How it works

Just like a doctor's visit, but online. No video required.
No apps to download. No waiting.
That's virtuwell – your 24/7 online clinic.

Step 1

Answer a few questions

We guide you through questions online that are straightforward and easy to answer. We'll ask about your symptoms, medications and allergies too.

Step 2

Diagnosis by real people, really fast

Board-certified nurse practitioners review your answers, make a diagnosis and recommend the care you'll need. Prescriptions are sent to your favorite pharmacy.

Step 3

Payment & insurance

Just enter your credit card, and insurance information if you have it. We'll submit the insurance claim for you.

Step 4

Start feeling better

That's it! In about an hour, you'll get a text and email the second your treatment plan is ready. Questions? The nurse practitioners are available by phone around the clock to help.

OH-SO GUARANTEE SIMPLE

Our customer service team is always available to listen and help. If you aren't satisfied, for any reason, we'll refund your cost. Because we believe happiness is a big part of good health.
