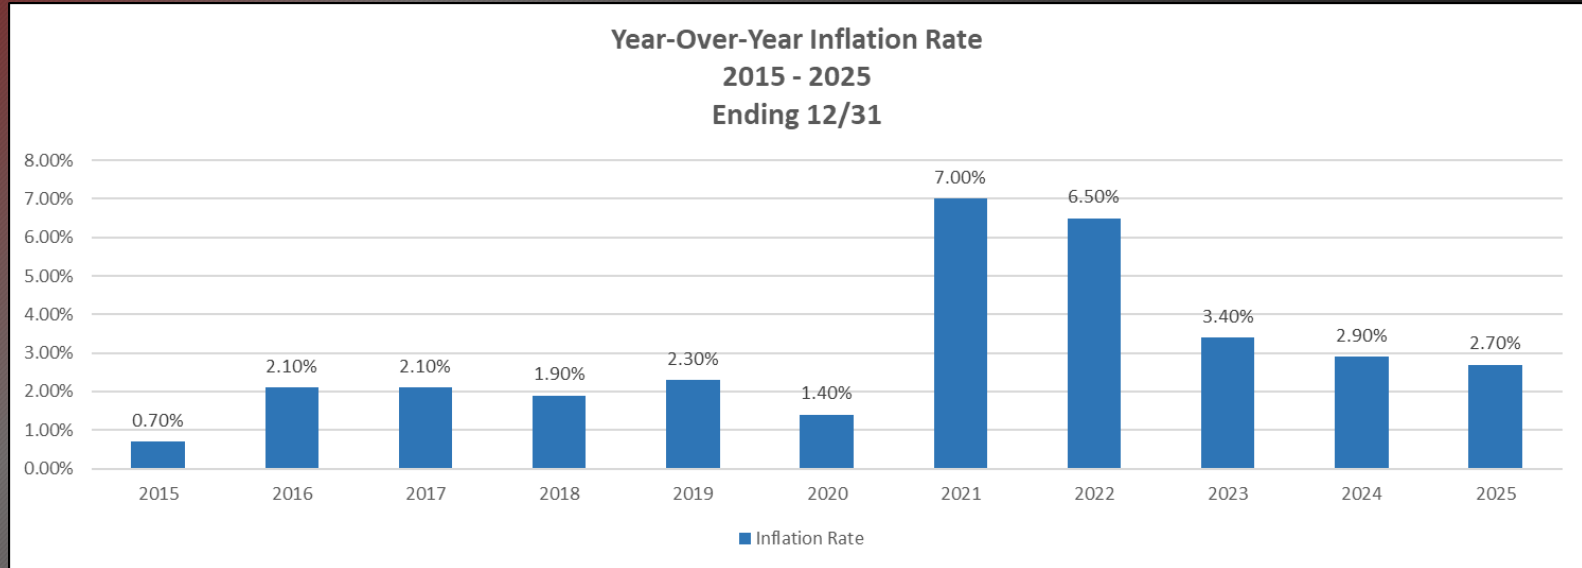

Context for 26-27 Budget Planning

- In line with the district's core beliefs, budget planning is done in a fiscally responsible manner
- Factors outside of our control present unique challenges for our district:
 - Inability to tax more than 7% of district land
 - Rate of inflation
 - Federal Funding Flat over the last 10+ years → Not keeping up with inflation
 - Tuition based revenue has decreased in the last 5 years
- These factors continue to lead to budget constraints across the district.

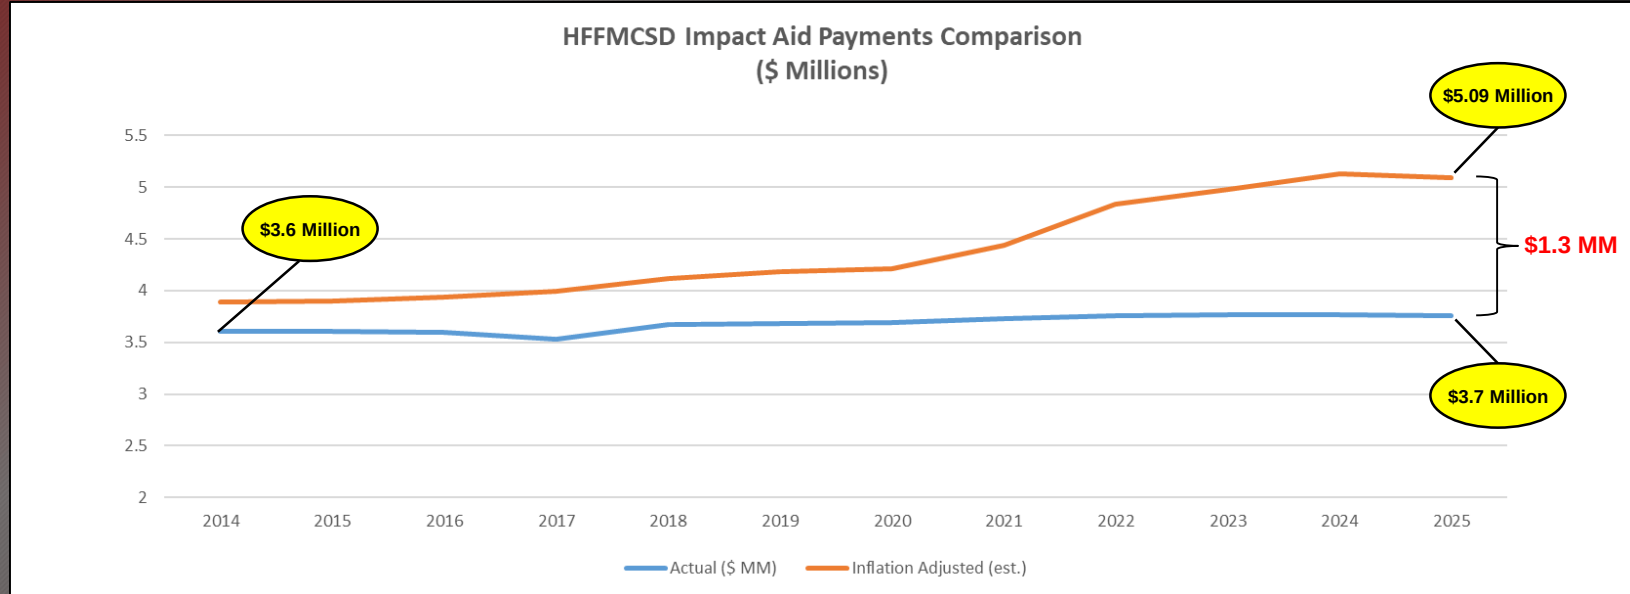

Inflation Rate - Last 10 years

- Post-pandemic, the US Inflation Rate has been at least double what it was pre-pandemic
- While trending down now, prices continue to rise on top of severe increases in 2021 and 2022.

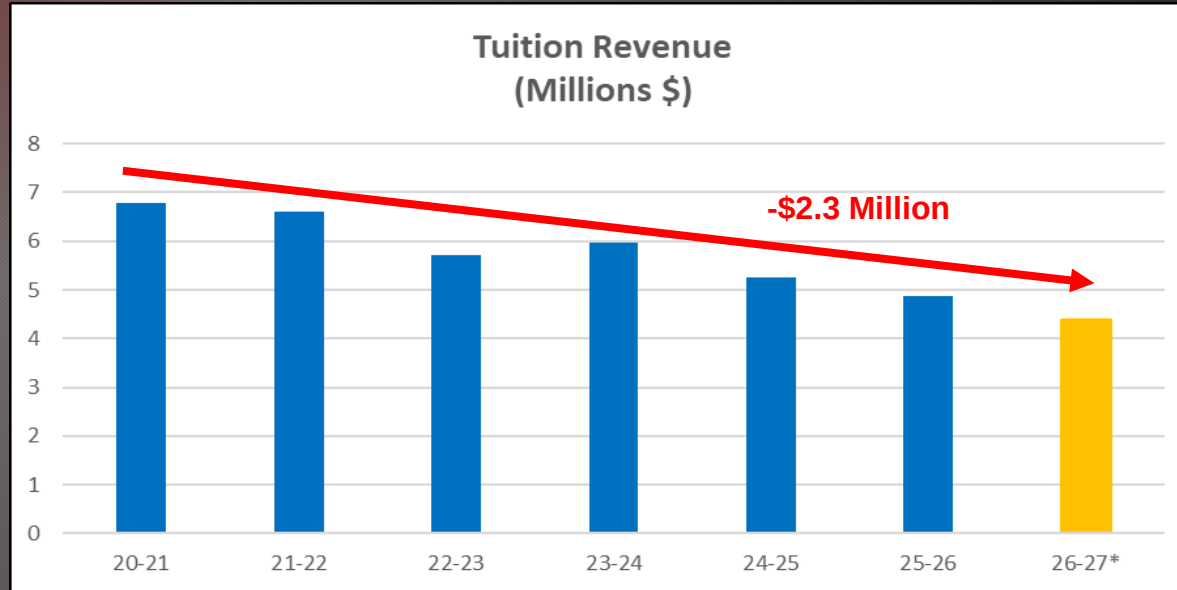

Federal Funding of Impact Aid has not kept up with Inflation

- In 2025 alone, there is a gap of approx \$1.3 Million between actuals and the inflation adjusted estimate
 - Additional funds could have been realized by the district in preceding years
- This only accounts for the current Impact Aid funding level, not potential payments if it were fully funded.

Tuition Based Revenue Declining

*26-27 based on March 2026 Budget Estimate

- Contract changes and declining enrollment have driven this down in recent years

Updates Since 3/5/26 Presentation

- NYS Legislature “One House” Budget Proposals Released
- Fund Balance Review
