<b>Previous Minutes</b>		5/19/25 Minutes approved		
<b>Minutes 4/16/26 meeting called to order at 3:00 pm</b>	Donna/Janel	Donna informed the members that Deb Gove couldn't be here today but Deb wanted to express a concern about the NABC disinfectant use in Emerson and that the staff was wondering if it was possible to switch to a hospital hydrogen peroxide cleaner		Janel will look into this and Janel will follow up with Deb or we can discuss it at our next meeting
	Donna/Janel/Rebecca	Janel shared the incident reports since the beginning of the year and we have 29 reports. Trips, Falls, student interactions. Janel shared that Primex is now able to print the data and reports without sharing any private information so that schools/towns can share with their JLMC committees		Janel shared the Primex report by email
	Becky	Becky informed us that she heard about a Nashua school that actually got parents involved in a reunification drill practice and it helped with the way it all flows. The evacuation process to leave a school to go to a different location is extremely important and to have input and volunteers and family members involved in the practice (would make the real event smoother)		
	Donna, Todd, Amy	Talked about the elementary school construction and how the new rooms are coming along and asked if there are any safety concerns. Todd informed us that there were concerns about vehicles and the construction workers smoking but it looks like it got better. He also talked about the church on route 12
