Voted to approve social story board Menstruation video. The video will be sent to the Board of Ed in June

For-18, Against-0, Abstain-0

Puberty information for boys included social, emotional and physical. Nothing specific was presented.

3-D models were proposed for middle and high school health teachers

Meeting health teachers feedback: this would help students visualize better than current 2-D black and white models

Will research educational sources for next meeting

Vote will occur next meeting on 3-D models

5. New Health Framework Updates and Framework

Public comment for new health framework ending

2/24 is the presentation of curriculum to the state board for all curriculum

If approved may be implemented or phased in the 27-28 school year

6. Committee feedback Required:

Serving on the committee is a two year commitment, If you are not able to finish the next year of service, please let Bill Vandegrift know at the 4/16 meeting or by email
